As many of you already know, I was raised Christian but found truth through deep exploration of our history & of our truly ancient polytheistic cultures. Later I found that truth fully expounded upon in Sanatan Dharma and became Hindu.

Sanatan Dharma (Hinduism) is the most complete preserved understanding of the truth of God, human spirituality, human existence & health, science, psychology & philosophy still preserved, not yet destroyed by Abrahamic religions that arose from the Middle East a mere 2000 yrs ago

I stand for all humanity & love the divine present inside each & every human being, but I'm completely against Islam & Christianity for one reason. That reason is their completely incompatibility with pluralistic human society that ACCEPTS ALL, wether they believe in God or not.

Both Islam & Christianity have huge & inexcusable glaring errors, but the largest by far is their proclamation that only they hold the keys to access God & human spirituality. Their individual & absolute claim of exclusivity & supremacy. NOTHING COULD BE FURTHER FROM THE TRUTH.

The supremacist behavior, egoism & exclusivity that Islam & Christianity foster caused followers of both to slaughter hundreds of millions of innocent divine human souls through genocide, inquisition & Holocaust. They've destroyed countless civilizations in their "righteousness"

Every human being on this planet, regardless of race, ethnicity, culture, religion, holds the key to understanding God, our universe, planet & life itself in their soul or as Sanatan Dharma calls it, their Self or Atman. No man made religion holds the key, you already have it.

So to all, regardless of your skin color, your race, your heritage, your culture or your religion. I love you all, I see the divine inside each & every one of you. Please, for the sake of humanity, wake up to your truth, it's there inside you, you only need to look.
