Every dating tip I have from 14 years in the dating world:

1. Never get into a relationship when you're not happy with yourself.
2. Jealousy comes from within. Knock it off, you're not doing yourself any favors.
3. Romance does not equal life success.
4. More partners doesn't always mean infidelity.
5. Text a girl for 2 weeks. By the 3rd week she'll text you first too.
