A search engine that uses AI to find answers to your questions directly from scientific research.

The image shows the top section of the Consensus website. At the top left is a circular logo with a white 'C' on a blue background. To its right are navigation links: Home, About, Contact, News, Blog, Login, and a blue 'Sign Up' button. Below the navigation is the Consensus logo, which consists of a stylized 'C' made of two overlapping speech bubbles (one blue, one green) followed by the word 'consensus' in a lowercase, sans-serif font. The main heading reads 'Evidence-Based Answers, Faster'. Below this is a search bar with the placeholder text 'What does the research say about ...' and a magnifying glass icon. Underneath the search bar are three example search terms in rounded rectangular buttons: 'are covid-19 vaccines effective?', 'benefits of mindfulness', and 'direct cash transfers and poverty'. At the bottom of this section is a 'FEATURED ON Product Hunt' badge with a red 'P' icon and the number '838'.

The app highlights lengthy, complex sentences and common errors; if you see a yellow sentence, shorten or split it. If you see a red highlight, your sentence is so dense and complicated that your readers will get lost trying to follow its meandering, splitting logic — try editing this sentence to remove the red.
