■I can’t help it. Everytime Trump mentions the #Mob I think about his ties to organized crime, the Russian Mafia, Semion Mogilevich, Sex trafficking, money laundering, RICO.. It’s like he can’t help “projecting” his crimes. #MuellerFriday ■■■

■See, Mogilevich sent Ivankov to buy a condo in Trump Tower for a reason- so he could launder money thru his casinos & real estate. But he never trusts anybody, so he plants ‘bugs’ to keep track of his money. Putin does it too. It’s future Kompromat■https://t.co/90PKOTNtR0

> \U0001f92dYou know those Trump condos that were purchased by RU (Qatar, Azerbaijan) spies, arms dealers, Oligarchs, mafia and Chinese Intel (Angela Chen) in New York, Florida and elsewhere\u2049\ufe0fI bet they\u2019re a network of \u201clistening stations\u201d for Putin. \U0001f440 https://t.co/diH8KNrxnp

■■■Saudia Arabia owns the entire 45th floor of Trump Tower. Imagine what they can hear and what they could see... It’s likely they thought it was a perfect vantage point to watch their pilots fly into the WTC. They bought it just 3 months before 9/11 https://t.co/B1MfDGQhvQ

■Trump watched planes fly into the WTC “Because I had a view. I have a window in my apartment ‘specifically aimed’ at the WTC. And I watched as people jumped and I watched the second plane come in. I saw the 2nd plane come in. I said, Wow that's unbelievable." Did he know■■■

■■If Trump could watch the planes hit the WTC, the Saudi diplomats on the 45th floor COULD TOO.
