Apparently the DSS had knowledge of an impending terror attack on the MKO Abiola stadium during the game and all they did was write a memo pinning it on IPOB (their usual punching bags) in advance, and they WENT AHEAD WITH THE GAME.

Buhari didn't attend the game did he?

IMMINENT THREAT OF EXPLOSIVE ATTACK ON M.K.O ABIOLA NATIONAL STADIUM BY IPOB

Intelligence available to the Service indicate imminent attack on M.K.O Abiola National Stadium, Abuja by members of the proscribed Indigenous People of Biafra (IPOB) using prime improvised explosive devices on 29th March, 2022. The attack was hatched to target the return world cup qualifiers match between Nigeria and Ghana, aimed at causing maximum casualty and embarrassment to the Government, thereby drawing local and international attention to the secessionist agenda of the dissident group.

2. In view of the foregoing coupled with the planned attendance of President Muhammadu Buhari (GCFR) and other important dignitaries to honour the national team, there is the need for adequate deployment of counter security measures before and during the slated match with a view to preventing, detecting and neutralizing the threats.

3. The foregoing is forwarded for your kind information and necessary action, please.
