5 FREE React Courses If You're Just Starting Out

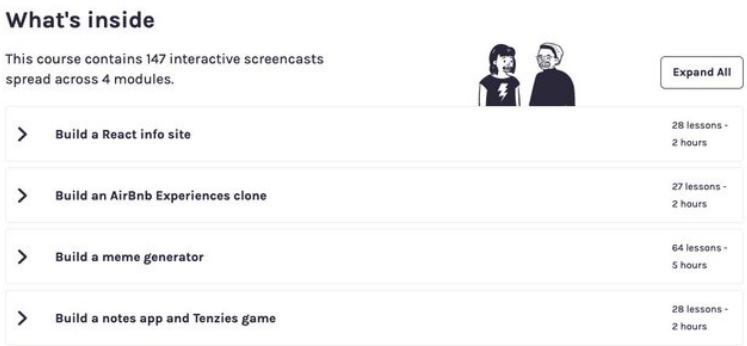

■ ■

1■■ Learn React for free

11 hour-long course, completely free from @bobziroll.
Contains 140+ interactive coding challenges and 9 projects!

■ https://t.co/MiiDlEzCTS

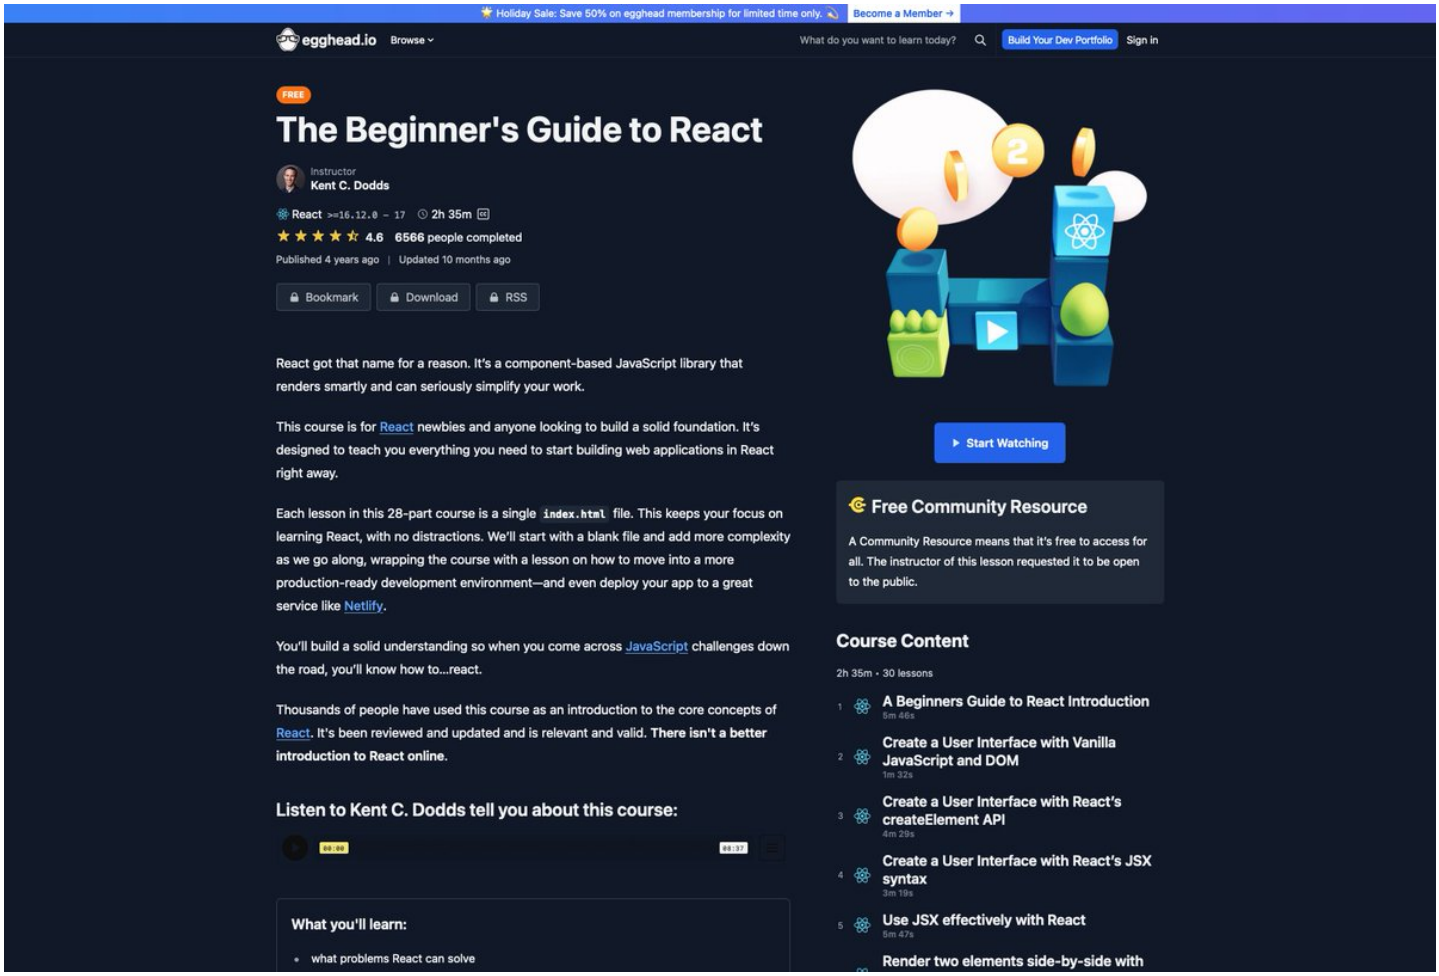

@bobziroll 2■■ The Beginner's Guide to React

No BS, React only course, working with a single HTML file through all the 28 lessons.
@kentcdodds is my favorite teacher in the React community. Check out his other courses, newsletter, etc you won't regret it ■

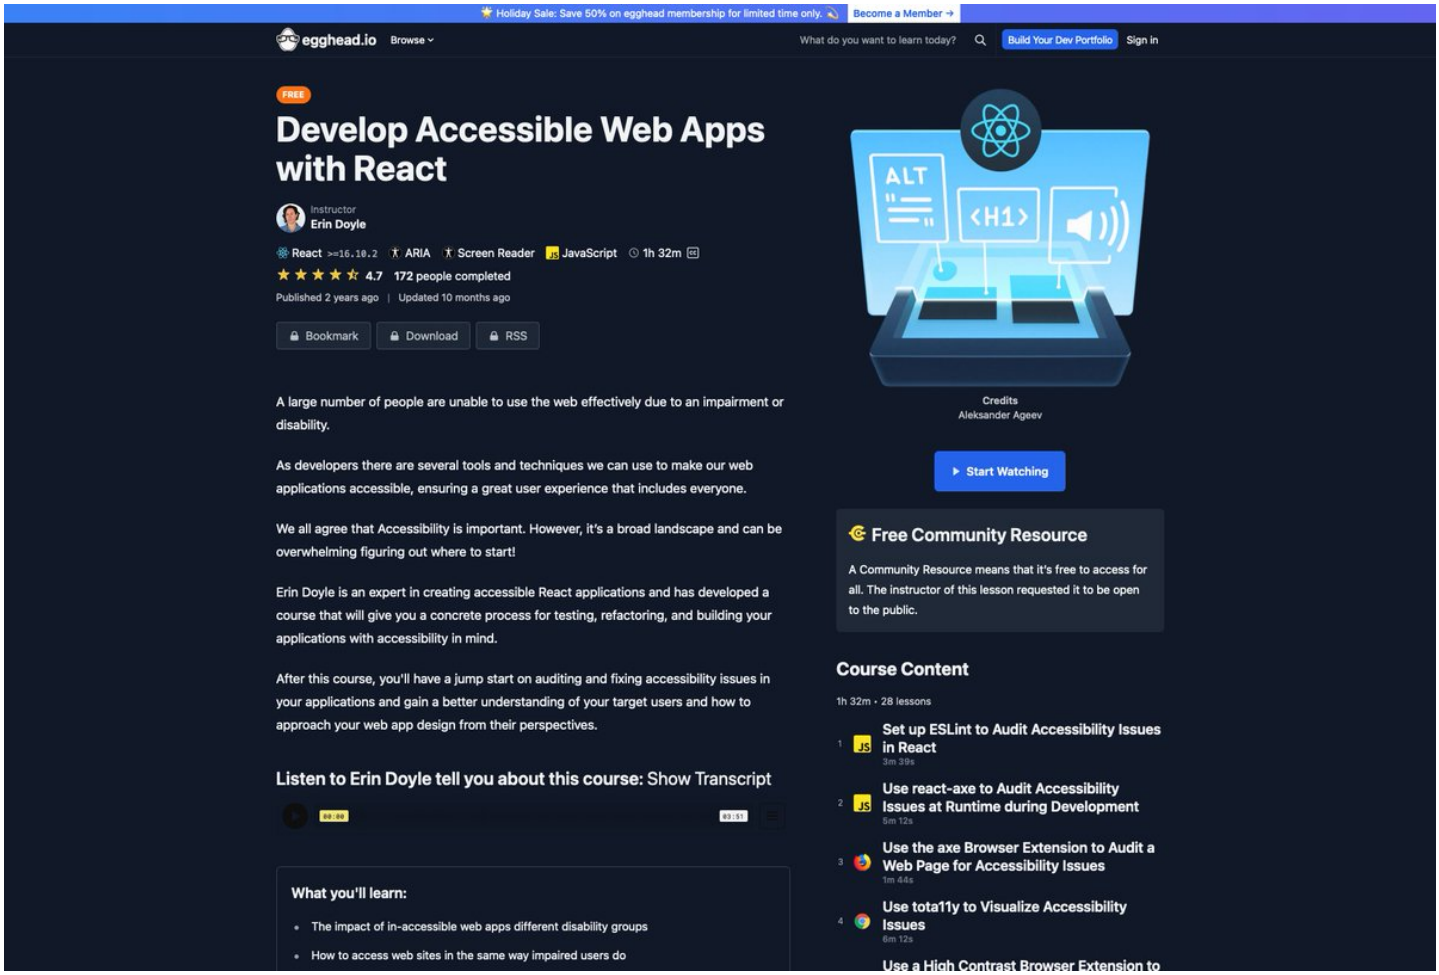

■ https://t.co/tp2fwXKiNX

@bobziroll @kentcdodds 3■■ Develop Accessible Web Apps with React

@SunshinyDoyle is an expert in creating accessible React applications. This course will give you a concrete process for testing, refactoring, and building your applications with accessibility in mind.

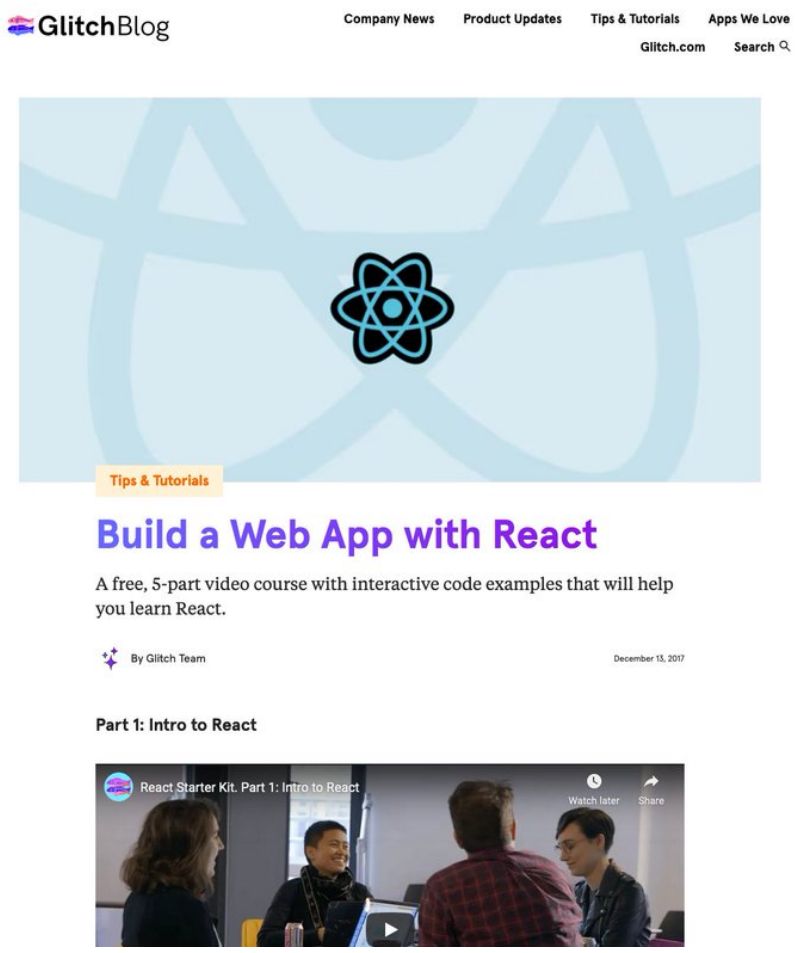

■ https://t.co/CNu38E7wtT

@bobziroll @kentcdodds @SunshinyDoyle 4■■ Build a Web App with React

A free, 5-part video course with interactive code examples that will help you learn React from @glitch.

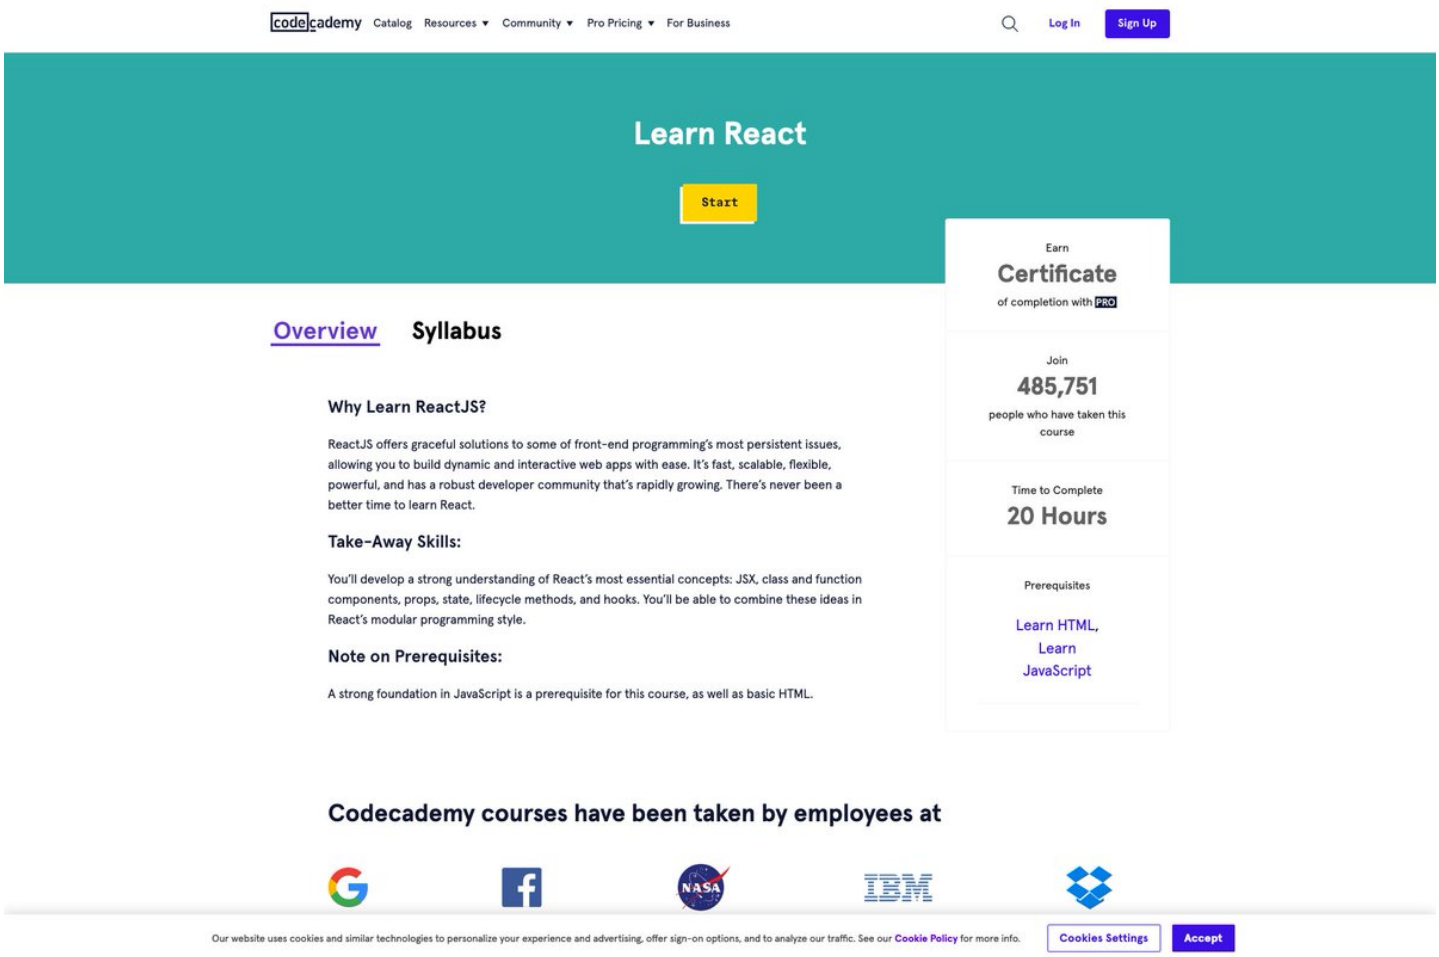

■ https://t.co/soDxDbwnvt

@bobziroll @kentcdodds @SunshinyDoyle @glitch 5■■ Learn React

Learn how you can build powerful interactive applications with React.
A strong foundation in JavaScript is a prerequisite for this course, as well as basic HTML.

■ https://t.co/LA5LQL0rdw

@bobziroll @kentcdodds @SunshinyDoyle @glitch Want to build an outstanding dev portfolio?

I compiled my experiences with portfolio project building into a guide, check it out■
