The Centre in Thirunelveli comprises multi-disciplinary scientists for the measurements of electric and magnetic fields originating in the near-Earth environment. It is located close to the magnetic equator (the dip angle being 1.75°N) (8.7°N , 77.8°E geographic).

Chidambaram Geomagnetic Centre Of Earth Universe ?

Coordinates of Thirunelveli is 8.73°N 77.7°E, 2 * dfference from Chidambaram at 79° 41 East Longitude.

And this is reason why Chidambaram is called center of Universe.

Chidambaram Temple,Tamil Nadu India is the Geo Magnetic Centre of the Earth/Universe and / center of Geo magnetic equator.

Of the branches of Physics we know very little about Magnetism.

Magnetic field study is evolving and most of them are at a theoretical stage.

As there are references to Chidambaram being the center of the Earth's ? Universe's Magnetic Field I researched.

Chidambaram Temple aerial View.

It is also stated that Lord Nataraja 's big toe is the Centre Point of World 's Magnetic Equator.

Chidambaram ,Kanchipuram and Sri Kalahasti lie in a straight line at 79* 41 East Longitude.

Curious as these happen to be among the Panchabhuta Sthalas, Places of Five Elements, Earth, Water, Fire, Air and Ether.

The temple for water is in Thiruvanaikaval, fire is in Thiruvannamalai , air is in Kalahasti , earth is in Kanchipuram and The temple for space/sky...
