I will be live tweeting my race to the airport. here we go

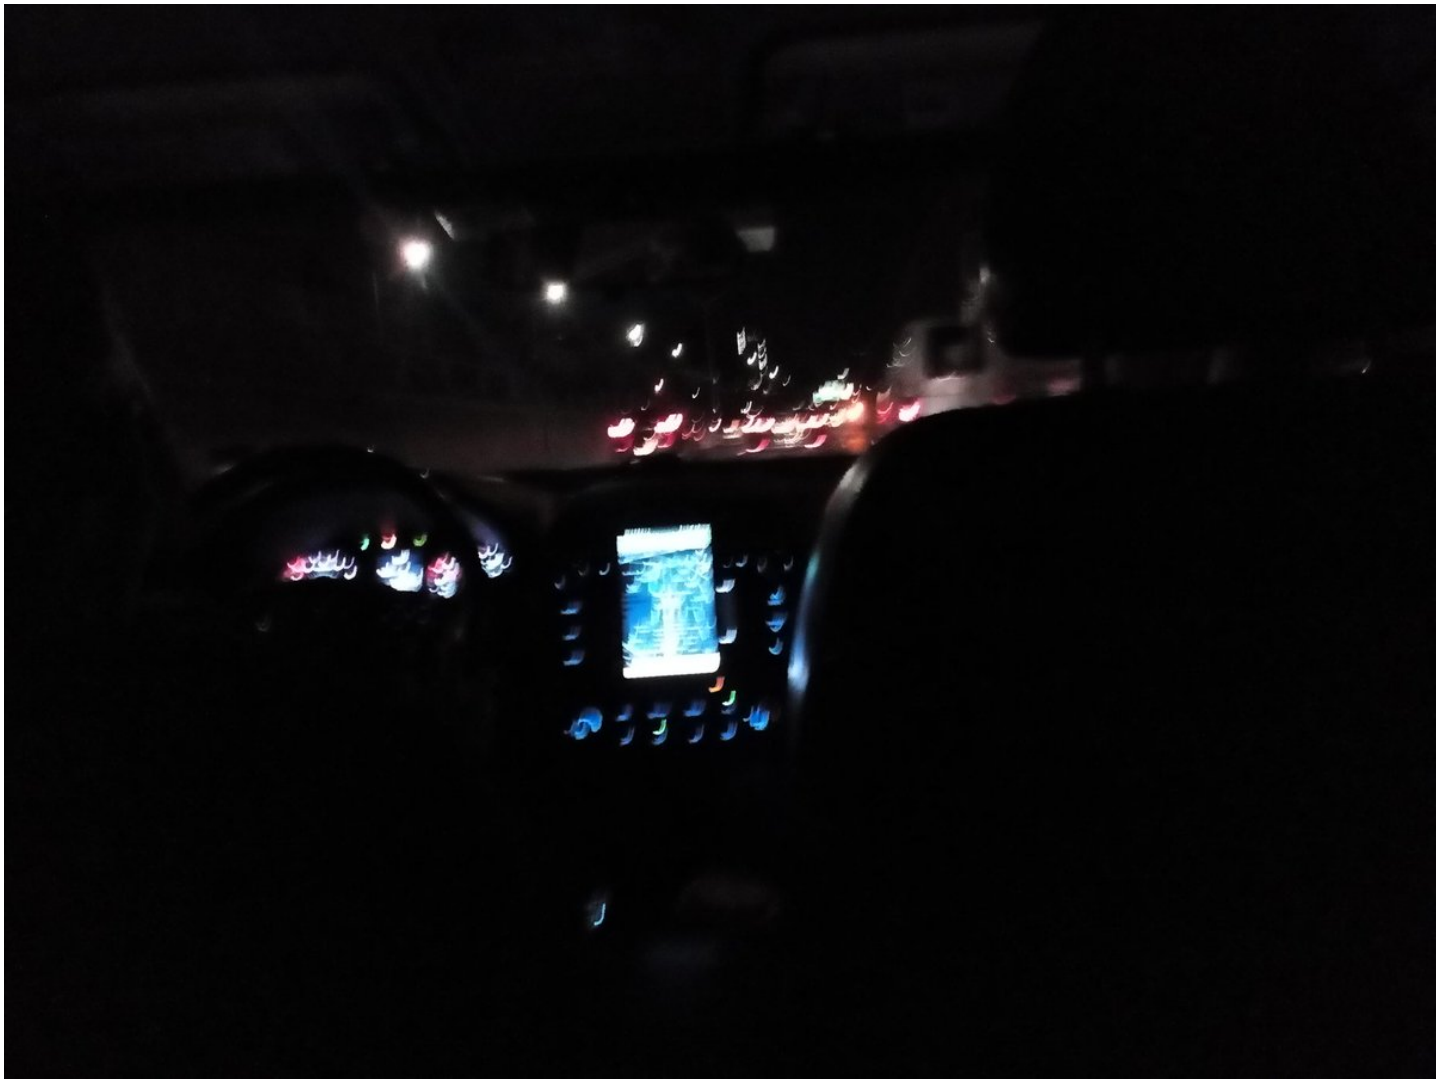

flights boards at 5:15 am. it's currently 5:01am and gps says i'm 36 minutes from the airport

uber driver is an awesome salty NYer. in the trunk of his car ■ was the one thing most old school NYC ■ drivers keep laying around; an aluminum baseball bat.

we are out of the tunnel. Picture taken on my plastic prison phone because that's my jam. Flight boards in 7 minutes, I'm 23 minutes from airport

drivers seat is at 70% recline because he’s a G. (picture not taken on my plastic prison phone - it was just a black screen when I tried ■■■■)
