Machine Learning projects to boost your portfolio ■

■ ■

1■■ mRNA Degradation using Deep Learning:

Check this out ■
https://t.co/1gixtvBxjk

2■■ The Self Driving car project:

Check this out ■
https://t.co/gAgxUhMNjK

3■■ Stock Price Forecasting using Deep Learning:

Check this out ■
https://t.co/0LMOul3ovp

4■■ Build a Conversational AI Bot:

Check this out ■
https://t.co/Uquwzkr2AD

5■■ Automatic Speech Recognition:

Check this out ■
https://t.co/sy3FkbexzY

6■■ Image captioning:

Check this out ■
https://t.co/CJkdAYnzuR

7■■ MLOps Zoomcamp: End2End ML project:

This one is my favourite ■

1. Model building and training
2. Experiment tracking
3. Orchestration
4. Model deployment
5. Cloud computing
6. Model Monitoring

Check this out ■
https://t.co/66ni0iWPQH

That's all for today!
Hope you enjoyed reading!! ■

I’m from India ■■
Trying to simplify Python, Maths and Machine Learning for you.
