## 10 amazing websites that cost you nothing, but will save you hundreds of hours of your life:

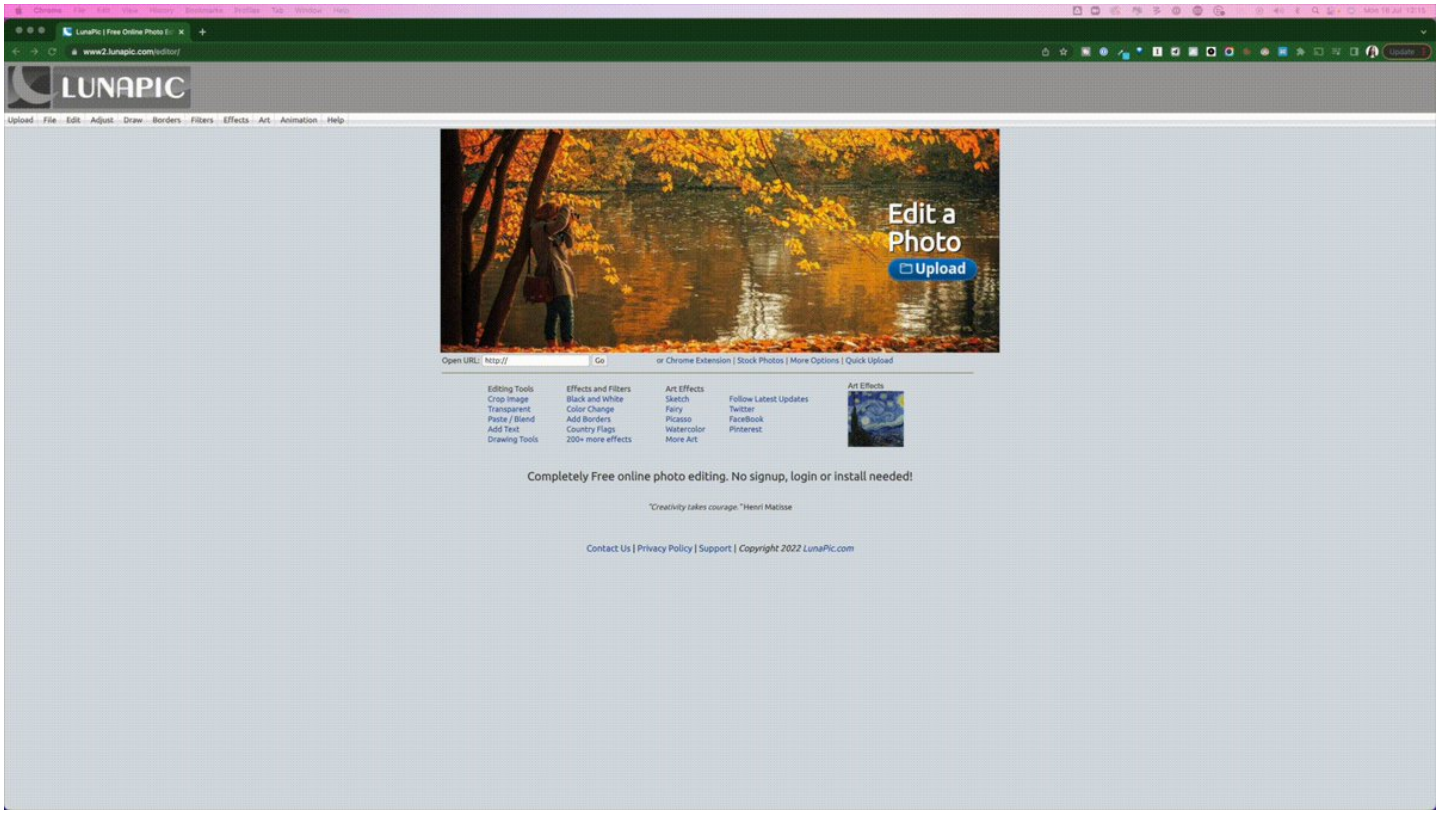

#1: Remove the background from your photo with LunaPic.

https://t.co/4gR4zWZLDe

Free, simple to use, no sign up required.

• Upload your picture
• Choose 'background removal tool'
• Choose the right tool for your pic
• Download

That's it.

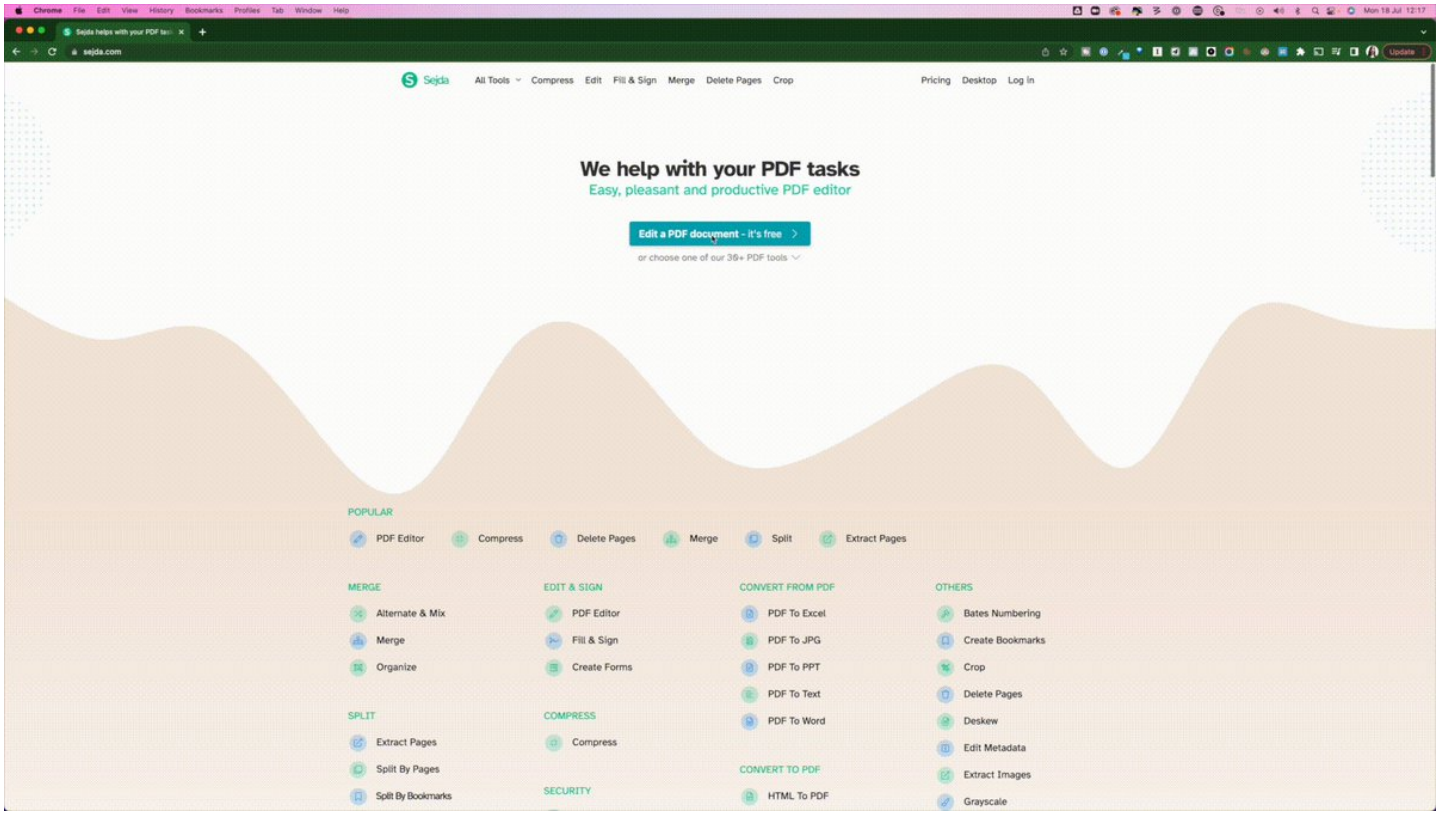

#2: Edit your PDFs online with Sejda.

Can't face using Adobe Acrobat?

https://t.co/UJjjrJM4WW does it all for you for free.

Simply upload your pdf + make changes right away.

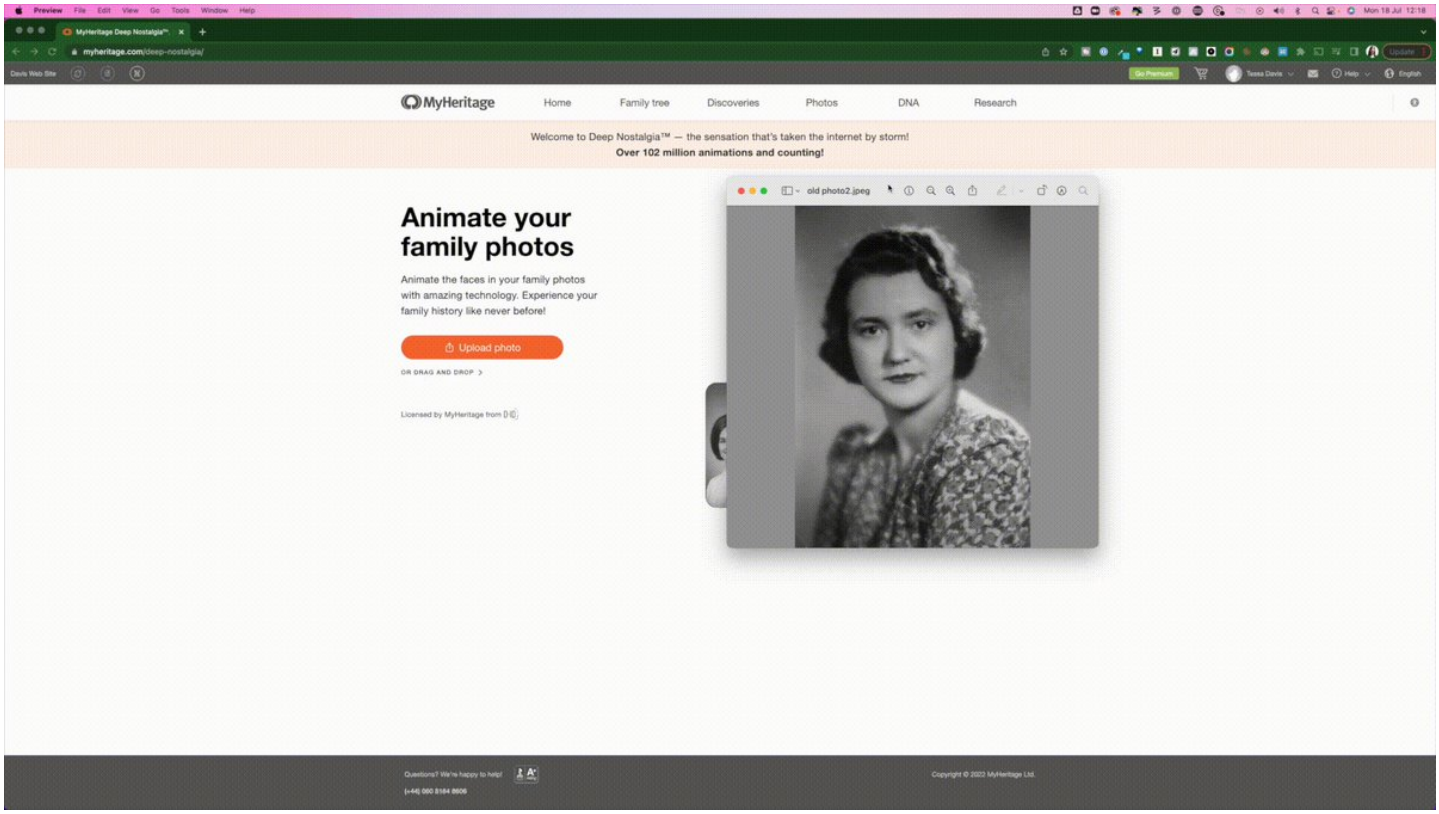

#3: Animate your photos with My Heritage Nostalgia.

Have an old photo of a family member you never met?

Bring them back to life with this:

• Sign up on the site (free)
• Upload your photo
• It automatically animates them

True nostalgia (+ handy for presentations).

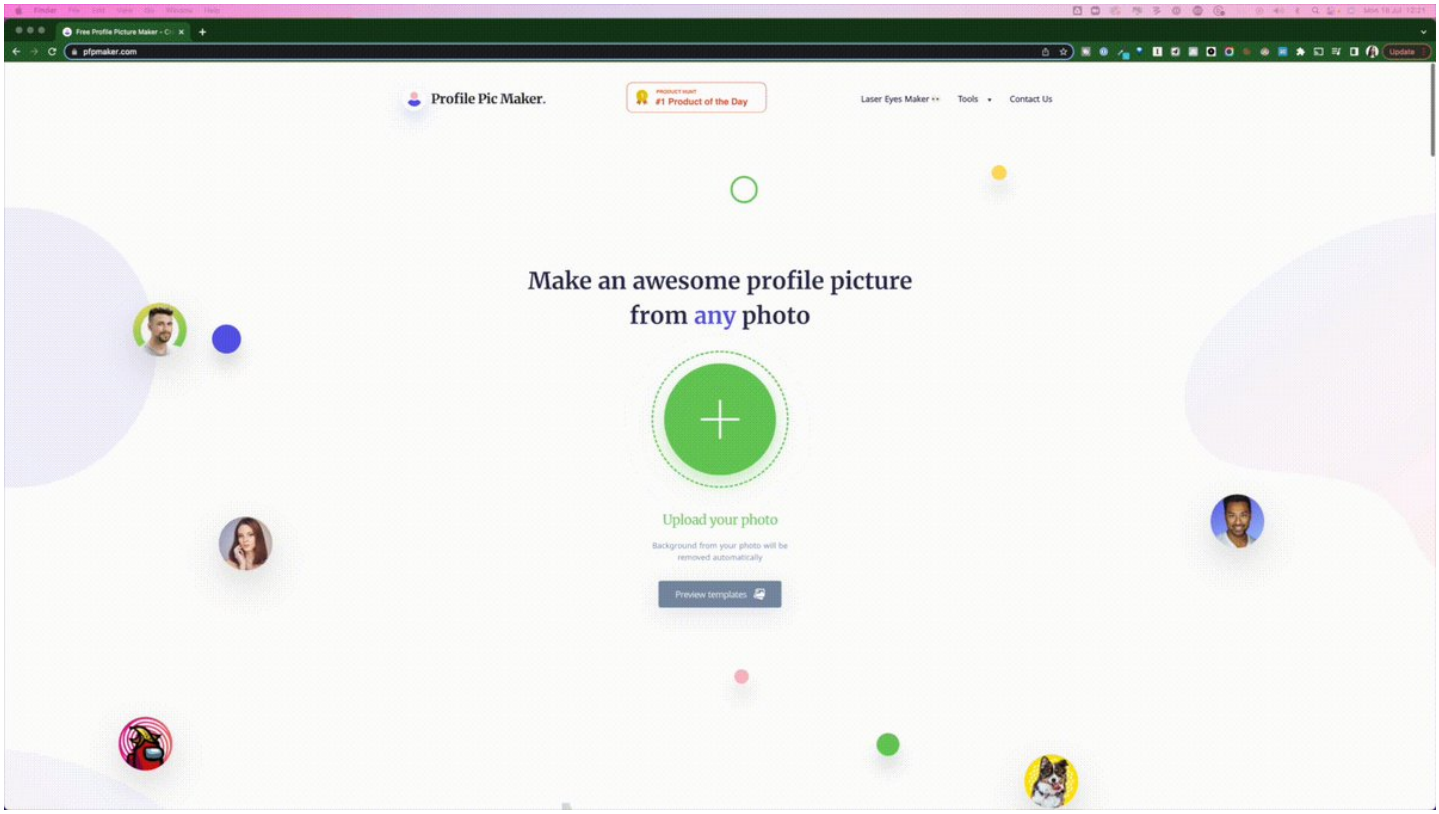

#4: Design your profile pic with Profile Pic Maker.

A free + simple way to design an eye-catching profile pic.

• Upload your picture
• Adjust the size
• Choose a background
• Download it (+ a matching banner)

Now you've got a profile pic to use wherever you need it.

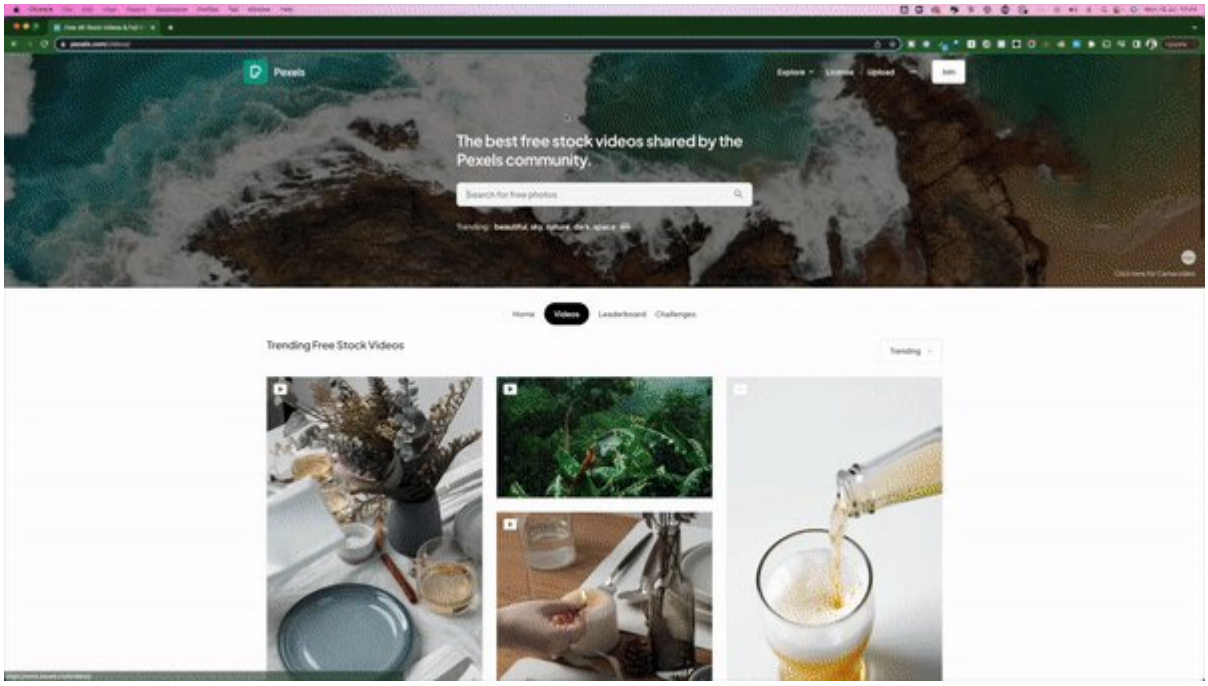

#5: Spice up your presentations with video from Pexels

We all uses images in our presentations.

But videos are the next level to keep your audience engaged.

• Go to https://t.co/vacfrPNeSV
• Choose a video
• Download it

Free to use (attribution appreciated).

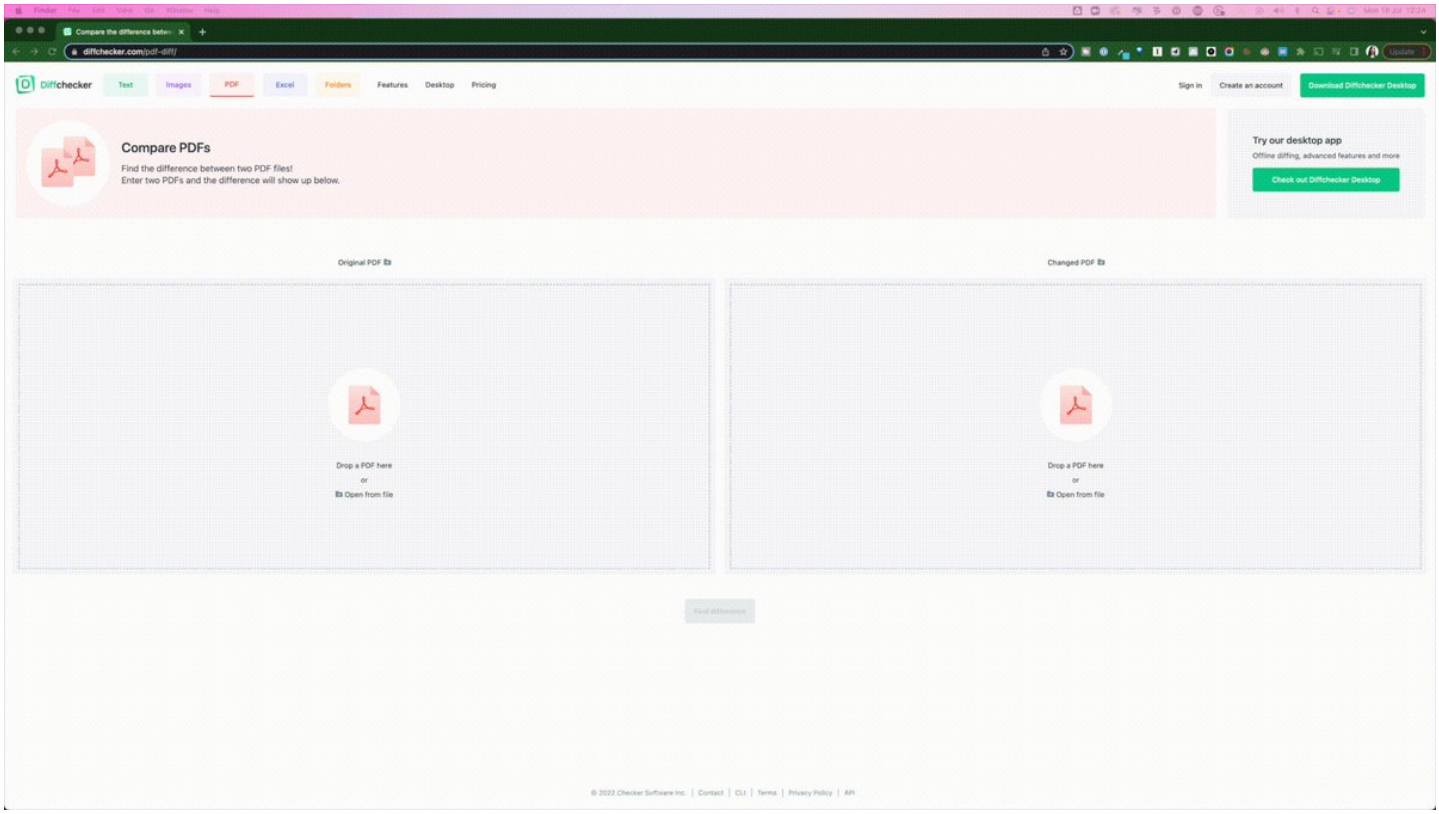

#6: Compare two documents with Diff Checker

Got sent a revised pdf with no changes tracked?

Check them with https://t.co/zhekyInUJ6

You can also compare:

• Text
• Images
• Spreadsheet

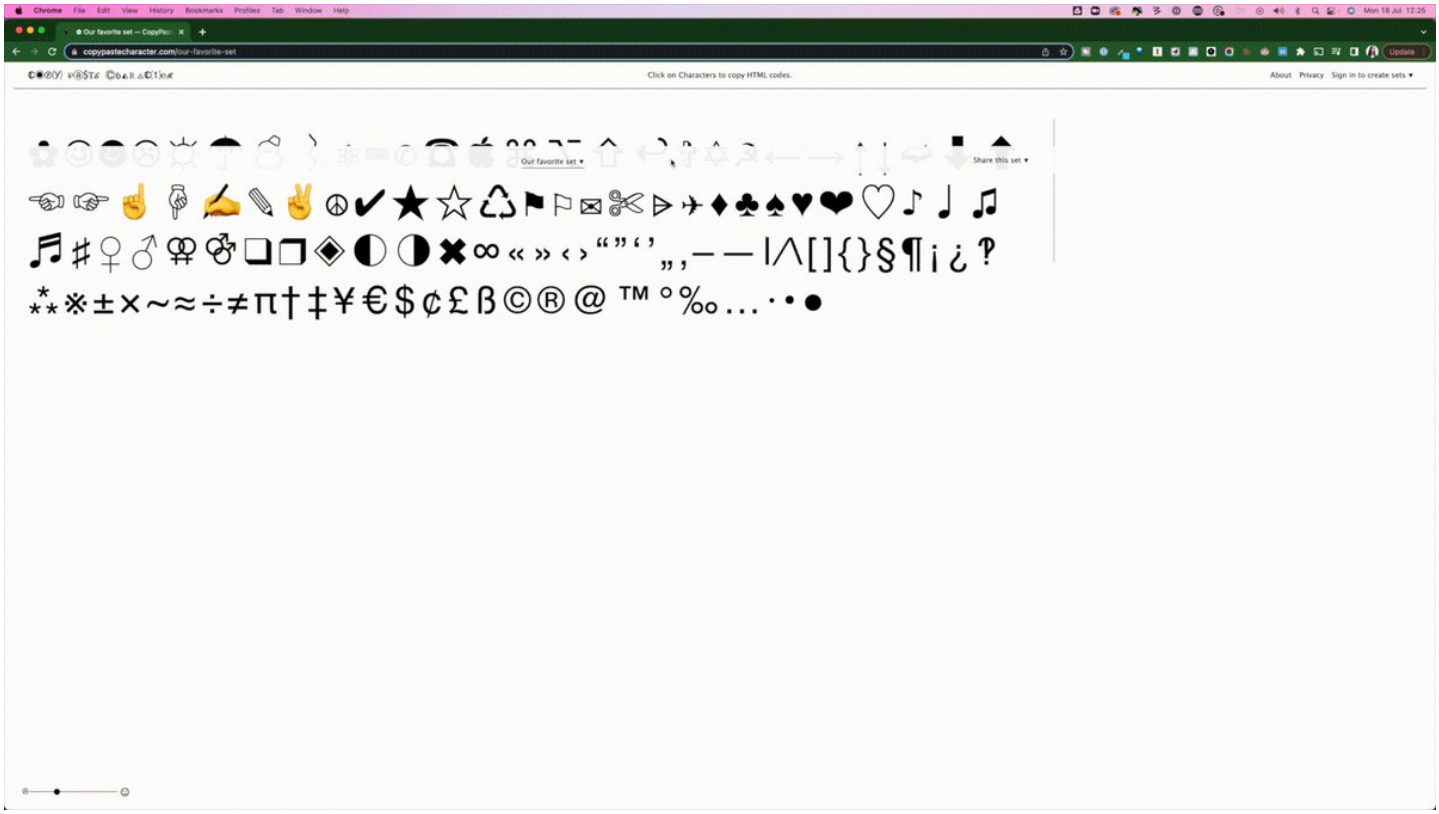

#7: Find symbols + emojis with Copy Paste Character.

Want to add an emoji or a symbol to your tweet but not sure how?

Go to https://t.co/KmIMMiriFz

• Choose one
• Copy it ■
• Paste it into your tweet (or wherever you want it)

Easy access to hundreds of symbols.

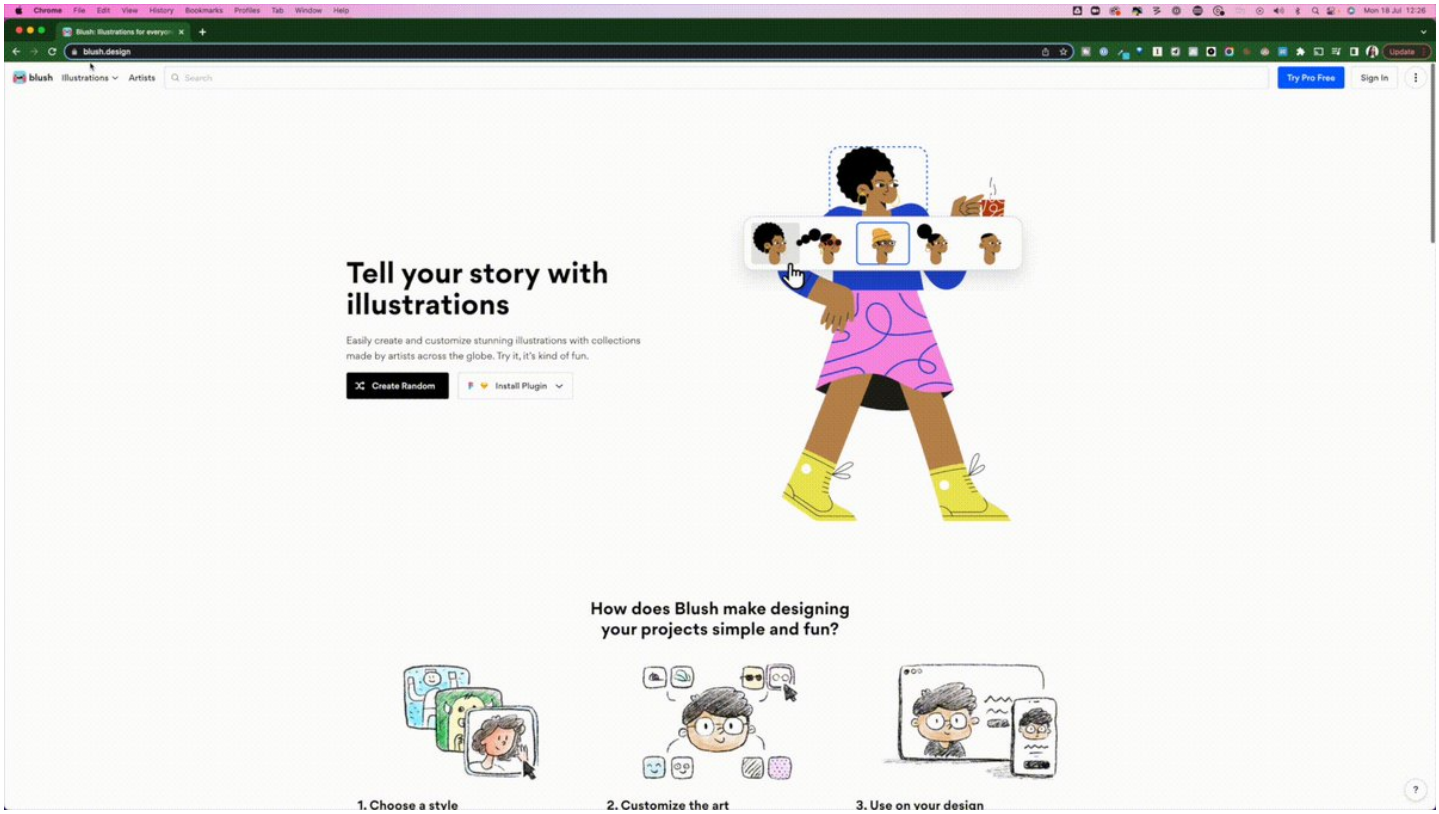

#8: Create illustrations + tell stories with Blush.

Add illustrated drawings to your presentations or website with https://t.co/oSjEkwYRvh

• Choose one you like
• Click edit
• Customize the parts you want
• Download it

Now you have your own designs to brighten your slides.

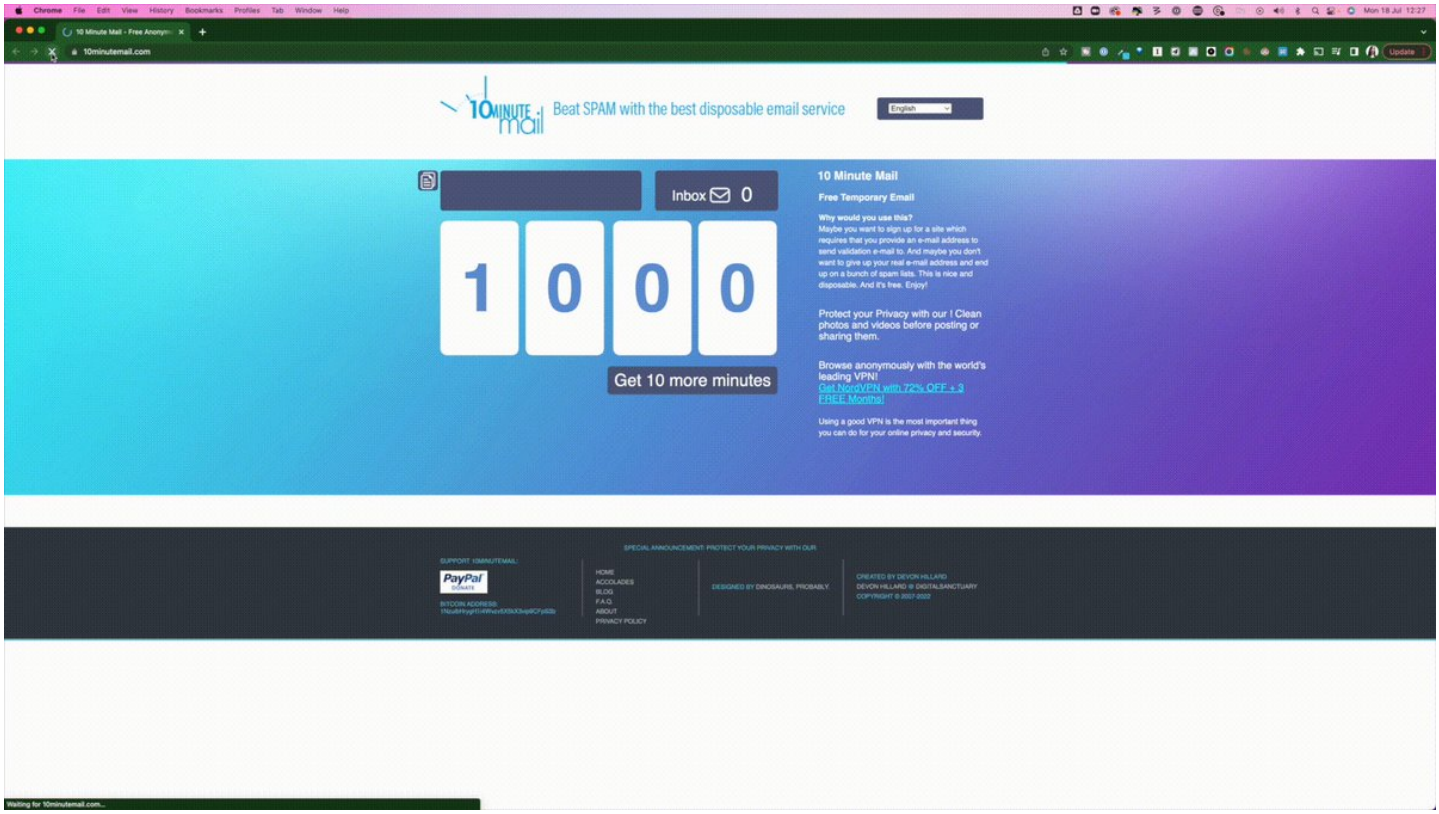

#9: Get a random email address with 10 Minute Mail

Sometimes you need an email address to subscribe/purchase but don't want to use your real email.

Use https://t.co/JUg4f2PNd3

• Copy the address
• Extend the time if needed
• At the end, it'll be gone

No more inbox spam.

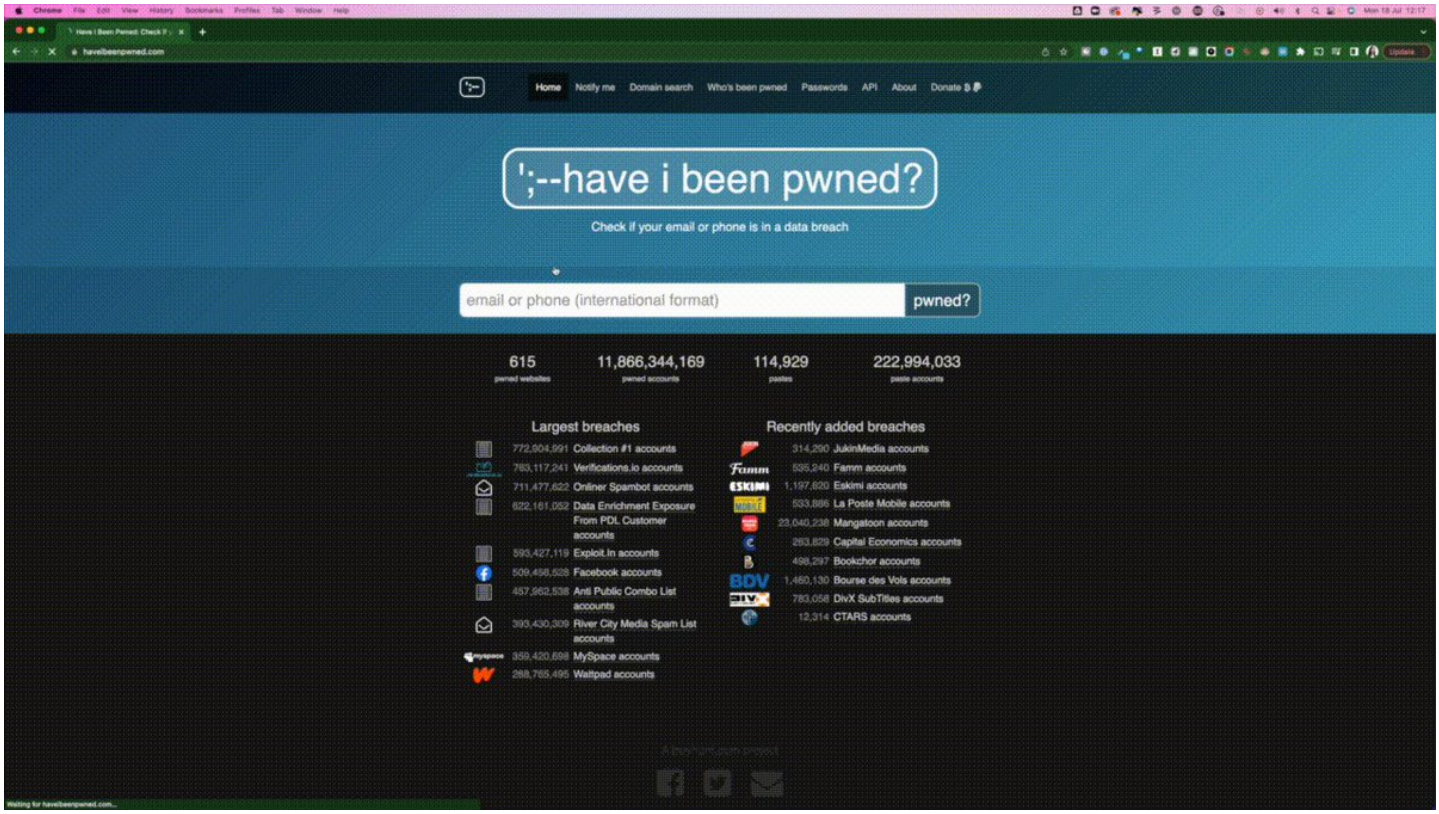

#10: Check for data breaches with Have I Been Pwned?

Have any of your login details been leaked?

Check https://t.co/oXyPmpIGIh

• Enter your email address
• Find any data breaches
• Scroll down to check what the nature of them
• Change these passwords
