1/ The US has been exceptionally cruel towards immigrants/refugees/asylum seekers, including torture, ■■■■■■■■ & other ■■■■■■■ against ■■■■■■■■■. Many know the 0-tolerance child separation policy, still happening today, its cruel intentions & consequences. …

2/ Many don't know of substantially larger number of family separations, >8800+ in 2020 ■■■■■ as a result of 159,000+ expulsions/deportations this year, including U.S. residents via ICE raids, +more in other 3 years of the Trump admin, the lengthy & squalid incarceration,…

3/ …torture, prolonged exposure to noxious gasses, forced sterilizations, children held in secret detention facilities, & prison conditions & expulsions leading to deliberate & unnecessary deaths, all with ■■■■■■■■■■ ■■■■■■■■, all new to the Trump admin. …

4/ Documented US immigrant residents, particularly people of color, continue to be removed from their homes & families to be deported to dangerous countries they have never known, sometimes to their death. …

5/ Asylum seekers receive only show trials (trials with predetermined outcomes), and several other impediments make it nearly impossible for a legal path for immigrants to obtain U.S. citizenship.
…

6/ These are all forms of ■■■■■■■■■. These are ■■■■■■■ ■■■■■■■■ ■■■■■■■■■. They must be investigated, so that all those responsible are held accountable, and so that no future administration is allowed to repeat these crimes with no accountability.
…

7/ Do not let Presidential pardons stop us from investigating, seeking justice, making reparations/reuniting, and prosecuting/holding accountable those responsible.
