#ASIANPAINT Shared monthly chart for reference ■

~ Gave sell call near 3300

~ Good to add at below levels

2580 /2200 <https://t.co/IRdCEfw7WD>

#ASIANPAINTS We all know about this stock but is it really worth to add at CMP?

Reasons are \U0001f447

~Monthly RSI is too high .So we may see breakdown in next few months

~Continuous profit booking at top level.Hence we're near to top in long term chart

Hope it helps u to understand\U0001f60a pic.twitter.com/3ltwZMs3d8
