23 sentences that will make you more masculine than 100% of the population:

1. The word 'NO' is your best friend.
2. Delete negative, toxic people from your life, NOW.
3. Demand respect or you'll never get it.
4. Have the strength to walk away when you're not getting what you want.
5. Be cool, calm, collected yet ruthless.
6. Live life just beyond your edge - not too comfortable, not too uncomfortable.
7. Vulnerability is power. It creates trust.
8. Don't avoid the pain. Smile inside of it knowing rewards are close by.
9. Results compound. Growth isn't always linear, but exponential.

10. Your identity is not to be determined by a woman. You are good enough w/o her.
11. Control your sexual urges. The emotional strength to do anything will follow.
12. Stand up to anyone who disrespects you. They may hate you for it, but they'll never f*ck with you again.
13. Your whole entire life is your fault - good and bad.
14. Fear cannot be avoided, only defeated.
15. If you're not creating yourself you're destroying yourself.
16. Habit becomes character. Character becomes destiny. Choose wisely.
17. Attack mode should be your default. Action cures everything.
18. Life - like women - will test you. To reap its rewards, persist...calmly.
19. You must participate in your own rescue. No one is coming to save you.
20. Develop your vision. Use it everyday to propel you further than anyone could imagine.
21. Risk changing everything in your life. There's nothing sexier than putting it all on the line.
22. Closure doesn't exist. Move on. They're not waiting for you.
23. Indefatigability is a skill anyone can master.
