Islamic invasion of India, The Biggest Holocaust in History.
Thread ■

1. Islam first arrived in India when the Umayyad Arab general Muhammad ibn Qasim conquered Sindh, the Umayyads of Damascus were notorious Arab supremacists and even Sindhis who adopted Islam were required to pay jizya because they were not Arabs.

2. In Sindh, both Sindhi Hindus and Sindhi Muslims (because they were non Arab Muslims) were required to pay jizya , but Hindus were more oppressed than Sindhi Muslims, who converted to lessen the extreme oppression Sindhi Hindus faced.

3. Under Umayyad rule Sindhi Hindus were not allowed to build temples, and had to wear clothes that was distinguishing them from Sindhi Muslims.

4. Umayyads were Arab supremacists so they made non Arab Muslims pay Jizya , but in Islamic law only non Muslims are required to pay Jizya so after the Umayyads fell Sindhi Muslims did not pay Jizya anymore. Today, 80% of Sindhis are descendants of Hindus that converted to Islam.

5. Arabs also conquered Afghanistan in the 7th century , and they forcibly converted the Turks of Transoxiana and the Afghans to Islam.

7. The real mass Islamic invasion starts with Mahmud of Ghazni in the 11th century , Mahmud of Ghazni who is a national hero of today's Afghans launched massive invasions into Northern India and he killed many Hindus , in one of the invasions Mahmud killed 50,000 Hindus

9. More than 2 million Hindus were killed or enslaved by Mahmud of Ghazni , It is said that the Hindu Kush (the Hindu Kush mountains in Afghanistan) means killer of Hindus because Hindu slaves from the Indian subcontinent died in the harsh climatic conditions of the mountains.

10. About 750,000 Hindus were slaughtered or enslaved in 1 day when Timur conquered Delhi in 1388. Also, 60 to 80 million people Hindus in India between 1000 and 1525 died as a result of the Islamic invasion of the Indian subcontinent.

11. Aurangzeb the worst Muslim Emperor killed 4.6 million Hindus for refusing to convert , we can assume around 10-15 million Hindus were killed by the Mughals , so around 70-90 million Hindus died from the 11th century-17th century.

12. Will Durant said that the Islamic conquest of India is the bloodiest story in history
