Twitter Thread by Yash Mehta

Yash Mehta
@YMehta_

In the early stage, most of the traders & investors use indicators in their analysis.

Here is a master thread of how most of the indicators can be used in trading/investing to increase accuracy for free■:

Also, the last indicator and strategy is my favourite of all in trading.

1/ Moving Average is a very common indicator.

This thread is on what are the different ways of using the moving average indicator:

https://t.co/qPxvJQbCxl

> Moving Averages is a common indicator which most of us (novice/professional) use in the stock market for trading and investment.
