BREAKING: Nikki Haley is leaving at the end of the year, Trump says. She wants to "take a break."

Agree.

It’s difficult to imagine Trump has actual positive regard for Haley, who has not been as deferential as he likes.

From Haley’s side, the timing of this announcement seems like a dig at Trump, given midterms are coming and she’s not leaving ASAP.

> Whatever is said by Trump and Haley...don't believe it. They are both experts at trying to put a good face on things and then relentlessly pursuing their own agendas.
