Give me 60 seconds and I'll show you the 3 secrets that made me a millionaire before 30:

I've been an online fitness coach since 2014.

I also came from a background where:

• I was a drug addict
• I lived in a trailer park
• I faced a ton of adversity

But I still managed to make a millionaire before 30.

These are the 3 reasons why…

1. Invest heavily in mentorship

People aren't successful because they're not invested.

Think about it…

All the info you need is out there for free:

• Twitter
• Google
• YouTube

But you don't take action because you have 0 urgency.

You NEED to invest heavily in yourself.

When I only had $25,000, I invested $15,000 into my 1st mentor.

And $10K of that $25K I owed employees for payroll….

Why?

Because once I made that financial commitment, I knew there were consequences if I didn't take action.

Apply tactical pressure to your situation.

2. Give yourself a slight edge

Anything I get into, I look at what the competition is doing.

Then I do a bit more.

Everyone else does 2 coaching calls a week?
I do 10.

Everyone else's program costs $10K?
Mine is $400/month.

Everyone else wakes up at 8am?
I wake up at 3:45am.

Want to get ahead of 99% of people?

Do more in these 3 areas of your life:

Wealth:
Can you invest a bit more each month?

Health:
Can you lift a bit heavier each gym session?

Relationships:
Can you show a bit more gratitude each day?

Consistency compounds.

3. Produce content

Want to be seen as an authority in your niche?

Give actionable advice on a platform.

• Tweet
• Podcast
• Make videos

This shows you know what you're talking about and builds trust with your audience.

If people trust you, they'll buy from you.

I used to be seen as a fitness guy.

But I wanted to be seen as a business authority.

So I started a podcast.

Each episode, I gave 5 pieces of actionable advice from my $54K/month coaching business.

This built my reputation and was key to doing $500K+/months with my business.

The 3 secrets that helped me become a millionaire before 30:

1. Invest heavily in yourself whenever you're too comfortable in life
2. Find out what the competition is doing, then do more
3. Produce content
