These 12 incredible visuals will teach you more about personal finance than 99% of books:

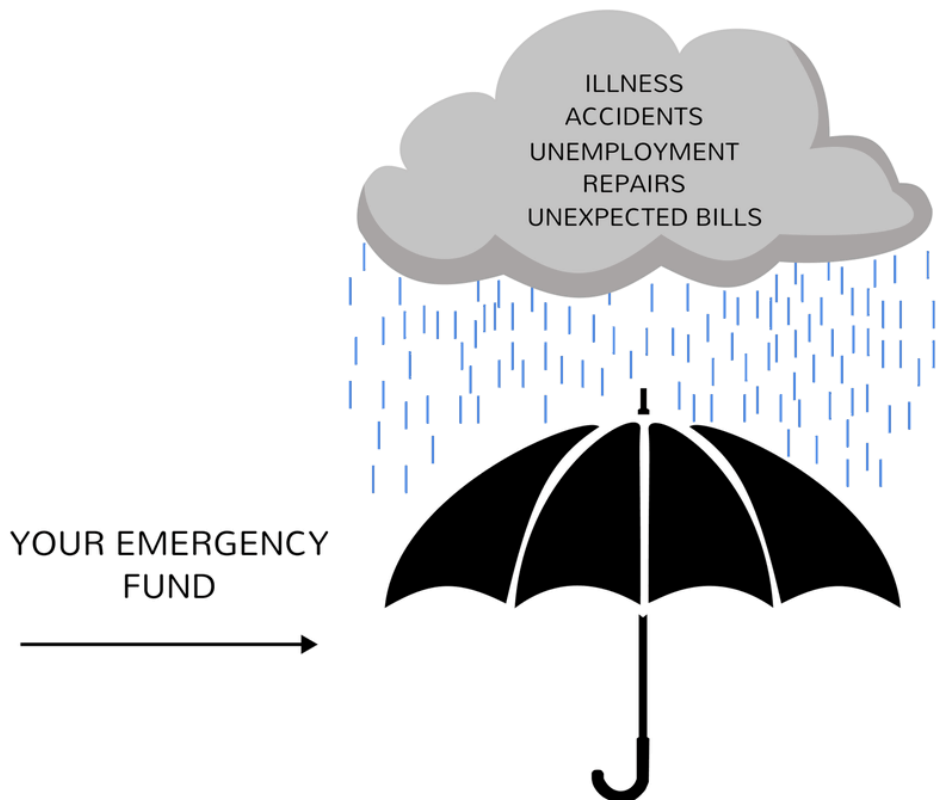

1. Assets create and protect wealth. Liabilities destroy wealth.

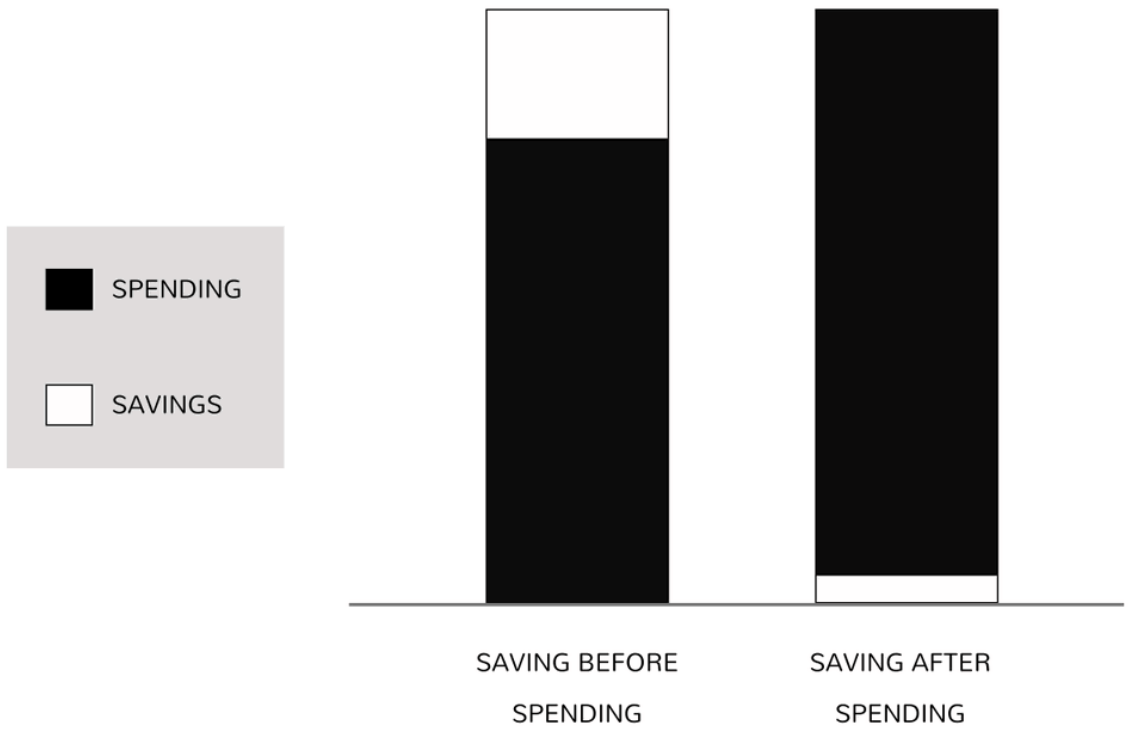

2. Having multiple sources of income is the only way to ensure financial stability.

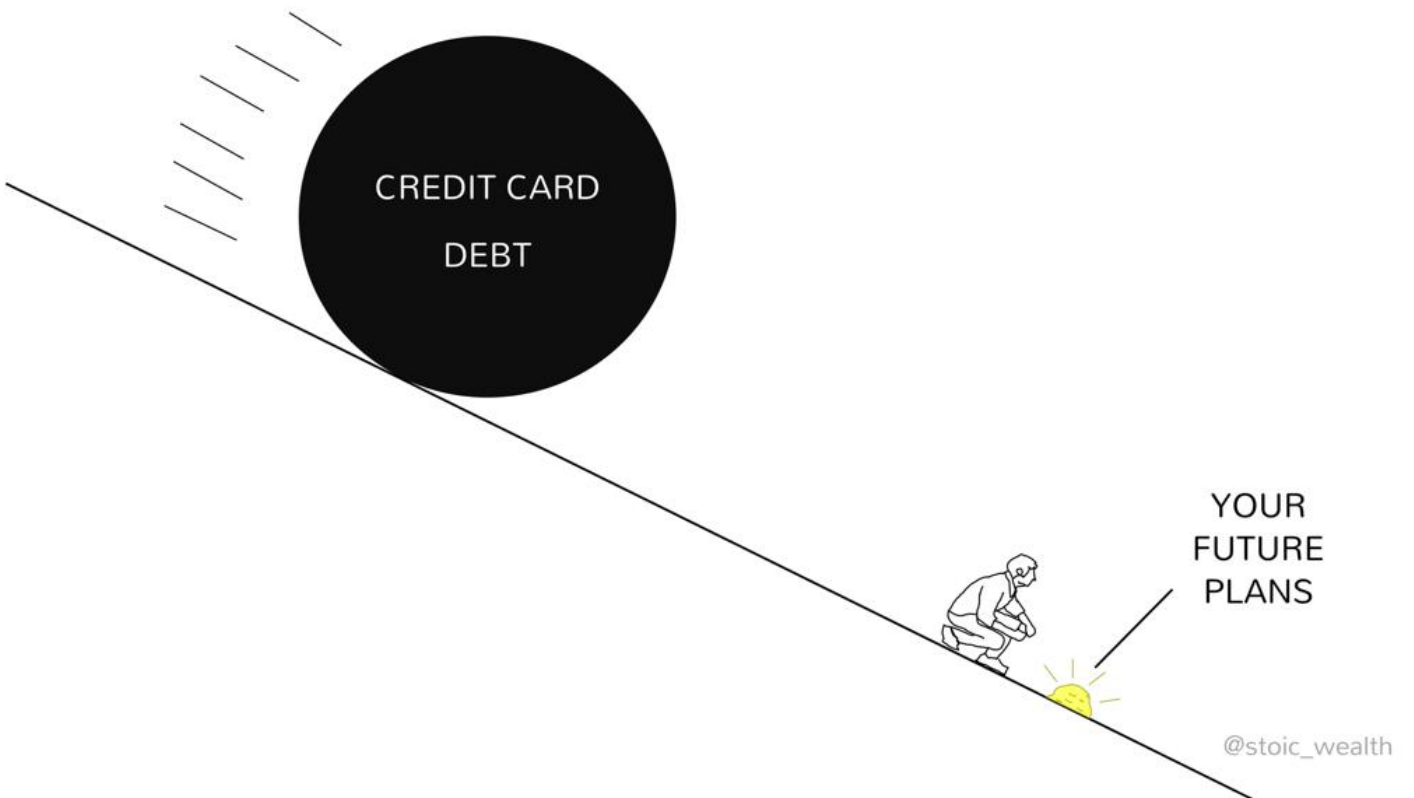

3. An emergency fund protects you from life's surprises.

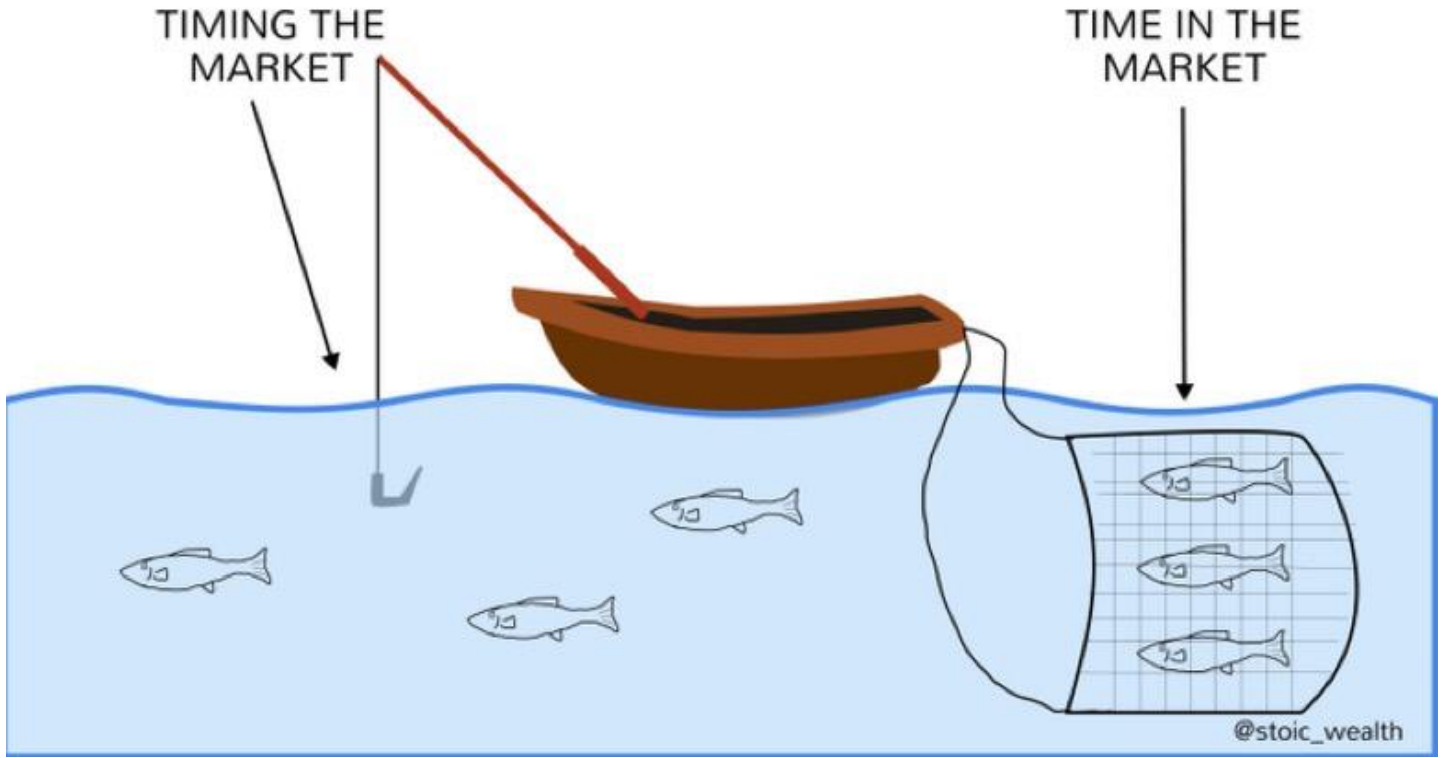

4. Don't save what is left after spending, but spend what is left after saving.

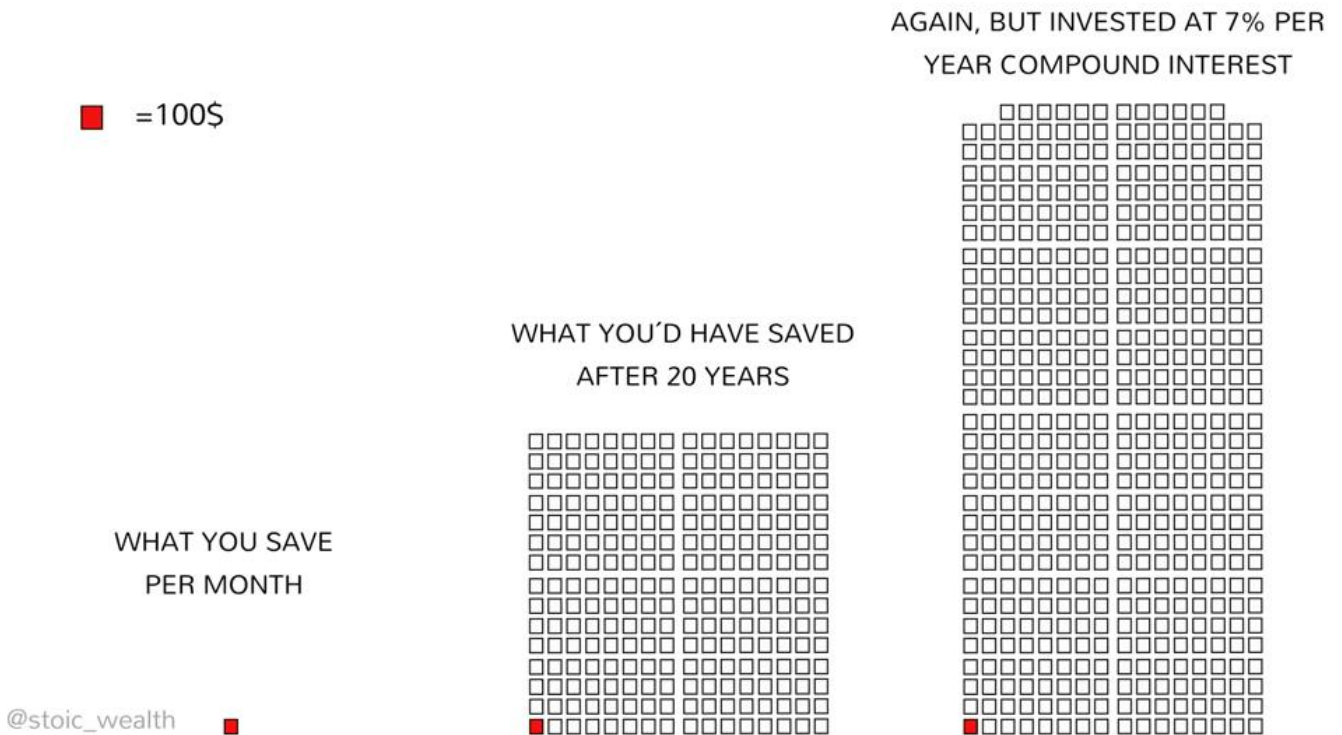

5. Credit card debt is a barrier to financial security.

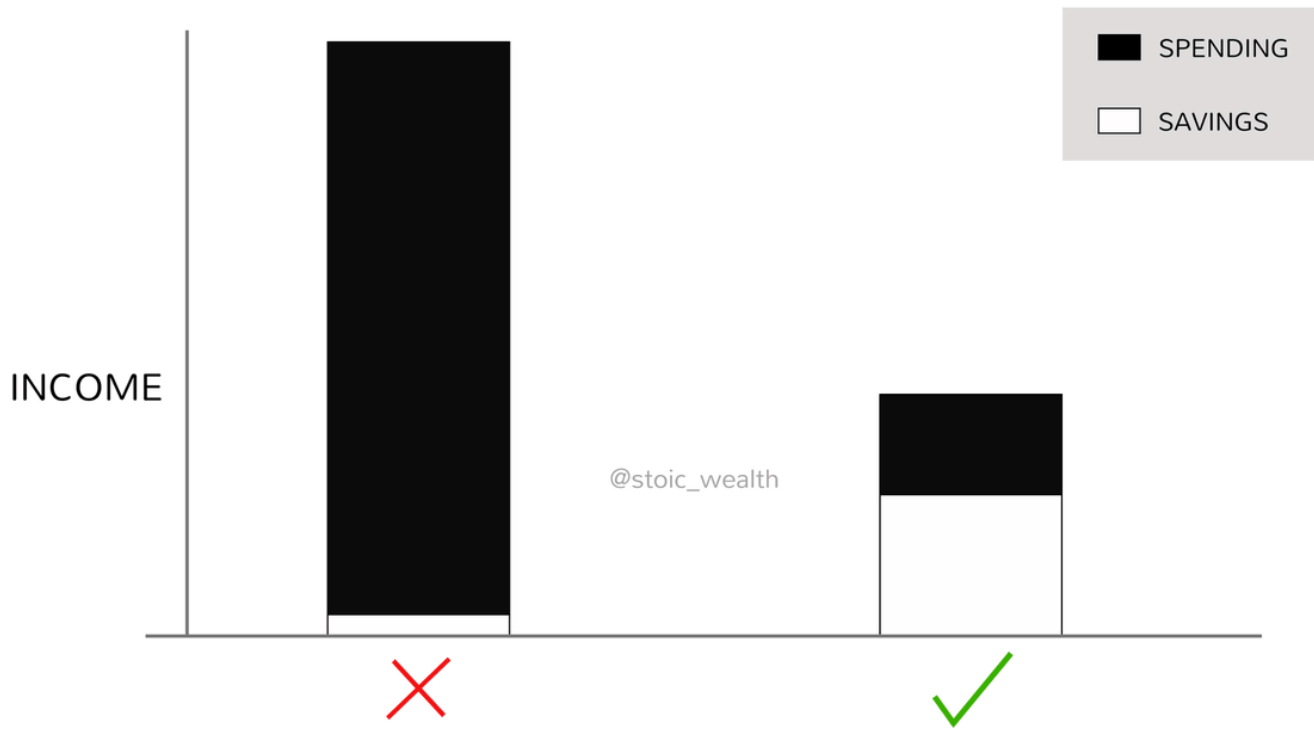

6. Time in the market is how you can make money and build wealth.

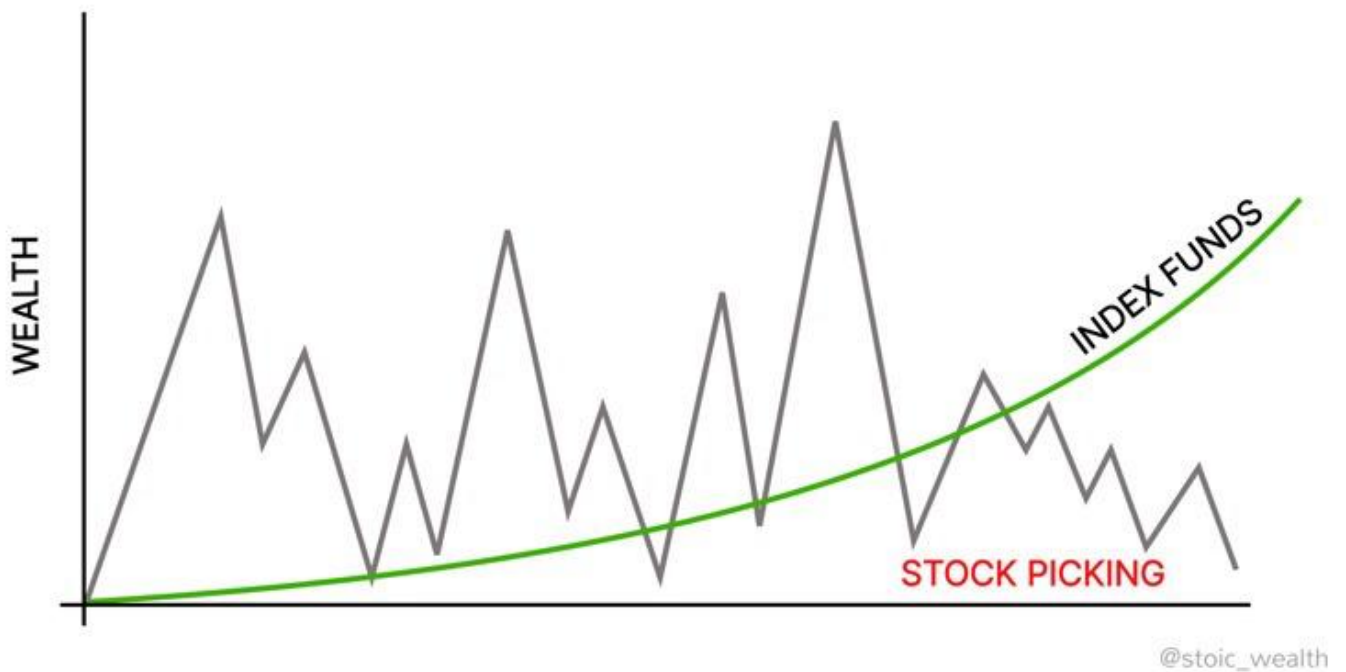

7. The powerful force of compound interest makes your money work harder than you.

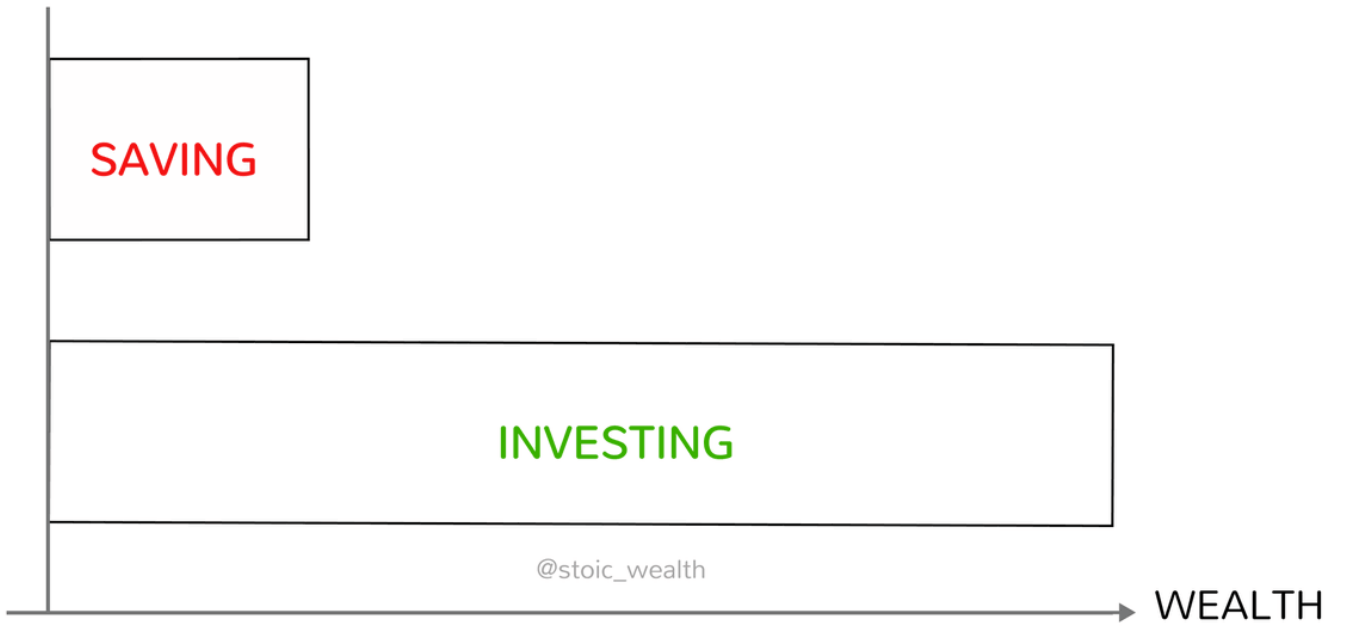

8. What you keep is more important than what you make.

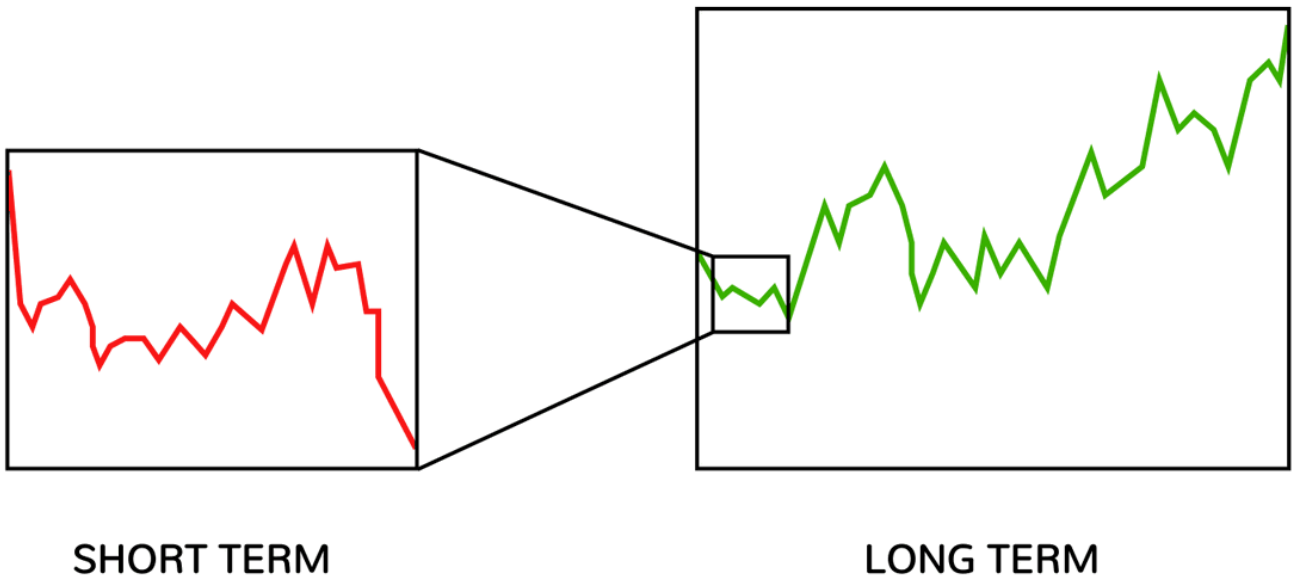

9. Index funds are the simplest way to create wealth.

10. You can't save your way to wealth.

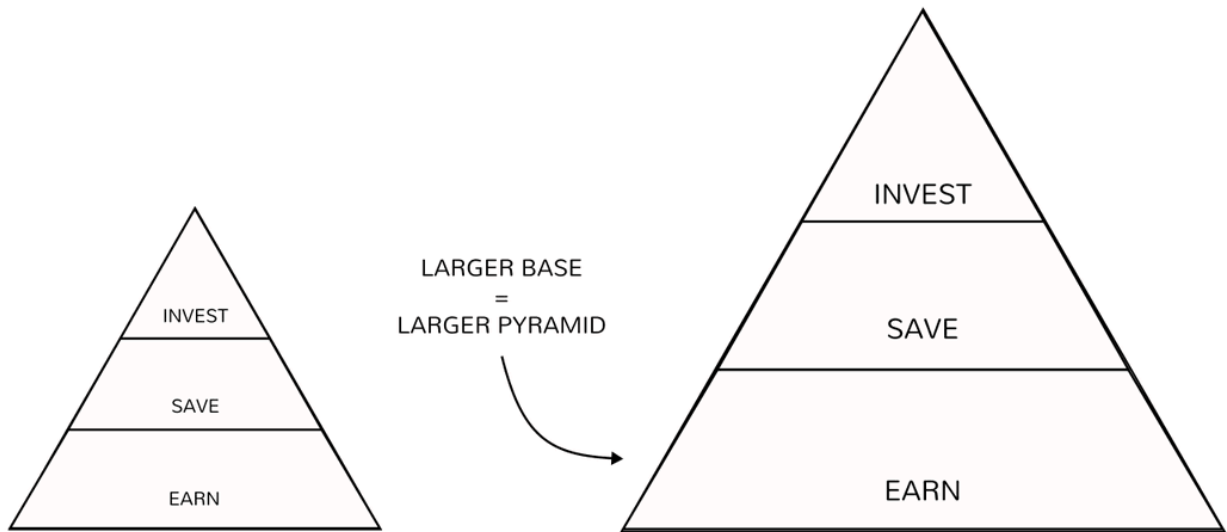

11. Investing is a long-term game. Keeping an eye on the big picture is how you win.

12. Earn more ----> save more ----> invest more.
