1. "I adamantly oppose the Black Lives Matter political movement, which has advocated for the defunding of police. They also advocate violence and destruction across the country."--Kelly Loeffler

2. Let's have a closer look. First, neither Joe Biden or Kamala Harris has ever advocated to defund the police. That would be sheer idiocy. This trope was picked up as a calculated talking point in order for #Trunt to stir up his base into a frenzy, and to continue the hatred.

3. Her abject hatred for #BLM speaks volumes on its own. We need to look at her statements regarding #BLM caused violence and compare this statement against a sitting president openly calling for his pets, the ProudBoys to LIBERATE MICHIGAN and OHIO. And what happened.

4. We then began hearing outrageous responses to #Trunt's bull horn invitation in the form of a foiled plot to storm the MI Capitol bldgs in Lansing, kill as many cops as possible, and set it all on fire. FAKE NEWS!, I can hear you MAGAts screaming. I'm afraid not.

5. I read the FBI report in its entirety. They had plants within, and informants outside. The next phase was to kidnap a seated US Governor, and kill her. This violence came at the behest of your president. Nobody else. No Democrat stumping to rile people to violence. From HIM

6. So Kelly Loeffler, whose husband manages the NYSE, was finding herself in an uncomfortable investigation regarding her integrity. Hubby gives a million dollars to Trunt, and poof! The investigation is suddenly and mysteriously dropped. Integrity? Concern for her constituents?

7. The cries of violence by the #BLM, the nonsense claiming Dems want to defund the police, need to be regarded for exactly what they are. Projecting the sins of the villain upon the integrity of an opponent. It's the oldest trick in warfare. Georgians are too savvy to be duped

8. by this disgraceful, unscrupulous amoral behavior, Kelly. The veil you tried hard to keep in place has fallen, exposing the rot lying beneath. You don't deserve the loyalty of a constituency whom you've been cheating all the while. You will be rendered obsolete, right Georgia?
