### Long Thread:

**US calls Bharat 'Ally' in National Security Strategy, terms China 'competitor' & Russia 'threat'!**

**2022 National Security Strategy was released by Biden Govt in effort to 'outmaneuver' its 'Geopolitical Competitors'.**

**Question is how much can Bharat trust US?**

**1/31**

Referring to Bharat as a democracy and a like-minded country, US National Security Strategy said, New Delhi remains a key partner, in Indo-Pacific, QUAD as well as I2-U2 (India,Israel,UAE,US)!

Seriously Uncle Sam?

We can't trust you!! Atleast after Recent Developments!

**2/31**

**US SEES BHARAT NOT JUST AS A FRIEND, BUT ALSO AS A THREAT!**

Bharat's relationship with US will always be rocky & we can't take Uncle Sam's friendship for granted! How much ever Both talk with sweet gestures,we can't call US a Trustworthy Partner!

Recent actions prove that!

**3/31**

First, US announced \$450 million package for refurbishing & modernising Pakistan's F-16s under the pretext of equipping Pakistan counter Terr0ri\$m!

I haven't heard a bigger joke than this! Country which EXPORTS Terr0ri\$m to World is being helped by US to COUNTER Terr0ri\$m?

4/31

Bharat is also aware how US is trying to pull out Pakistan out of FATF Grey List & also trying to give funding to Bankrupt Pakistan via World Bank & IMF!

Second, the US envoy in Pakistan visited Pakistan-occupied Kashmir (PoK) and referred to it as Azad Kashmir.

5/31

Third, Few days back, US's European ally (we call it Puppet) Germany referred to possibility of UN role in solving Kashmir issue.

How did Germany (on verge of Economic Collapse) get GUTS to say this against Bharat? US nudge is clear reason behind this, in mid of Ukrain Conflict.

6/31

Now why is US annoyed with Bharat? Is it because Bharat took a firm stand over Ukraine Conflict & didn't side with US & West?

Ofcourse it's one of the reasons!

But if you have read first part of my tweets....I CLEARLY said that US considers Bharat as Threat!

Why?

7/31

US has learnt a lesson from era of Cold War when it created Monster in China to counter Russia in Eurasia Region! SAME Monster slowly grabbed US & Western Markets to leave them with Bleeding Economies!

US is afraid of history being repeated with Bharat becoming too strong.

8/31

China was given literally free pass! Easy entry to WTO, Free market access to Chinese goods produced by US & EU cos in China, Duty free Imports from China..Everything!

What was given to Bharat? Literally Nothing! Still Bharat achieved single handedly THAT of which US is Scared!

9/31

Bharat's World Bank's Ease of Doing Business ranking has improved from 142 in 2015 to 63 in 2022. IMD's 2022 annual World Competitiveness Index has shown steady growth for Bharat, ranking 37. Exports, presently, at \$400 Billion, will likely jump to 1 Trillion by next year.

10/31

Bharat will become World's most populous country shortly, and by 2030 will be \$7-8 Trillion Economy.

Bharat could be \$10 Trillion Economy by 2032-33, with its OWN growing Military Clout & Technology!

This worries US the Most!

11/31

Presently, Bharat has successfully countered the Arms, Oil & Pharma Lobby.. DEEP STATE that controls US Govt & World.

Bharat reduced its dependence on Arms Imports. Middlemen eliminated. "Make in Bharat" showing spectacular results. In fact.. Bharat started Military Exports!

12/31

Bharat is slowly becoming World's Pharmacy. Bharat's Vaccines defeated the whole Big Pharma Lobby during "Ukraine made - China Transmitted Virus" Pandemic!

Pharma Lobby is upset!!

13/31

Bharat has USED Ukraine Crisis beautifully to balance cheap oil imports. Bharat moving at fastest pace to replace Fossil Fuel with all available resources including Solar Energy & Hydrogen Fuel. It's not for long that any Nation can throw tantrums at Bharat over Oil for long!

14/31

Even Arabs realise this & moved closer to Bharat & away from US, NATO & EU. China's OBOR & Silk Route still not getting traction, but Bharat already starts creating different Trade Routes without noise which are fastest & most economical.

Pls refer

15/31

US is seeing this & is visibly upset...more than stressed. And I haven't even mentioned on Bharat's Position as Central Pole on World Podium.

Bharat is partner with US in QUAD & I2U2, but US knows that Bharat is NOT dependent on US or anyone to fight any

contingency!

16/31

Do you think that Bharat is living in Fool's World that tomorrow if war breaks out with Pakistan or China (especially)..Bharat will expect US or Anyone from Strategic Groups will come for help? Bharat isn't Naive to think that & has DEVELOPED capacity to fight it's OWN War!

17/31

These are the reasons why TODAY's Bharat is not a puppet in anyone's hands (like before)!!

This makes Bharat a DANGEROUS THREAT to US who NEVER LIKES a strong Nation under Strong Leadership!

But is Bharat only cause of worry for US?

No! It's Geo-political scenerio too!

18/31

US's "One foot forward - Two feet back" attitude to Bharat also relates to future trends in Europe and Central Asia. The US's strongest allies in Europe are Britain and Germany, and Japan in Asia.

What do you think why are US & UK fuelling Ukraine Conflict?

19/31

US & UK want Germany to realise that it must keep obeying orders & keep saying Yes Sir as it's NATO who will keep protecting Germany!

Putin wants to extend war because he wants break NATO!!

Result??

20/31

Now Europe is paying the price! Inflation hitting roof, rising interest rates pushing continent to serious recession. Germany knows it's paying huge price for backing the US in this conflict. Ukraine Conflict has showed Germany that it must develop own military capability!

21/31

It's matter of time..mostly November when Germany will start singing different tunes over Ukraine Conflict!

And that's the time when Germany will be more like France,developing its own security doctrine for Europe. It won't remain a US yes-man.

US is realising this TOO!

22/31

About US's Close Ally in Asia.. Japan!

Japan already started moving to change constitution & develop it's own Military Strength.That's why, Late PM Abe was ASSASSINATED!

Still.. Relations btwn Japan & Bharat are on Higher Trajectory than Japan-US!

US not liking this TOO!

23/31

US doesn't want Germany,China & later..Bharat become Military Superpowers, challenging US supremacy. Keeping Europe at war & Bharat on edge is best option for US!

Further..Geo-political Power shifting to Eurasia with China, Bharat & Central Asia.

Threat to US Hegemony!

24/31

Both China & Russia already big players in oil-producing hubs of West Asia & parts of Africa,and Central Asia will be arena where Asia meets newly-rising parts of Eastern Europe & Militarily rising Germany via Routes Developed by Bharat!

Not enough for US to target Bharat?

25/31

And therefore Deep State has started it's game!!

Game to Destabilize Bharat! For that it won't mind even Supporting Terr0ri\$t State like Pakistan! It will help US not only in keeping Bharat on tender hook but also to reduce Chinese Influence over Pakistan!

26/31

US telling one more Slave...

South Korea to hold meetings with Pakistan 2 days back to discuss development of Arms Industry in Pakistan was targeted not only towards Bharat, but China also!

27/31

And this is only beginning! Now whole lobby will be activated! Fake Narratives will be spread through Bharat's Prostitute Media! Urban Naxal Gang will be activated! Judiciary will be MANAGED! Btw..just today Urban Naxal Saibaba was ACQUITTED by Mumbai HC! Many more to come!

28/31

All fault lines within Bharat will be activated! No chance will be spared to incite Violence & start Riots in Bharat. There will be Bloodshed at Borders.

All this....ONLY TO STOP BHARAT FROM BECOMING SUPERPOWER!!

29/31

Btw.... Tell me honestly....since when did you start noticing Rise & Rise of Bharat in REAL SENSE? Since when did you ACTUALLY FEEL the STRENGTH of New Bharat?

Answer this to Yourself & You will know who is ACTUALLY being Targeted?

30/31

The ONLY way to STOP Bharat is to REMOVE "HIM"!!!

"HE" who can't be BOUGHT, "HE" who can't be COMPROMISED, "HE" who dreams big for our Nation....Target is "HE"!

Remove "HIM"...Bharat is BACK to a SPINELESS country!!

2024 is a BLOODY PATH! Save it!!
