● From Above Evidence its clear that Hindu Word Existed Even Before Birth of Islam & Christian

Now Let's Bust this Claim of Wikipedia & Others that

The term "Hindu" traces back to Old Persian which derived these names from the Sanskrit name Sindhu (■■■■■■), referring to the river Indus.

Let's Take Help of Our Puranas & Vedas for this.

[6/N]

The word Hindu has been mentioned in the Brihaspati Chapter of Rigveda as follows

“■■■■■■ ■■■■■■■ ■■■■■ ■■■■■■■■■■■■ ■ ■■ ■■■■■■■■■■■■ ■■■■■ ■■■■■■■■■■■■■ ■■■■■■■■■■■■

(■■■■ ■■■■ ■■ ■■ ■■■■■■■ ■■ ■■■■■ ■■■■■ ■■■■■■ ■■ ■■■ ■■■■■■■■ ■■■■ ■■ ■■■■■■■■■■■ ■■■■■ ■■■ ■)

[7/N]

The Achaemenid Empire, also called the First Persian Empire, was an ancient Iranian empire that was based in Western Asia and founded by Cyrus the Great in 550 BC

Our Vedas are Much more Older then all these Persian Empire ■

So this theory is badly lost the battle

[8/N]

Where is the Oldest RigVeda in Written form ?

It's in British Library as per their Statement it's dates to between 1500 and 1200 BCE.

So scientifically also Persian theory Fails to win Battle ■

Let's Understand What Does Hindu Means asper Our Puranas

(■■■■■■■, ■■ ■■■■■■■■■ ■■ ■■■■■■ ■■ ■■■■■■ ■■■■ ■■■■ ■■ ■■■■■■■ ■■■■ ■■■■■ ■■■■ ■)

To the North of the Ocean & to the South of the Himalayas, lies the Bharat-Varsh.There live the descendants of Bharat.

[11/N]

The Concept of Hindu & Hindu Rashtra is as Old as Our Vedas

People say Veda is 5000 years old But this is also another Base less Claim

We all Knows Vedas are Existed from the Time of Satya Yuga

Se Picture to Understand Concept Of Yuga & Kalpa
