12 most influential lines from movies about life:

1.

Nobody cares. Nobody cares! Worry about yourself, your family, and the people that are important to you.

The only thing standing between you and your goal is the bullshit story you keep telling yourself as to why you can't achieve it.

A life without regrets would be no life at all.

Never rat on your friends, and always
keep your mouth shut.

The greatest trick the devil ever pulled was
convincing the world he didn't exist.

Value loyalty above all else.

You don't know how fast time goes by
until you get there.
