#VACCINATIONDEATHS

With PM Modi soon launching "BJP's vaccine" against COVID19, we will have to get used to "Vaccination Deaths" like those infamous "Demonetization deaths". Here is an attempt to compile a list of potential news reports during the vaccination drive.

71 year old man collapses and dies, standing in serpentine queue during Modi's ambitious vaccination program. 32 year old Kerala youth dies 7 hours after COVID vaccine. The two wheeler he was riding was run over by a truck.

His friends claimed, "He never had such accidents before taking the vaccine."

One more vaccine death. 36 year old Doctor, who had received first dose of COVID vaccine just 8 days ago, was beaten to death by bystanders of a patient who died in the ICU due to heart attack.

Modi's Vaccine consumes another life. A 46 year old lady from Aligarh, who received a shot of COVID vaccine 3 weeks earlier has hanged herself to death.

Aluva youth succumbs to Modi's vaccine. 28 year old man from Aluva in Kerala, who had recieved the first dose of COVID vaccine

drowned in the Aluva river. His friends blamed the vaccine for his death. Faisal, his close friend told the media, "Because he had to go for vaccination, he applied for leave from office. Since vaccination was over quickly, he went to Aluva river for swimming.

If there was no vaccination, my friend would have been alive today."

Vaccine kills nonagenarian. A 93 year old Muslim man from Hyderabad has died in his sleep just 19 days after he was administered the fatal COVID vaccine launched by PM Modi.

Rahul Gandhi has issued a strongly worded condemnation, "This is why we said vaccine is fraud. It is designed to reduce population of minorities in India. Just try to understand this. A man who had not died even once in 93 years has died after this vaccine.

What more proof do we need ? Modi must scrap this vaccine."

Vaccine Kills Youth. One more jolt to people's trust over Modi's COVID vaccine. A 19 year old boy, who was in queue for COVID vaccine, tried to jump queue. There was an altercation between the youth and some other

people in the queue. The boy suffered serious head injuries and succumbed to his injuries on the way to hospital.

Mounting Vaccine Deaths. Modi's ill-advised COVID vaccination drive has claimed one more victim. A 37 year old construction worker, who got the deadly dose of

vaccine four weeks ago, fell to his death from the eleventh floor of the under-construction building. He was due for second dose of the vaccine in a couple of days.

Couple dead within hours of marriage. A 27 year old Techie and his 26 year old wife became latest addition to

vaccine deaths. On the way to their honeymoon, the newly married couple climbed on top of a pavement in front of a huge hoarding carrying the advertisement of Modi's vaccination drive to take a Selfie. The pavement collapsed, killing the couple instantaneously.

Vaccine toll mounts. In a tragic incident, a family has claimed their 89 year old Asthmatic mother died because of COVID vaccination. They lamented that a large number of people waiting to get vaccinated in their neighborhood inhaled all Oxygen and their mother asphyxiated

to death because of that.
