1. Reminder : it has now been 4 WEEKS + , since POTUS Trump made his declassification order of the Page FISA, plus unredacted texts between James Comey, Andrew McCabe, Peter Strzok, Lisa Page, and Bruce Ohr.

The declass order was 14

2. The decision to hold back (in article above) was 21 September, 3 weeks + ago.

You'll recall that the delay was because 'allies' (read Australia & UK) raised 'concerns' about what may be in the material.

Note : they seem to know what's in the documents, in itself revealing.

3. On 4 October, in an act of mind-boggling stupidity, these 'allies' then took advantage of Trump's generosity, using the delay to trot out a combined 'muh Russia' narrative, in full knowledge that it is total BS, esp in relation to the US election:

4. Trump will be FURIOUS.

It amazes me that the THOUSANDS of so-called experts in western governments, haven't yet worked out that one of the worst things you can do, is to try and play a fast one past Trump.

They have now GUARANTEED Trump will reveal their TOTAL involvement.

5. If they'd been smart, they would have not only kept their traps shut during the delay, but also shared info with Trump about who was involved on their side, with the Obama/Clinton scheme to rig the 2016 election.

They've made things exponentially WORSE for themselves.

6. It's probable that over the last 3 weeks, OIG Horowitz will have completed his report.

As we have seen, Sessions was in Utah on 3 October, meeting with John Huber, who is Horowitz' law enforcement arm.

None of this is by accident, or coincidental:

7. Trump had ordered SPEED.

While leftists were distracted and consumed by their despicable attempt to ruin Justice Kavanaugh and his family, IMO Horowitz will have delivered his full report, including the material in Trump's order.

8. Any concessions to 'allies' will have been terminated on 3/4 October, when they breached Trump's trust.

They only have themselves to blame, if their full role is revealed.

There's been some conjecture that Trump will hold back on release until after the mid-terms.

9. I don't think he will.

The Democrats are in a sorry state, right now. Their performance during the Kavanaugh hearings was appalling. They're like the punch-drunk fighter, Stu able to wield a few haymakers, but unsteady on his feet.

It's time for the KO blow.

10. The mid-terms are just too important for Trump to take any risks.

He needs the Dems to be as TOXIC as possible, essentially unelectable to the reasonable person.

IMO we will see Dem Congress figures IDd in this OIG report, as well as #FakeNews stalwarts.

A KO blow.

11. It says a lot about the state of the Democrats that they'd use the architect of the 2016 rigging, Obama himself, to be the calling card for the mid-terms.

How dumb do you have to be?

I wonder whether Obama & his crew may be exposed in the OIG report, as well.

12. Exposing Obama & Clinton, 2-3 week before the mid-terms, would would create a NIGHTMARE scenario for the Democrats.

Especially after their Kavanaugh disaster.

So it wouldn't surprise me, if they are exposed.

We will learn the truth, soon enough.

#MAGA

The end.
