[THREAD] The Muslim genocide of Gujurat in 2002.

In 2002, the person who ruled Gujurat was ... Narendra Modi.
Also at this time, there was a lot of community tension between Muslim and hindus.

Now we are at Godhra in 2002, especially in its railway station.
Many hindus from some radical group like Vishva Hindu Parishad attacked, 27 February 2002, it was created a tension between them and after, a train for Ayodhya with Hindus pilgrims was burned.

59 people, mostly women and children were killed by this fire.

After this disaster, Modi came directly and showed his solidarity with these victims.
He carried their bodies to Ahmedabad.
He said also indirectly that, Muslim were responsible, speaking of "premeditated and inhuman act of violence"

The next day... The Bajrang Dal (Hanuman Army) and the VHP (Vishva Hindu Parishad = "World hindu council"), decreed a day of event throughout Gujurat.

It was at this moment, the beginning of genocide against innocent muslim civil in Gujurat.

28 February 2002, 97 Muslim were killed by 5000 hindus from especially, the Bajrang Dal at Naroda Patiya, in Ahmedabad, a lot of mosque were also destroyed.

For muslim women, they were publicly for some of them at Naroda Patiya and other parts in Gujurat, raped, gang raped, mass raped... sometimes even in front of their own family and after, burned by radical hindus only because they were muslim.

Even for pregnant muslim women, they were ruthless, they raped them , disembowel and burned their babies.

You can also read, the testimony of Bilkis Bano, a muslim woman who was raped and lost her children in front of her rapists.

I translated also from the French book «Pogroms et ghetto: les musulmans dans l'Inde contemporaine» by Charlotte Thomas.
You can see with more details what happened exactly for Muslim women, men and children in Gujurat during this genocide.

French text from the book of Charlotte Thomas.

You have also any proof that how these terrorist were helped by some member from the BJP and policement... They get some address of muslim, and where they lived etc.. for the reason that we know now.
Even one minister, Maya Kodnani helped them against civil Muslim.

Also, check how these terrorist saw Muslim in Gujurat, especially this terrorist Babu Bajrangi, the ex leader now of the Bajrang Dal think about Muslims :

Even recently, in 2017, you can see how they are proud for Gujurat genocide and use this like a threat against every Muslims in India...

For Narendra Modi, you can see how he was the responsible, how some police were accomplice with these terrorist.
UK and USA were against him just, after this genocide.

They attacked even Hindus who're accused to be nice with Muslim... they were also killed, gangraped like this poor Hindu women.
She was gangraped by many men in front of a lot of people + her own children.

Even for Godhra tragedy, it's today also, controversial, we don't know if muslim were really responsible or not... check some article like this : https://t.co/eoZM14GZxA

According to the official source, 790 Muslim and 254 Hindus were killed, 100 000 Muslims also and 40 000 Hindus were rendered homeless.
But according to the Civil rights and Muslim groups, more than 2000 Muslim were killed by Hindu mobs.

Now, check these pics and testimony of muslim refugees.

You can get more information on google,i don't want my thread will be more long for you,just if i made it it's because, a lot of us, Indian Muslim, especially the diaspora don't know really what happened with the actual tyran.
