13 secret websites powered by AI that'll get you massively ahead in 2023 and beyond (don't loose them) :

1. Transform your voice with <https://t.co/8EwkFGVnfH>

This one is my favorite AI from this list.

You can now transform your voice into any custom voice.

2. Storytelling is really important in life, business, relationships.

There isn't anyone you couldn't learn to love once you heard their story.

I have been using Tome and it's pretty good for storytelling. <https://t.co/2fS4LIUddH>

Late night. Low light. In the flow to get it right. \u270d\u201c

Chapter 2 of \u201cgenerative storytelling\u201c starts now. \u2193

3. <https://t.co/567IFazGBC>

THINGS YOU CAN DO WITH DONOTPAY

- Sue Anyone.
- Fight Corporations.
- Find Hidden Money.
- Automatically Cancel Your Free Trials.

And just countless different things...

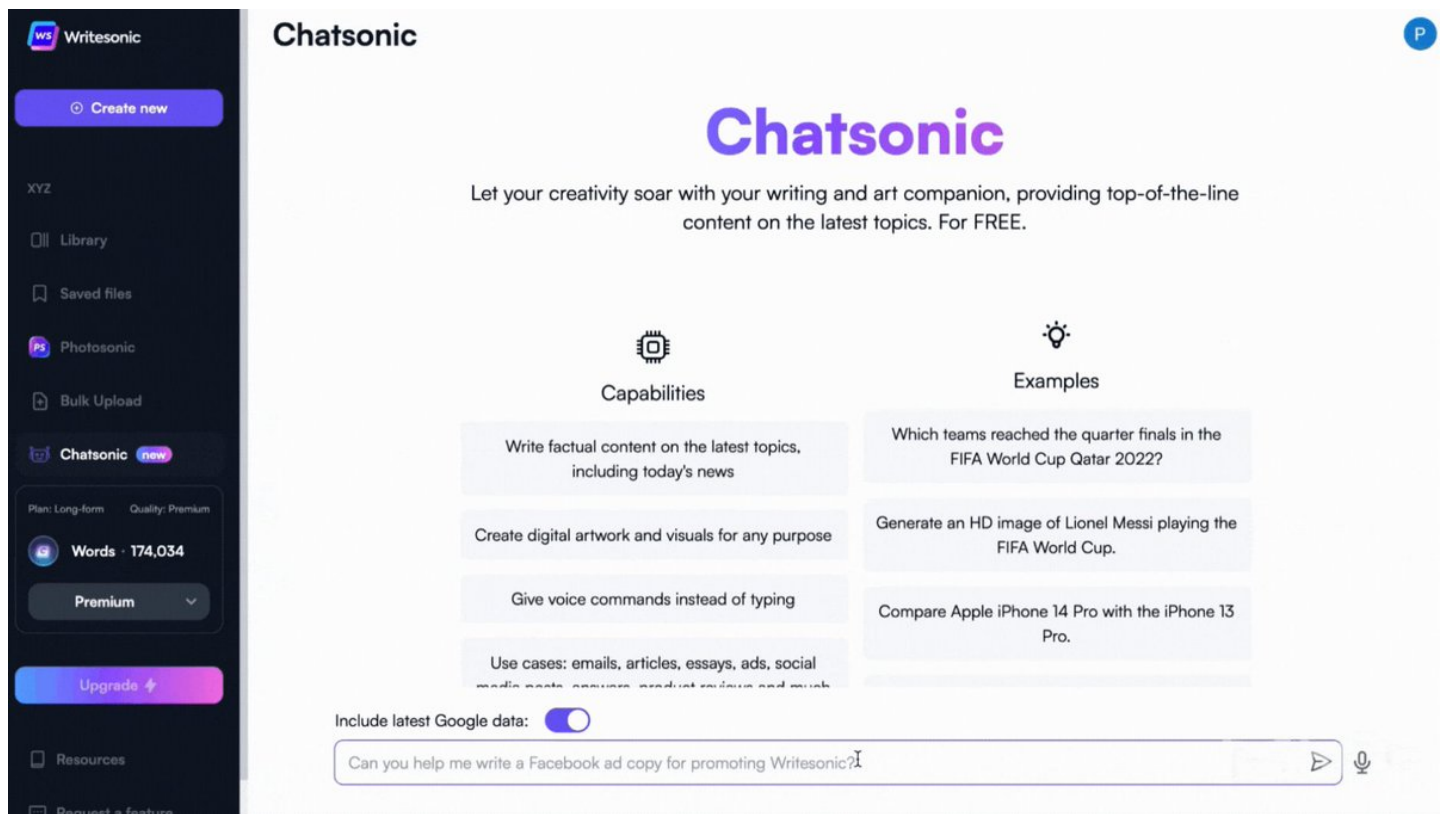

4. ChatSonic AI

It's ChatGPT on steroids.

ChatGPT answers are limited to 2021. That's sucks.

ChatSonic gives you relevant results from the web! ■

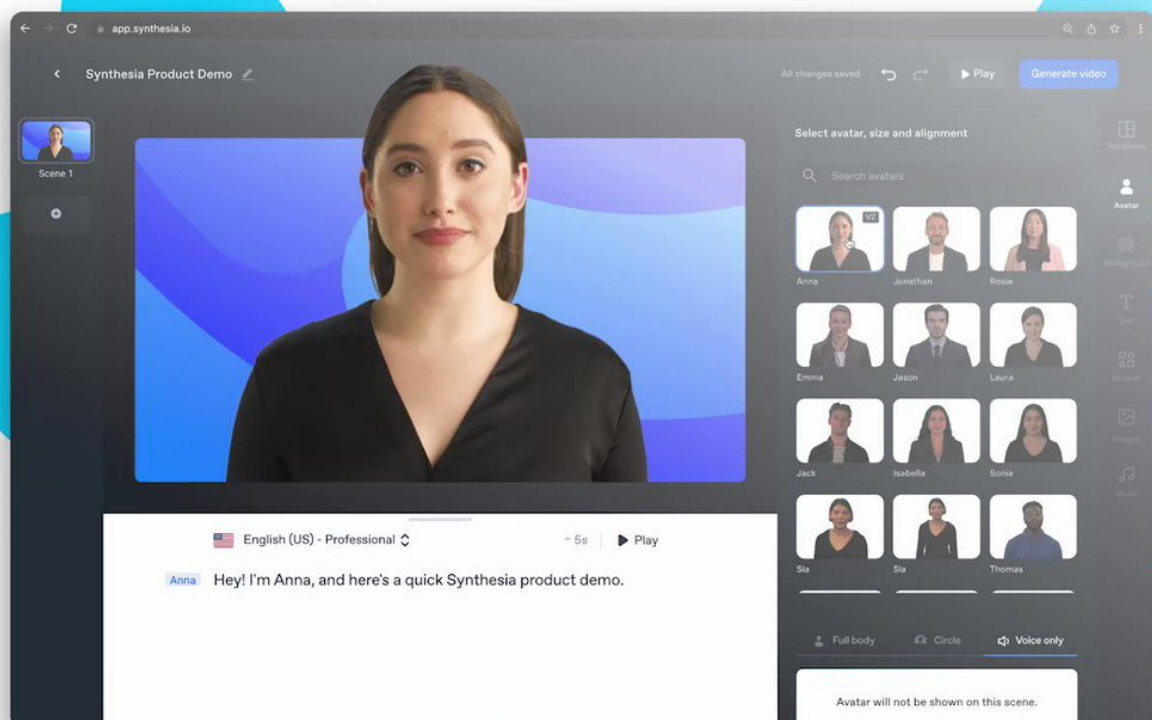

Here - <https://t.co/qLcgQRLuNC>

5. Text to Video by <https://t.co/EEYwbLfhBr>

Create high quality videos in minutes just by typing...

It gives you 120 languages + saves 80% of your time.

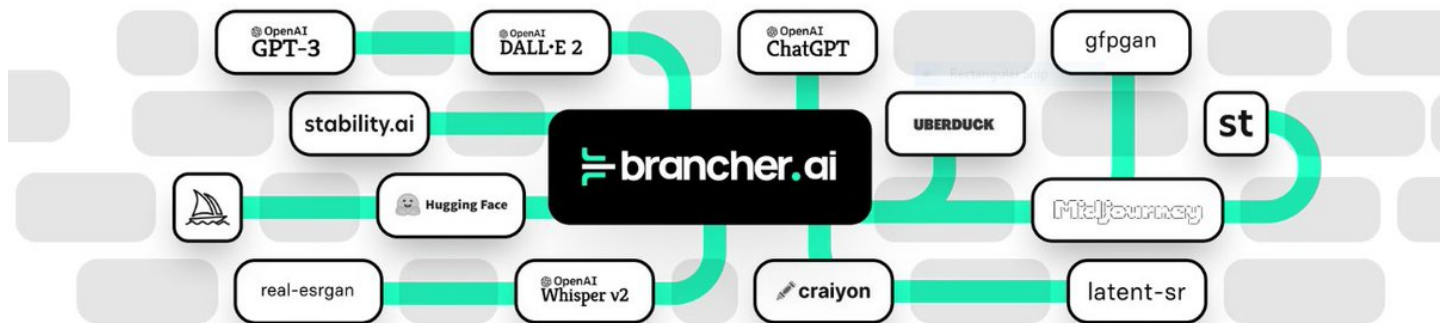

6. <https://t.co/ucnbpqTLqa>

You can now connect AI models to build powerful apps — without code.

Build your own AI tools in minutes (it's getting alarmingly easy now)

The ultimate AI model connector.

7. Eye contact with the camera.

Connect eye to eye with this Nvidia AI

Gives you great confidence with videos and zoom calls. <https://t.co/2sjtkfCzdz>

Introducing Eye Contact by NVIDIA \U0001f440

NVIDIA just released a new Eye Contact feature that uses AI to make you look into the camera.
