The image illustrates the ScribeHow extension's workflow. It starts with a screenshot of a Salesforce contact list. Three numbered steps are highlighted: 1. Selecting a contact (Virginia Snyder), 2. Clicking the 'Tasks' menu item, and 3. Clicking the 'Masline Company' link. Arrows indicate the flow from the original screen to a series of three tutorial steps generated by the extension. The first step is 'Click "Tasks"', the second is 'Select Tasks from the nav', and the third is 'Click "Masline Company"'. A bottom toolbar contains icons for Step, Header, Tip, Alert, Record, and GIF.
