This list isn't exhaustive and I've almost definitely missed people off. Blame it on my damaged brain, not on the quality of their show. Please go and see as many shows as you can of people you've never heard of. Support live comedy.

NB. To all the newer acts who may think I may be someone worth knowing in comedy, I'm not anymore. I used to be a little bit but now I'm just a civilian. Adding me anywhere won't do you any good. X
