THREAD: Americans need to recognize that what the Kavanaugh's confirmation battle was for the Senate, the battle over exposing misconduct by Obama Administration officials and career FBI/DOJ/CIA is to the House. @DevinNunes is fighting to reveal what happened and it mirrors 1/

2/ what Dems did to Kavanaugh. The Democrats' pushing of Russia collusion narrative is no different than the Kavanaugh sexual predator narrative. Both used gossip, Dem. activists, Dem activist lawyers, complicit media, complicit Dem gov't workers, leaks, lies, and character

3/ assassination, and w/held documents. Difference is that w/ Kavanaugh the Dems efforts were fully exposed and Republicans and moderate Americans of both parties sees the importance of holding the Senate to prevent this behavior from being rewarded. BUT the reality of "spygate"

4/4 hasn't yet been fully exposed. And if Republicans lose the House, they'll lose the efforts of @DevinNunes and others to bring to light the evil use of gov't power to take down a political enemy. The same anger directed at Senate Dems. needs to be directed to House Dems. END.
