4/Free valuable tools that helps you to trader better!
https://t.co/oDqXqw4IfQ

There are so many tools related to trading.

But very few provide any real value.

Here are 7 of the most valuable FREE Tools you're not using (but should be): \U0001f9f5

5/ Short Straddle Strategy explained in detail.

https://t.co/YeScrndzPq

The highest THETA strategy you aren't using:

The SHORT STRADDLE STRATEGY.

Knowing how to use it can potentially give you the highest profits if the market stays in a range.

Here's the step-by-step guide: \U0001f9f5

6/Allocation or position sizing is the most important factor for being able to play in the major leagues.

https://t.co/IttbUwnC2L

The most valuable aspect in trading you aren't using:

POSITION SIZING

Sizing is the key, you'll make big money only if you own a significant size without compromising on risk.

Here are 10 of them, and they are for free: \U0001f9f5

8/ Identifying chart patterns for trading!

https://t.co/lj12lBhW8K

Directional Traders are good at spotting patterns.

But 98.8% of the new traders, don't know how to spot patterns.

I analyzed @niki_poojary 's account, to learn the most important patterns to master.

Here are the 8 of the most important patterns: \U0001f9f5

9/ Mindset is everything!
Once you believe you can achieve something, you most likely will!

How to work with your mindset, when it comes to trading?

https://t.co/ACbhTcm9Au

90% of the traders lose money in the market despite following the best systems.

They either fix the entries, exits or replace the whole system with a new one.

The only thing you need to fix is the MINDSET!
