WRITE DOWN your new moon wishes on paper in the next 24 hours and then review them 6 months later when a full moon happens in the same sign

See what came true or what progressed for you.

What should you wish for during this Krittika (28° Aries) full moon.

*More self confidence to act out of one's best interests without guilt

*Bravery and release of inhibitions

*Greater willpower and the determination to keep moving forward

*More Energy, Vitality & Courage

Personalize it, and start with gratitude.
