SRI CHAKRA YANTRA

WHAT ARE THE BENEFITS?

Because the intrinsic strength of the Sri Chakra can range from fifty years to five hundred years, it depends on the metal—panchaloha—with which it is now created. It also depends on the Upasaka or Guru performing the prana-pratishta.

That indicates that it will safeguard you whether or not you perform Pooja by keeping it in an auspicious location.

Having stated that, once you perform the Pooja for fifteen minutes every day, we will also email the script because we have previously supplied it to many people.

However, for those who are interested in receiving the Sri Yantram, we will offer the script in either Telugu or English. If you choose to follow the script, it will take you 15 minutes of your valuable time.

I assure you that the Sri Chakram will take care of the entire generation if you have fifteen minutes to spare.

My mother Lalitha, Latithaparameshwari, Lalithasahasranamam, Sri Yantram, and Sri Yantra Pooja are responsible for who I am now.

What is the benefit?

We cannot, however, anticipate benefits from any religious rite. The mind can occasionally stray. Thus, if the Sri Chakram comes to your home, it will only do so if you are intended to receive it. We may have money.

However, there will be some questions before we reach it. Someone will say, "Oh, you'll have to get Deeksha, you'll have to have Madi, you'll have to have Acharam," and you'll be too afraid to buy that.

Even if you do contract it, a common occurrence would be the onset of a mild headache and the mental process of "Oh My God! The source of the headache is Sri Chakram! Hopefully, your neighbor will agree, and you'll work to get rid of Sri Yantram as quickly as you can.

This is all Maya, then.

Therefore, all persons receiving the Sri Yantram were predestined to have the Universal Mother in their homes in the form of a Yantra, which is significantly more potent than a Roopa, in the past janmas.

There might be a physical appeal to Roopa. With Yantra, you'll need to put in a lot of effort to obtain the concentration.

As a result, when it does, a husband and wife's relationship is established. peace throughout the home. Children will advance significantly whether or not you put forth any effort. There won't be a lack of money in your home, depending on your prior karma.

I don't mean the exact quantity of money when I say "money."

It is the degree of happiness you derive from money. DharmikaChintana follows. Vairagya, Gyana, and Bhakti. In the house where Sri Yantram resides, all of these things will flourish.

According to the Markendeya and Brahmanda Puranas, simply gazing at the Sri Yantram is a blessing for the rest of one's life. Suppose you had a Sri Yantra in your home.
