Karma does not mean our Fate.
Karma means our Deeds.

We act with a conditioned free-will creating our own destinies.

Karma refers to the totality of our actions and their associated reactions in this and previous lives, all of which determine our future.

There are 3 types of Karma as per Vedas:

Sanchita Karma: Total accumulated Karma so far (D60 chart)

Prarabhda Karma: A portion of your Karma which has to be faced in this life. Ripened Karma (6th house)

Kriyamana Karma: Fresh Karma you create in this current life. (10th house)
