INC leader & singer Sidhu Moosewala's last song "SYL" hits 16mn views in 20hrs. The lyrics & visuals are about disputed SYL Canal which dangerously provokes violence, glorifies terrorism, & fuels the fire of 'self-sovereignty' in an already struggling nation with anarchism.

1/

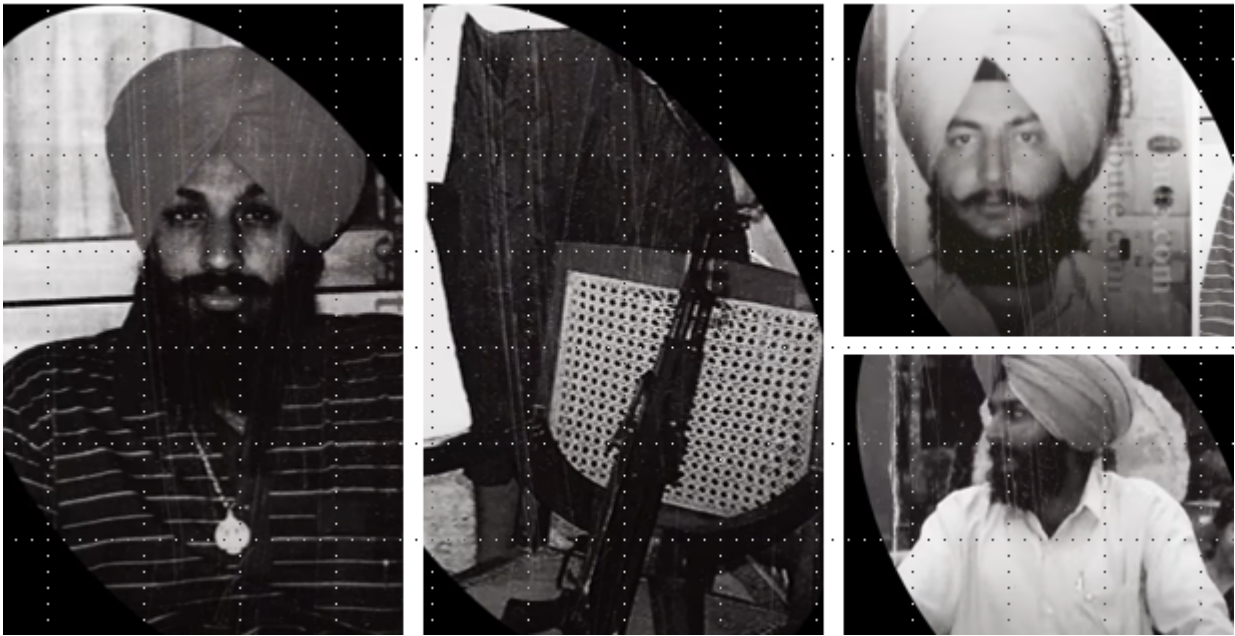

The lyrics are "until you satisfy our sovereignty, forget about water, we won't spare a drop of water (of rivers of Punjab)".

Note that the Sutlej Yamuna Link project offers Ravi & Beas water sharing between PUN & HAR, which was inaugurated by Late PM Indira Gandhi in 1982.

2/

The project has bloodied history of protests & killings in 80's, the peak of Khalistan & Bhindrenwala. The song warned "If govt won't back off, Jathana will come again", referring Babbar Khalsa terrorist Balwinder Jathana who killed 2 SYL engineers in Chandigarh in 1990.

3/

Jathana, Lf Gen of trr outfit of Malwa region had reward of 16Lac on his head was hailed as a "hero" of the community. He was encountered by cops in 1991, same year 4 of his family members & compliance were burnt alive allegedly by cops with help of a neo-Nihang Poohla.

4/

Song took a jibe at AAP ("Topi" shouldn't mess with "Turban") but aimed at the govt referring to that time of INC. Note that Akali leader Longowal who signed Peace Accord (including SYL) with Rajeev Gandhi was assassinated by Kh terr0r!st Gian Singh Leel within a month.

The entire song has disturbing visuals of insurgency in Punjab and even graphics that show blasting at the canal.

The feat in between is Punajb actor Deep Sidhu's 26th Jan pro-Kh speech along with visuals of the flag hoisting at Red Fort during 26-Jan Farmer protest in Delhi.

7/

The song ends with the infamous speech in the background of Satyapal Malik who threatened that govt should not mess with S!khs as "they never forget". They k!lled Indira Gandhi, Gen Vaidya (who run Operation Blue Star), Gen Dyer (Jalianwala Bagh).

8/

Song hailed SYL as a "causative agent" for the 1984 S!kh genocide led by INC leaders, targeting Rajeev & Indira Gandhi in ways but Rahul Gandhi who wrote a tribute to Moosewala obviously won't utter a word against such anarchist FoE as it goes against his popular sentiments.

@RahulGandhi

Deeply shocked and saddened by the murder of promising Congress leader and talented artist, Sidhu Moosewala.

My heartfelt condolences to his loved ones and fans from across the world.

This entire historical mess is a product of blunders by Indira Gandhi, Sanjay Gandhi & Giani Jail Singh, followed by Ops Blue Star, deadly genocide & assassination of a PM.

Read an excerpt of Longowal's interview with Madhu Kishwar.

"Giani Zail Singh gave the slogan of Khalistan, Sanjay Gandhi provided the money and Indira Gandhi helped them. They had Congress backing and they fought the election on the Khalistan slogan. They told the people that if they were elected, they would create Khalistan out of the land that lies between Shyam Singh Atari's samadhi and Jarnail Singh's samadhi. Their plank was that they would give Khalistan to the people."

~Harchand Singh Longowal (2 January 1932 – 20 August 1985) in an interview with Journalist Madhu Purnima Kishwar, two months before his assassination by Khalistani terrorist Gian Singh Leel, 53

Though once a video is out in the digital world, it is almost impossible to censor it, however, [@MIB_India](#) [@Gol_Meity](#) should take a note and censor such provoking expression of art officially that is harmful to the integrity & sovereignty of the

nation.

Amidst the #InformationWar & #InformationDraught in the mainstream, 'The Hawk Eye' is an attempt to fill the void.
