Yes, Trump and his team had seen this stunt before. THIS time they have the Mexican gov't on our side to protect the new trade agreement.

> BREAKING: Migrants in caravan turn back after moving toward border crossing on Mexico-Guatemala frontier.
>
> — The Associated Press (@AP) October 19, 2018

How many got through the last time they pulled this stunt? Did they get the huge photo op of the kids being separated from their parents that they wanted?

Would people STOP PRETENDING they don't know Trump is ready for this?

Sheer panic in my mentions. 'OMG THEY GOT THROUGH A FENCE NOTHING'S GONNA STOP THEM NOW ARGLE BARGLE BARF!"

Grow the hell up.

Some of them are still coming, you say? Well my goodness, I guess that means there's nothing Trump can do now.

He's finished, isn't he? ■

I'm reminded again why Thomas Wictor had to frequently tell people DON'T BRING ME YOUR FEAR, I'm not interested in it. Take it somewhere else.

If this caravan actually DOES make it our border, Trump will have measures ready to deal with it.

Stop the hysteria.

I don't even need to look. I know the same doom criers that ginned up the FIRST caravan as a huge castastrophe for Trump are doing the exact same shit today.

They whipped up the hysteria about the ARMAGEDDON that would happen when that caravan reached the border.

Don't you remember how it fizzled and died away? Don't you remember how nothing happened? Don't you....

Ah f**k it.

I'm clearly wasting my time here.
