Give me 2 mins and I'll show you the best websites that can save 90% of your time (free):

1. Scribe How

It is a screen recording extension that helps you turn any process into a step-by-step guide, instantly.

- Record any process
- Guide will be generated automatically
- Add edits and customize
- Share the process guide with one click ■■

■ https://t.co/cj6ombHy5q

2. Simplified

Make social media content organized by planning and publishing in advance. AI images feature is crazyyyy.

- Schedule

- Collaborate
- Design
- Scale

■ https://t.co/T28LWjPWi0

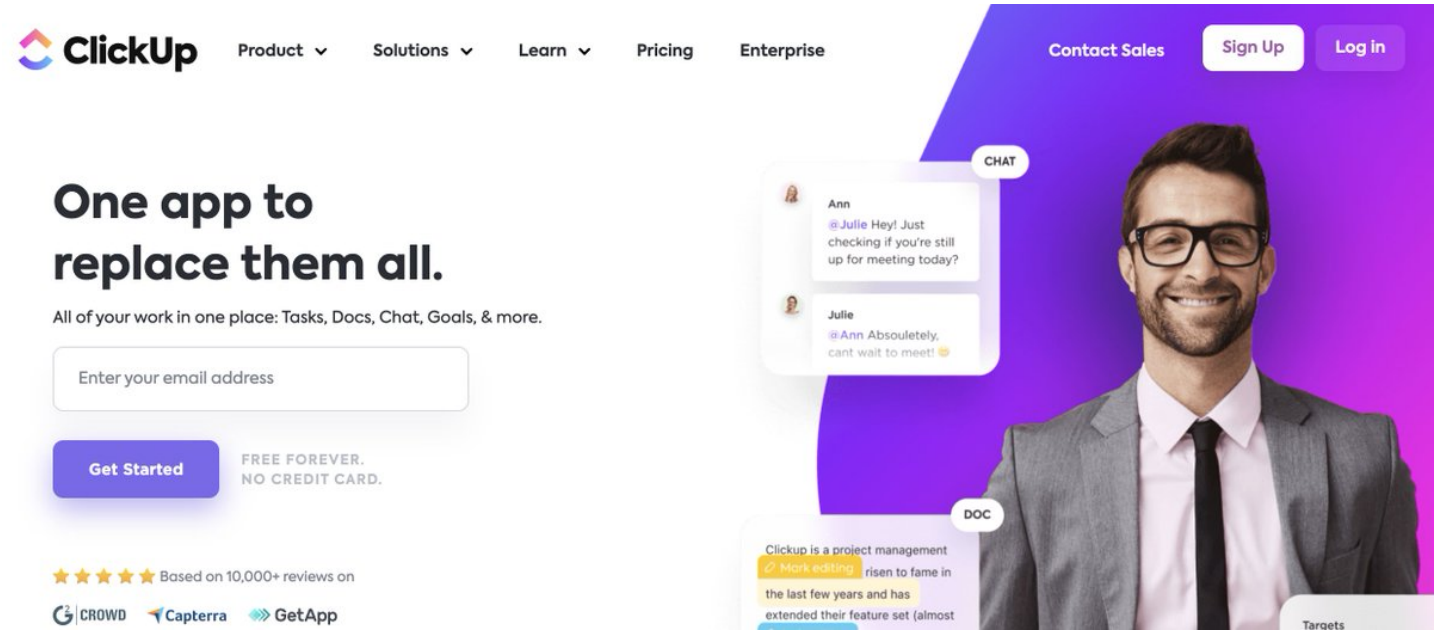

3. ClickUp

Simplify your work in minutes and get more done.

- bring ideas to life with Whiteboards
- Collaborate with your team and work together
- Customise tasks as per your preferences
- Automate your work

■ https://t.co/fms4GfdJvL

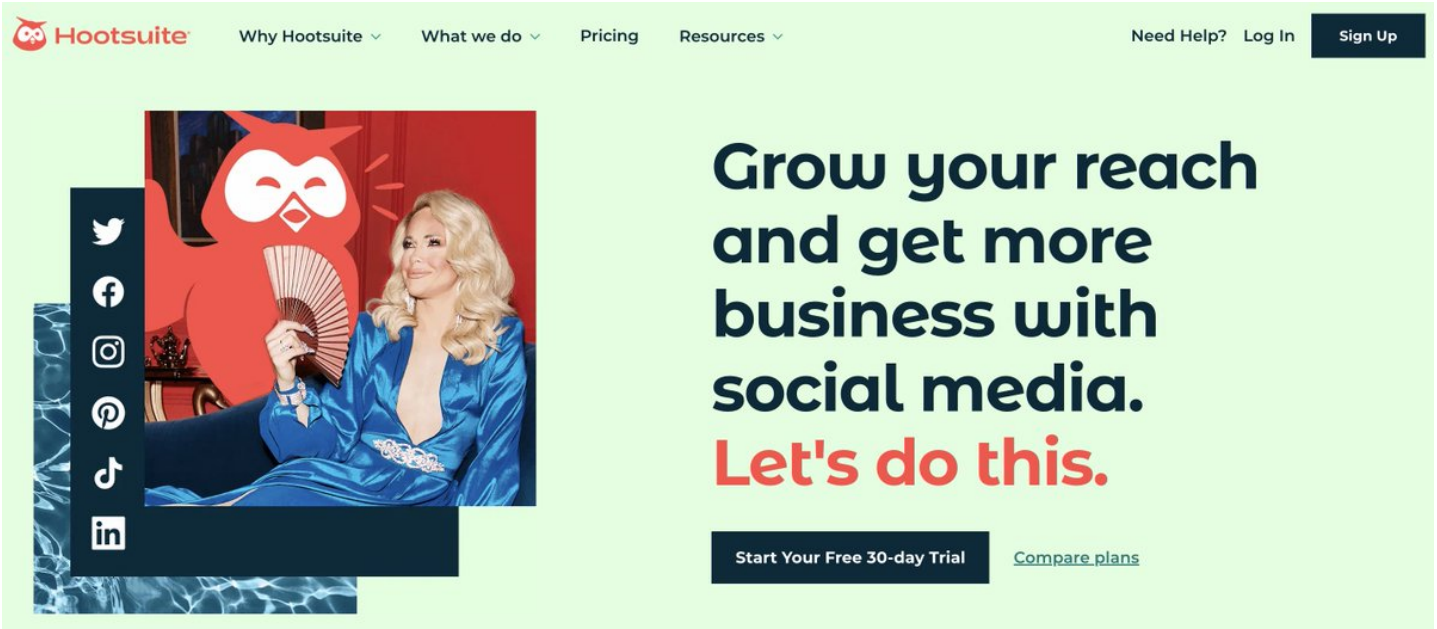

4. Hootsuite

It will help you schedule, manage, track and collaborate across multiple social media platforms with ease.

Save time and grow on social.

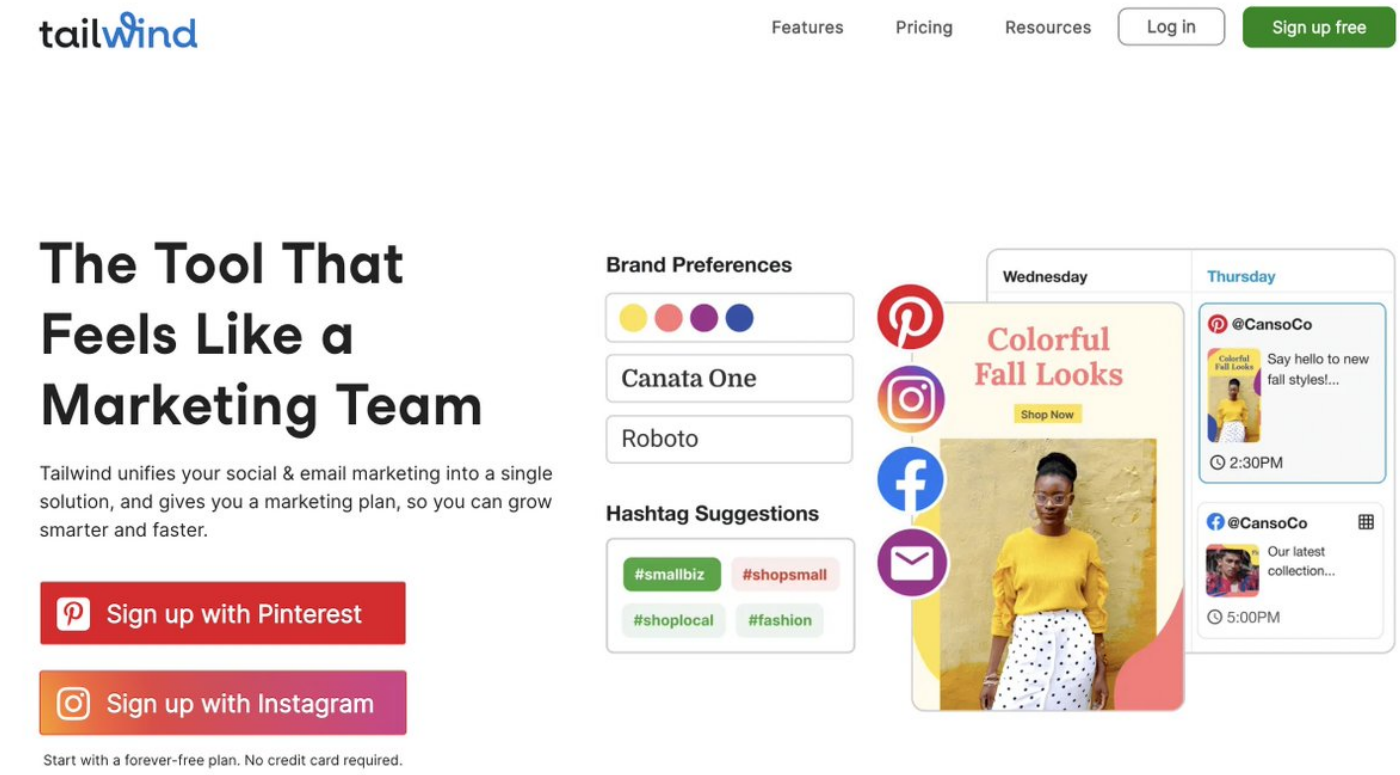

■ https://t.co/dCDrTRvyps

5. Tailwind

This tool helps you to make automated designed posts and schedule them during the best time slots available on the basis of your account.

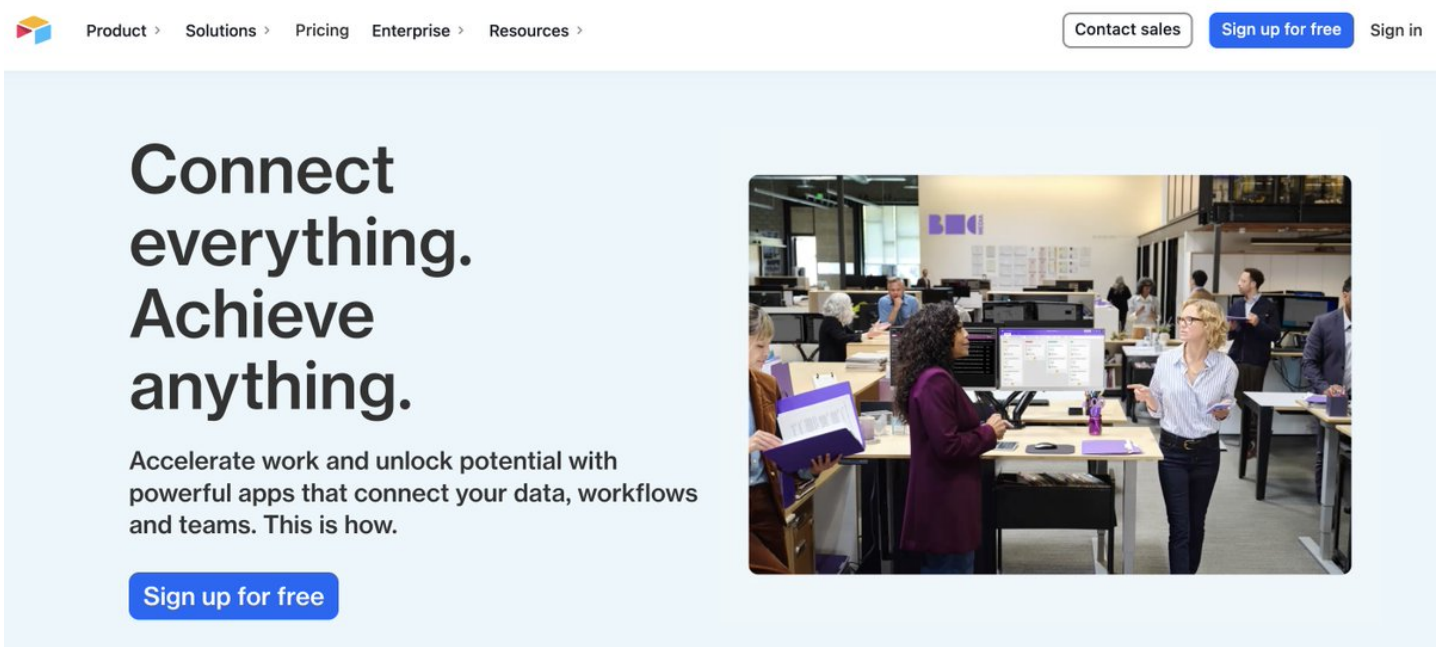

■ https://t.co/V04Ux4GjYz

6. Airtable

It is a modern-day excel sheet that helps you customize your workflow, and get 100x results.

■ https://t.co/Ix6E51mPAb

That's it.

I hope you liked it.

If you did, RT the first tweet and follow @ShwetaKukreja_ for more threads.

Thanks for reading. :)
