Even the most well-informed internet user wouldn't know all of these 10 incredibly useful websites:
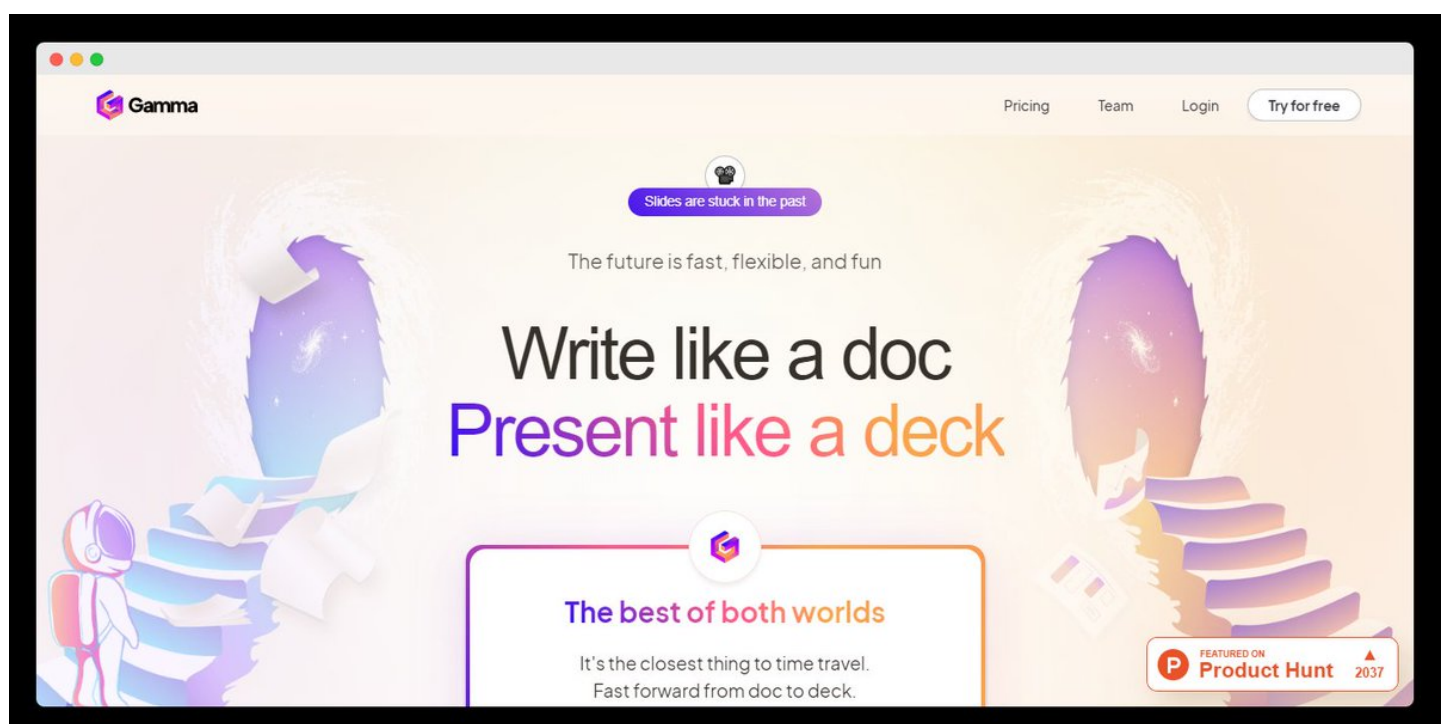

https://t.co/1hzVWpuYW8

Dread creating slide decks?

Meet Gamma.

You'll write it like a doc and present it like a deck—and it'll be done in half the time.

It's like @NotionHQ and @canva had a baby.

Best features:
• One click deck restyling
• Flexible templates

A powerful realistic photo generator and illustration designer that automatically creates pictures based on your text inputs.

Stop searching for hours to find stock images.
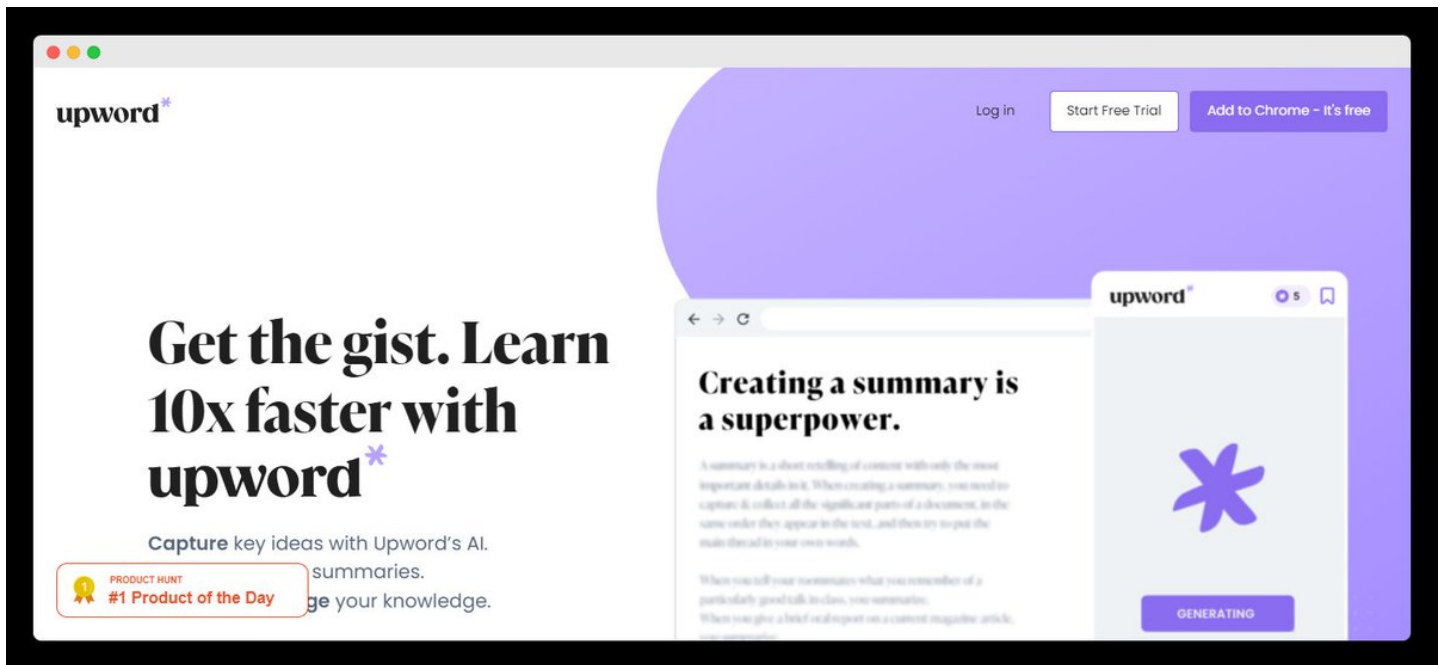

Create original images in minutes for any use case.

An AI-powered summarization tool that's "on a mission to help people be more productive with their knowledge."

Upword lets you learn 10x faster by capturing key ideas and generating personalized summaries with one-click.

Make your learning efficient.

Visual Capitalist creates data-driven visuals to cut through the clutter and simplify our complex world.

It covers topics including markets, technology, energy, and the global economy.

Kill two birds with one stone with TypeLit:

1) Improve your typing skills

2) Learn from any book in the world

How?

TypeLit provides typing practice on any of your favourite books—or you can choose from dozens of pre-loaded classics.

Improve your typing online by practicing on your favorite literature. Choose a book below to get started, or subscribe and import your own!

- Increase your typing speed and accuracy in multiple languages
- Sign in, track your progress, and level up as you learn to type faster and better
- Never lose your place — Auto-save at the start of each line

Chapter 1

I am by birth a Genevese, and my family is one of the most distinguished of that republic. My ancestors had been for many years counsellors and syndics, and my father had filled several public situations with honour and reputation. He was respected by all who knew him for his integrity and indefatigable attention to public business. He passed his younger days perpetually occupied by the

Kialo allows you to see arguments on both sides of any debate in the world.

As Charlie Munger said, "I never let myself hold an opinion on anything that I don't know the other side's argument better than they do."

Kialo helps you do that.
