1) Let's say for a moment the "secret sting" theory of Sessions/RR/Wray is true.

What has the delay cost us?

2) It has had a MAJOR impact on the lawlessness, mobbing, and rioting of the fascist left.

3) Sessions has done absolutely nothing about the issue of lawlessness.

2) It is crucial that he begin to indict these rioters on federal civil rights violations; shut down antifa as a terrorist organization; and begin prosecuting cities for failing to enforce civil rights laws.

3) His diddling while all this violence goes on is dangerous, and without some sort of legal action against these people, they will only get more violent til people die.

4) Sessions should have been on this since 2017.
