#ANGELONE being the strongest among the **#broking** stocks has taken off!

Which one would be the next?

I think it is just about time for **#broking** stocks to \U0001f680!

- **#AngelOne** looks the strongest & near ATH
- **#Isec** near major trendline support, forming Dojis on weekly
- **#Motilalofs** near major trendline supports, forming Dojis on monthly

All three low-risk setups! [#stockideas](https://pic.twitter.com/xB3Tm9jSou) pic.twitter.com/xB3Tm9jSou
