"Not a film, but a real-life story – raw & rustic!"

Kudos to the entire team for capturing the reality without compromising anything, from the title cards to the end credits. ■

The film is told in flashbacks & largely revolves around fabricating stories & playing the victim card. The so-called sleeping Hindus and secular Hindus would be relieved by this film. ■

Our Hinduism may be everlasting, but if it is not awakened, it might vanish from the face of the earth. On top of that, the situation in Kashmir Valley during the 1990s was so bad that Hindus had to get permission from Mujahideen terrorists even for cremations. ■

It Purports :- APPEAL TO
 ALL MUJAHEED
 BROTHERS— 'I appeal to all
 Mujaheeds that my father
 passed away in August this
 year. According to Hindu
 religion it is incumbent upon me
 to go the HARIDWAR to
 perform the last rites of my
 deceased father and immerse his
 ashes in river 'GANGA'. The
 rites are to be performed
 between 1st and 21st December
 1990. Therefore, I request to
 permit us to go to Haridwar and
 return to the valley, and there
 will not be any kind of
 hindrance in our performing the
 religious rites. Hope that we
 shall be allowed to leave the
 valley for ten days.

Due to the hardship endured by local Kashmiri pandits and fellow Kashmiri Hindus, Kashmir, once the country of Rishi Kashyap, lost everything to fellow J!h@d!\$ overnight. Losing physical land is not the same as losing some property in the Sanatana Hindu Dharma. ■

As the land is destroyed, so are all of the scriptures, traditions, priests, and the entire ecology of enlightenment associated with each location.■

Every character development is fantastic, and characters like Pushkar, performed by Anupam Kher, have given the heart and soul, or to put it another way, "getting into the character's skin."■

Pallavi's character, Arundhati Roy, has provided rationale & appreciation to the casting staff for casting her in what I would classify as an "author-backed part." Another important character performed by "Chinmay Mandlekar" is "Yasin Malik," & his performance is outstanding.■

Leaving that aside, it takes bravery to make a film about the massacre of Kashmiri Pandits in the face of the fact that the majority of D wood sympathizers will wreak havoc. ■

Yes, the problem began with the film's release, & I recently saw a few videos in which they caused problems during the film's screening because they had written the truth that the film was about "!!\$!@m!c Terr0ri\$t\$",■

but that doesn't stop us from screening the film, which we are doing in packed theatres. On a more realistic note, this occurred in broad daylight 30 years ago, and we were not even alerted of the genocide for almost decades.■

When Modi became Prime Minister, a complaint was filed in the Supreme Court, but the case was eventually dismissed since there was no proof available.■

With the release, they have revealed the truth, which is shattering all records around the world. D film is a must-see for all Indians, who must be awakened at least now, or else we may have to witness new genocides like those that occurred in 1990 in a few years. [@vivekagnihotri](#)
