Cold Email Wizard ■
@blackhatwizardd

Master list of how to SCRAPE any category of leads.

Ecommerce, local biz, B2B, LinkedIn searches, info product sellers, enterprise, ANYTHING.

Likes / Retweets appreciated.

THREAD

1/ Ecommerce Stores

Use https://t.co/McZHDIlDFn

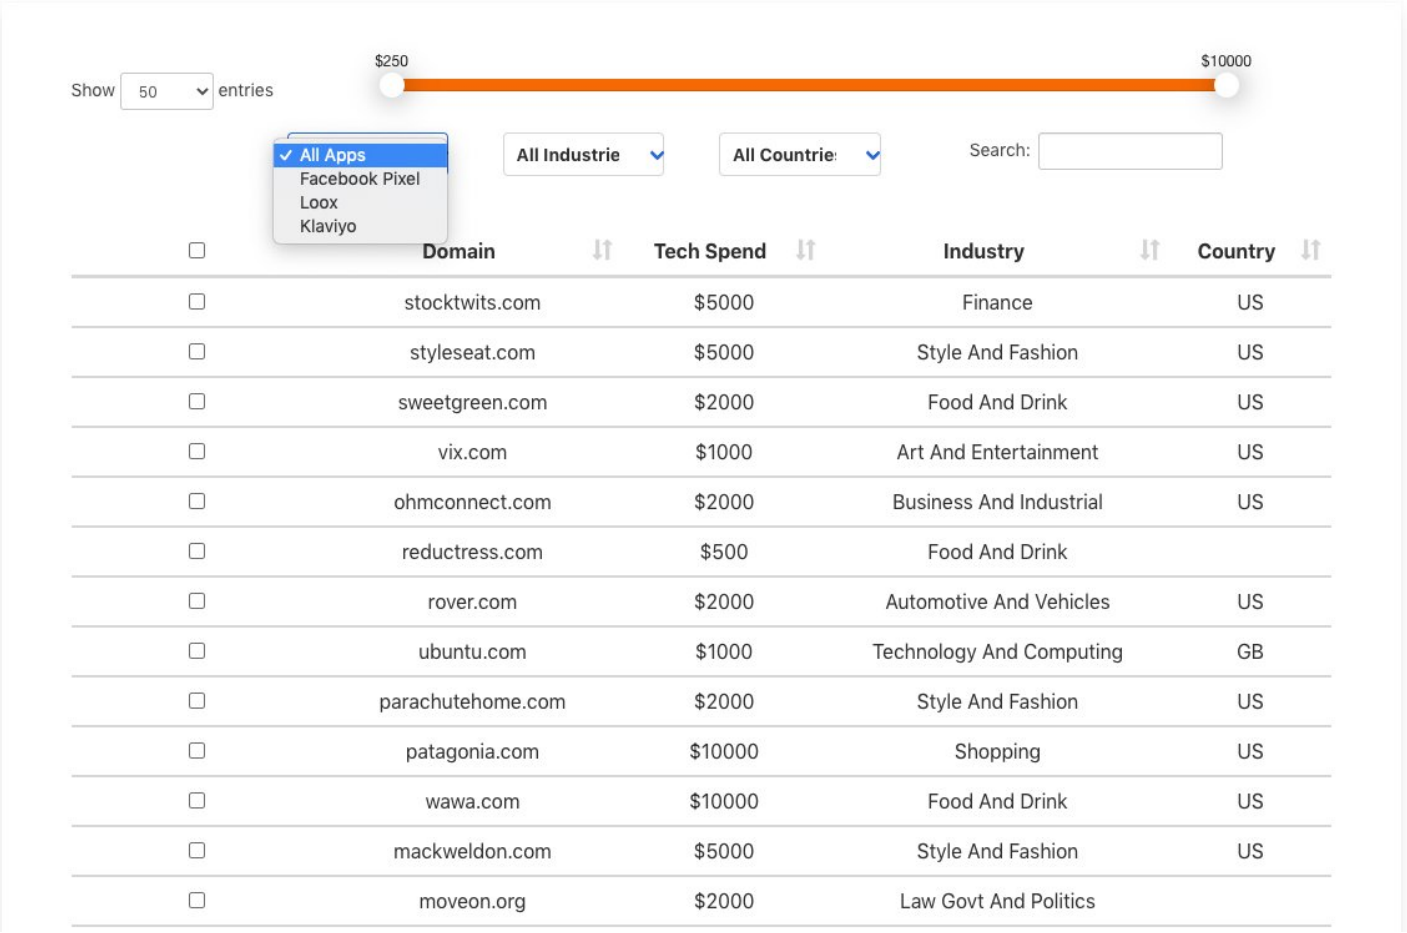

Further filter based on apps installed.

Selling email marketing?

Shopify + Klaviyo

Instantly unlock direct email addresses of decision makers WITH LinkedIn profiles.

Emails are already verified, no need to do it yourself.

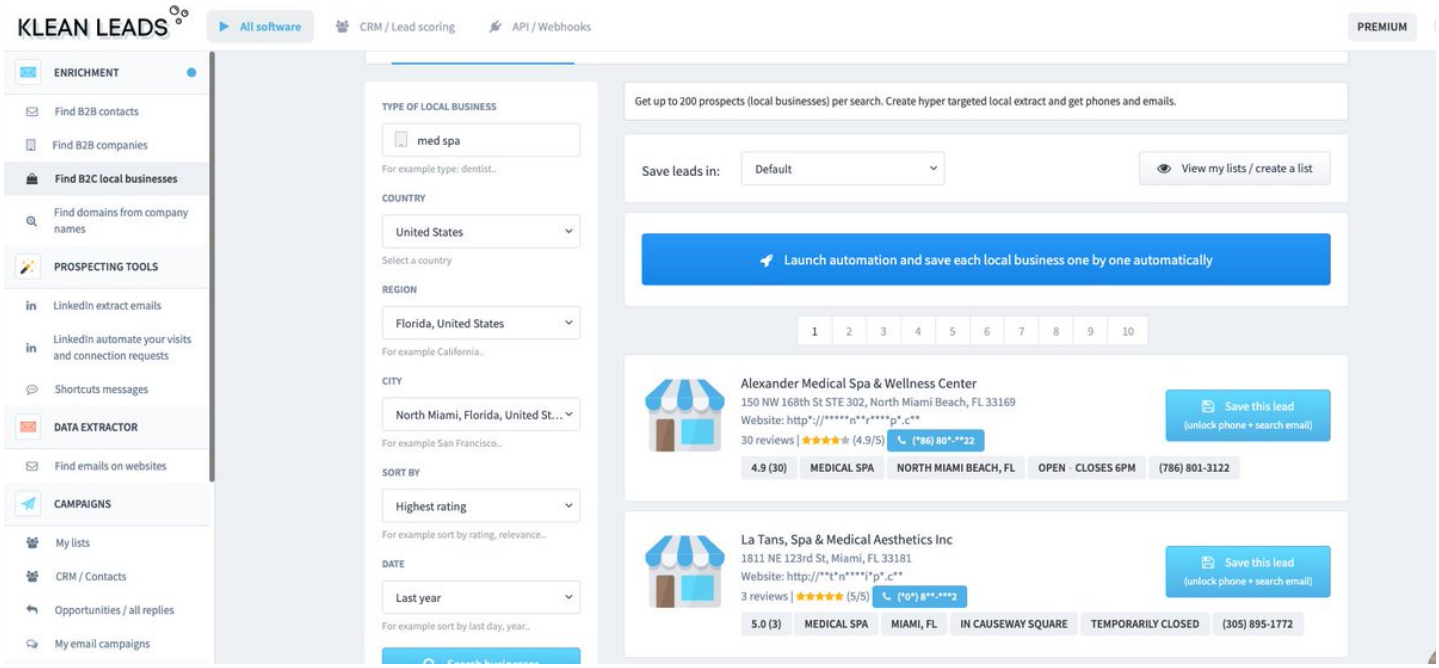

2/ Local Biz

Use https://t.co/B53qu5yEIy

"Find B2C local businesses"

Specify country, state, city, sort by ratings.

Instantly unlocks generic email addresses.

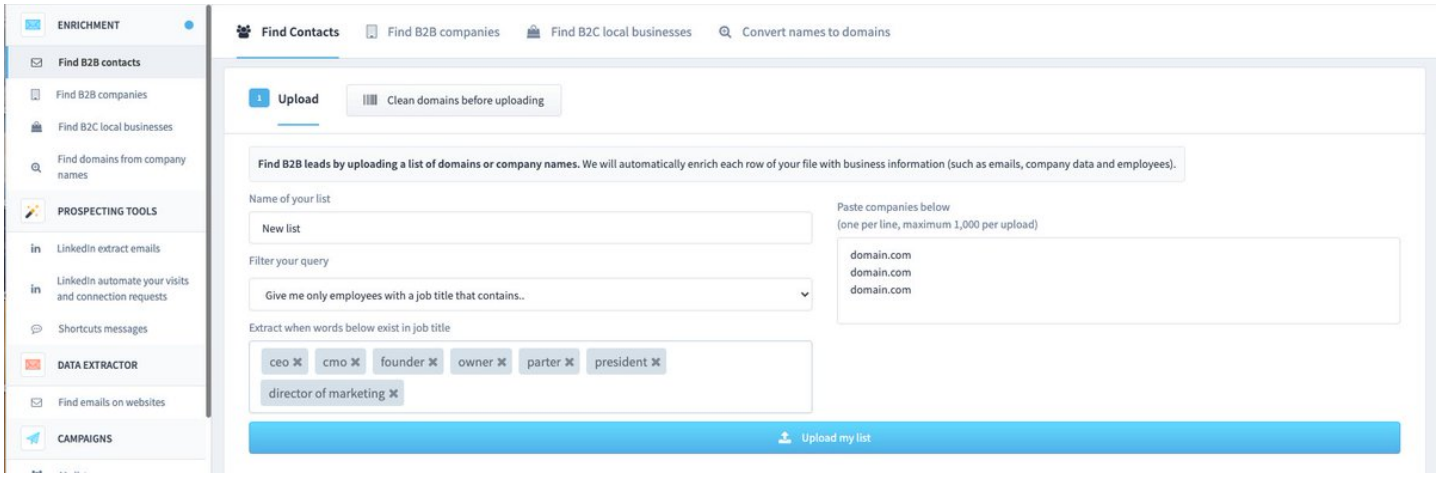

But wait

You need direct owner emails.

Take the list of domains, and plug them into Klean Leads "Find B2B contacts"

CEO
CMO
Founder
Owner
etc.

It will process and spit out *direct* email addresses of the titles you specify.

3/ LinkedIn Searches

Let's scrape marketing agencies.

Go to LinkedIn and type in "marketing agency" (just an example)

Click "all filters"

Connections: 2nd, 3rd

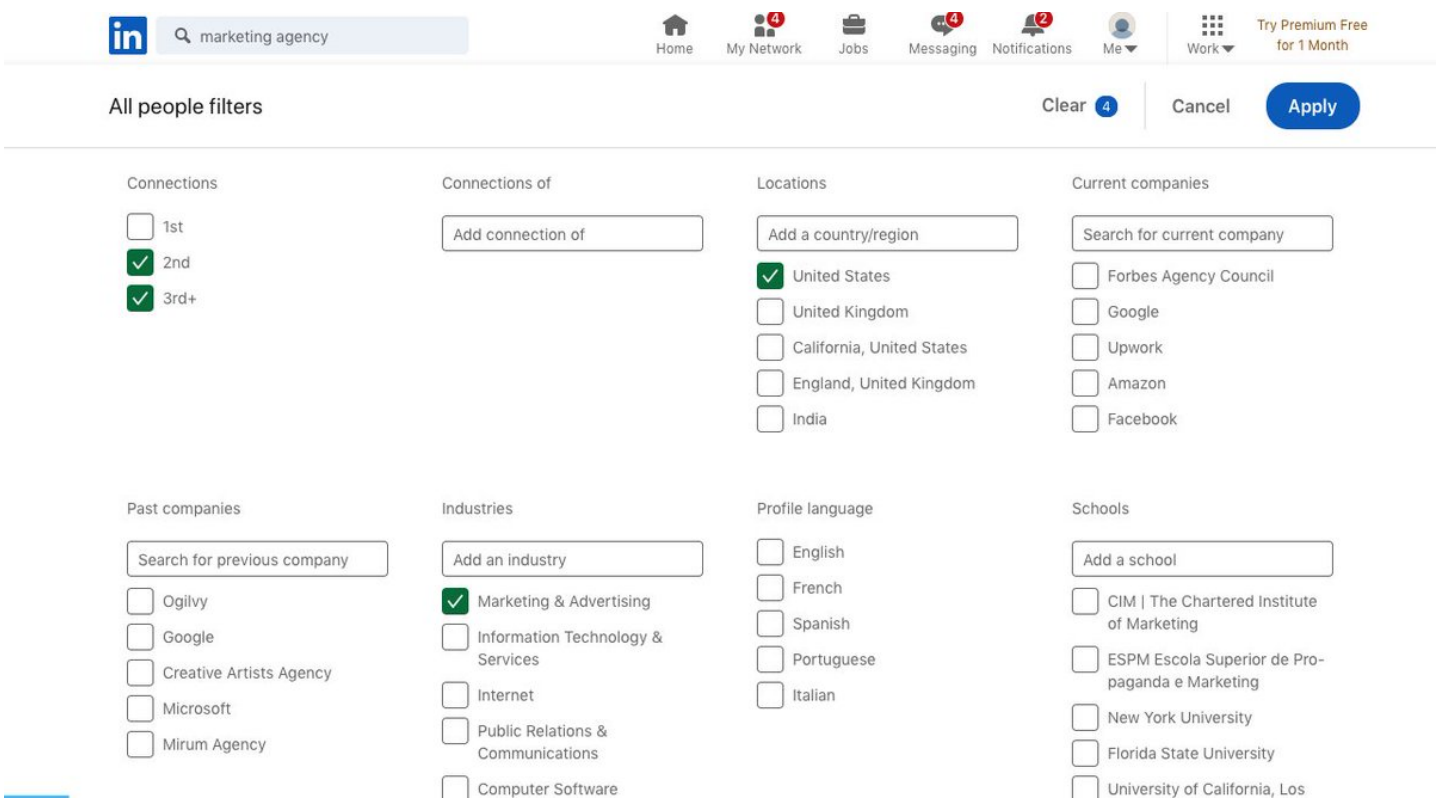

Location: US

Industry: Marketing & Advertising

Titles: owner OR founder OR CEO OR CMO

Ready?

Let's scrape it

Klean Leads "LinkedIn extract emails"

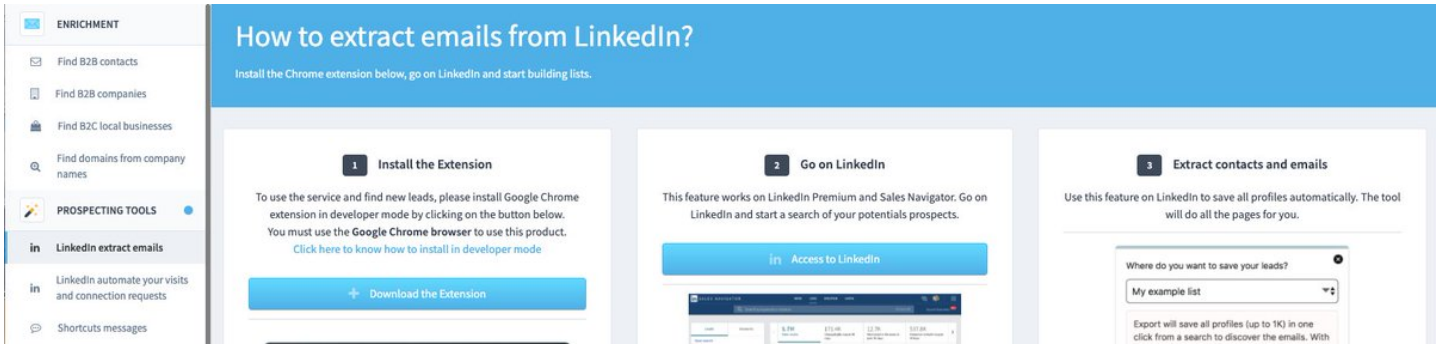

Download the Chrome Extension

Go back to LinkedIn. You'll see these boxes on the bottom left.

Click "emails extractor"

Another box will pop up.

Just click "extract emails from this search"

Leave it for a couple hours.

I let mine run for ~15 minutes and got 121 emails.

Download as CSV

Now you've got their direct email

No info@ or support@

The PERSON'S email.

4/ Info product providers

Course sellers.

Download Growmeorganic

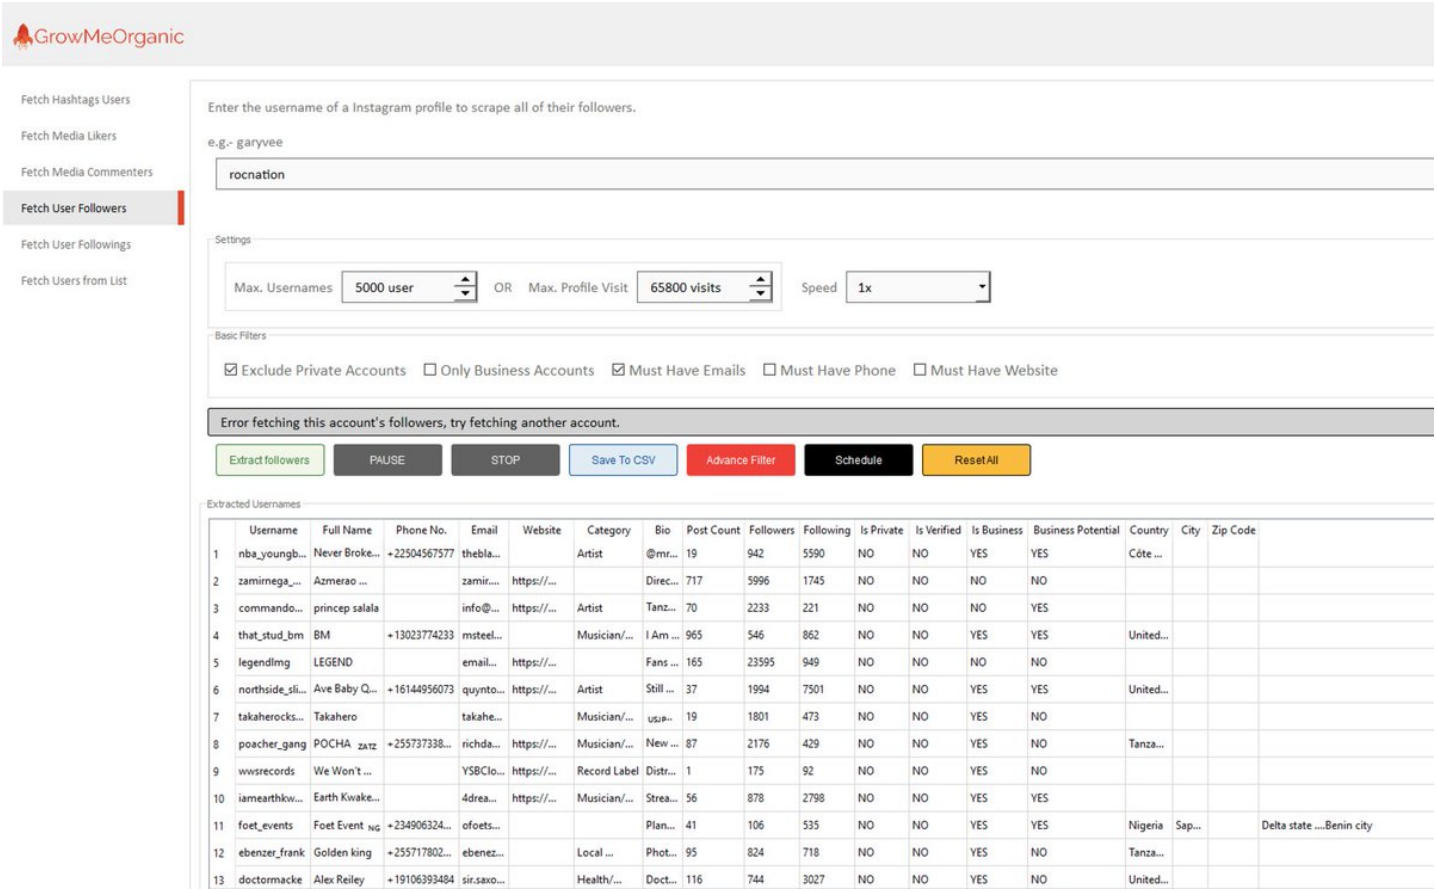

Pick an influencers followers. Somebody in online marketing.

Scrape their followers.

Further filter by strings in the bio

"I help, I teach, coach, consultant"

Go through them to make sure they're good

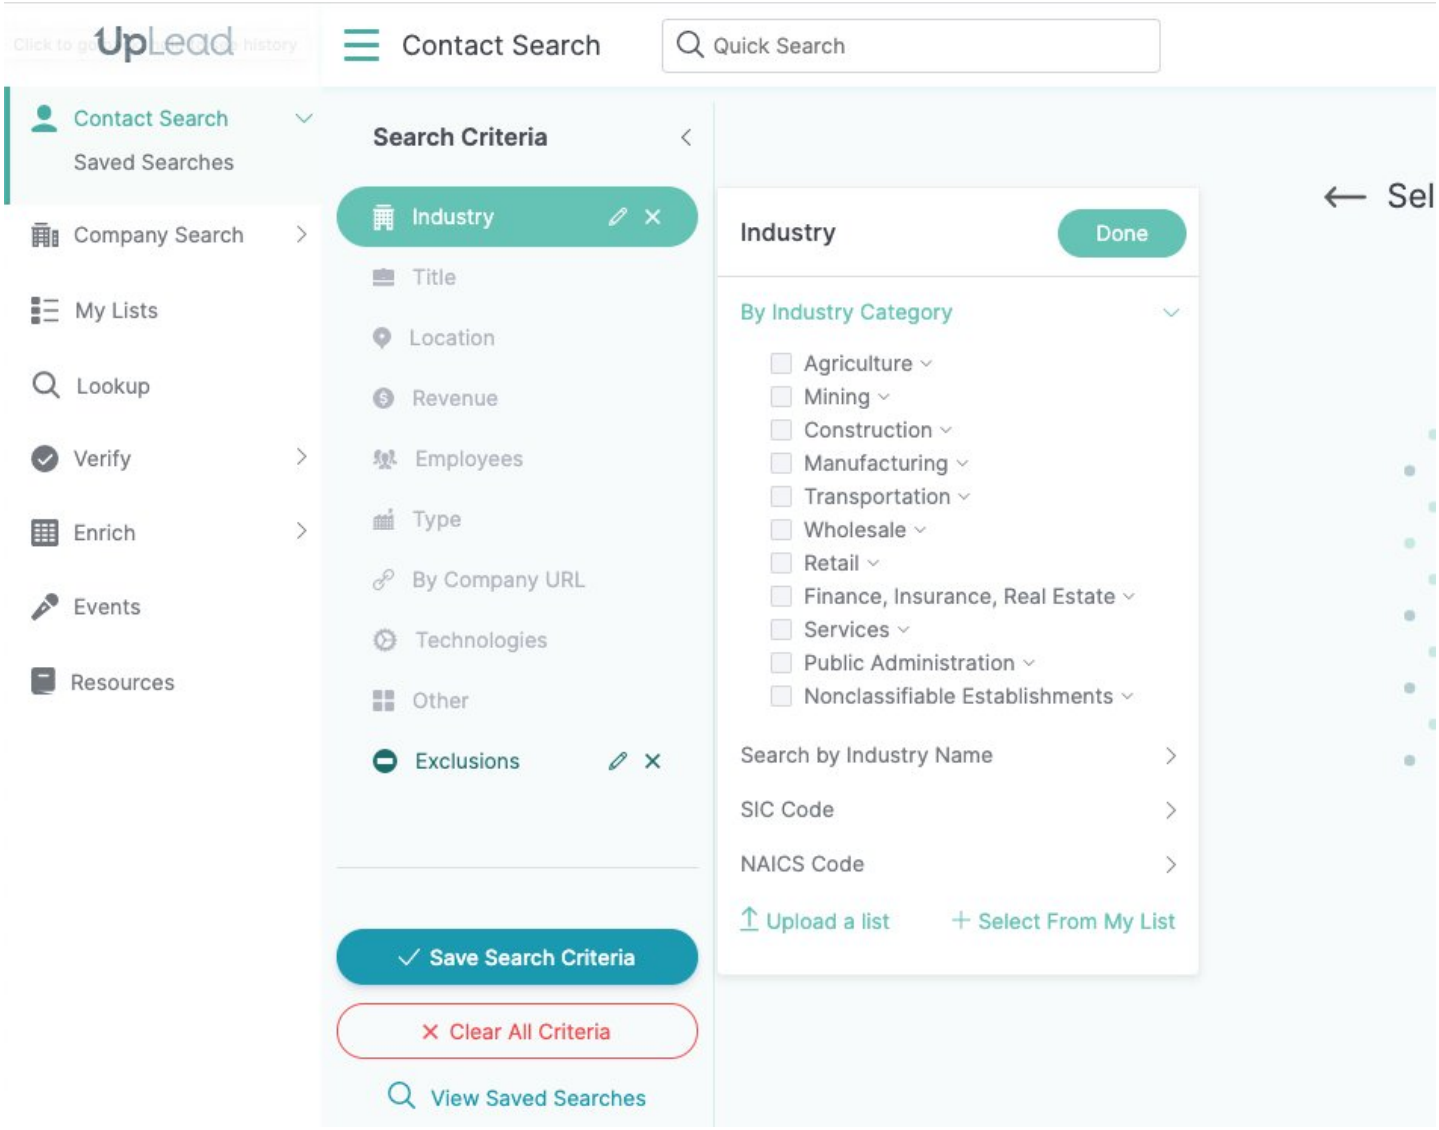

5/ Enterprise

Are you selling absolutely massive packages to giant companies?

Use Uplead.

Just found direct emails VP / C level execs of retails stores in the US with $50M+ revenue. There's 33,181.

Congratulations, you never have to worry about leads again.

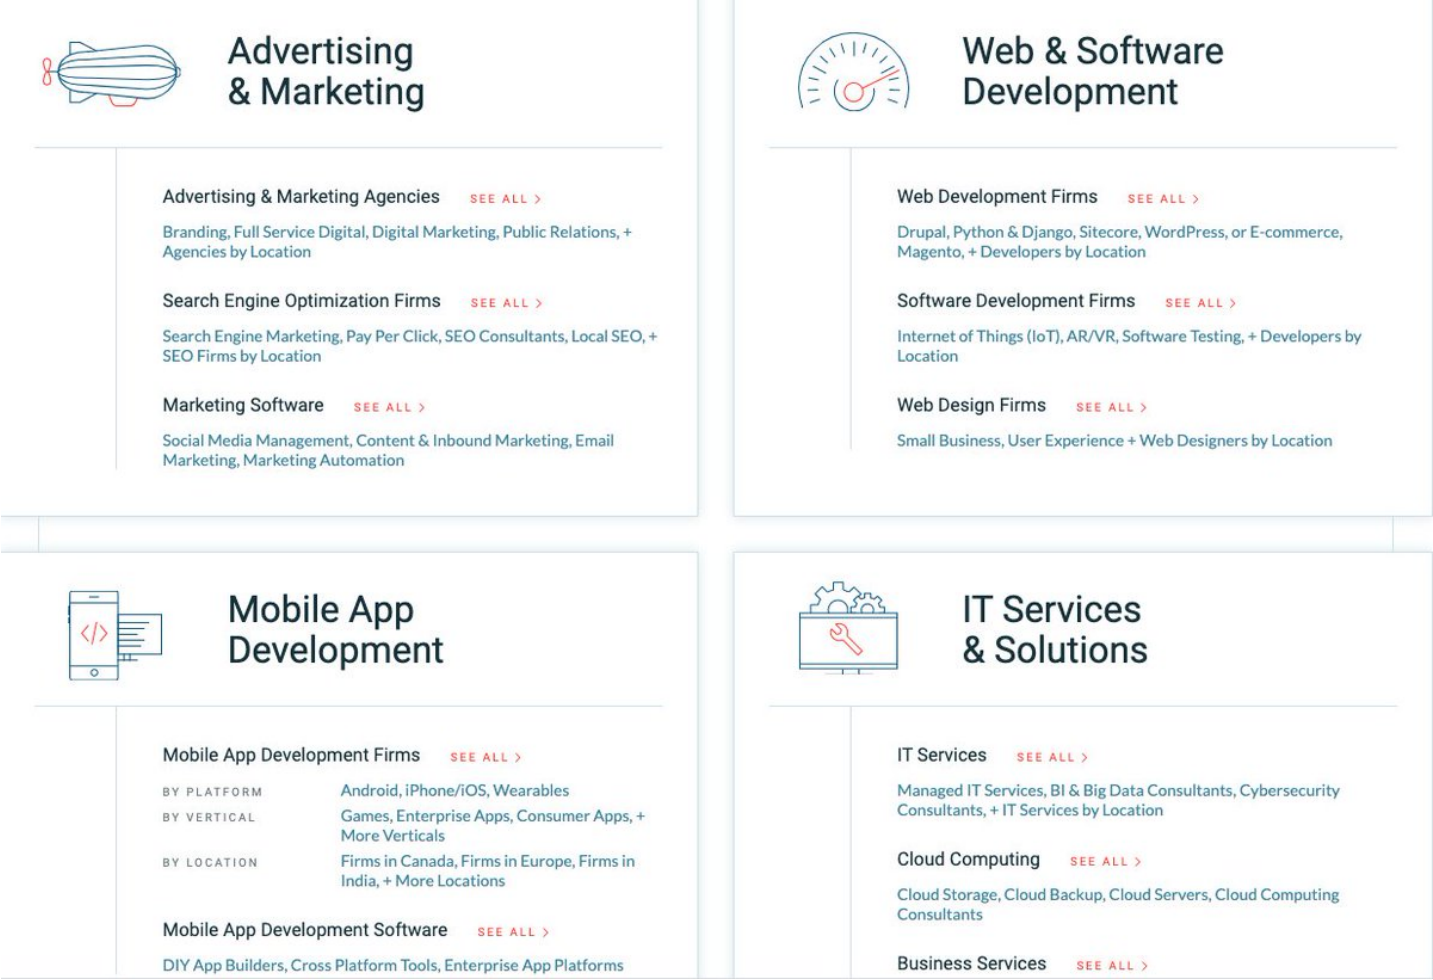

Let's get more specific. Say you want to scrape directories.

Here's Clutch, a site for B2B servicers.

Hire on Upwork to scrape the domains. Will cost you like $30-$40.

Here's 32,654 SEO agencies.

Throw ALL OF THEM... into Klean Leads to get the owner contact info.
