Dear family.

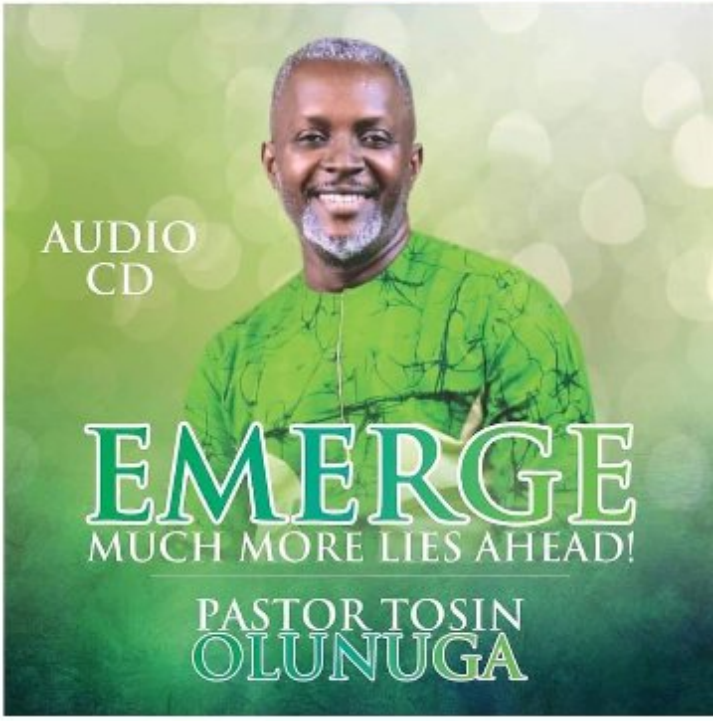

You can gift someone or an entire family any of my books on Prayer & Intercession. Either of them will surely enhance your prayer life.

Both books are equipped to gain your attention from d first page.

Here are some feedbacks from those who have "tasted" from them

EMERGE
#It's difficult to describe this book in one sentence. Reading through it feels like a devotional more than a book on prayer. And then it feels like a motivational text also. Emerge will get you to pray even as you read the book.
This is one book that

a reader is sure to read more than once. It's very rich in scriptural illustrations and practical in its application

I held a beautiful book in my hands. I read and fell in love with the book, and what a befitting title EMERGE. May the ink in your pen never run dry. May the Holy Spirit never depart from you.

I am an avid reader of Max Lucado. I thought I was holding one of his books in my hand. Way to go man of God.

EMERGE! EMERGE!! EMERGE!!!
This is the time for us as God's own children to EMERGE. We cannot continue to defend and allow the enemy rob us of our privileges.

We must get back to EDEN and reign as God originally created us to be.

Bearing this in mind, it's expedient for each and every true child of God discover who he/she really his and reposition.

Are you ready to Emerge?

Get a copy of Pastor-Oluwatosin Olunuga and you'll understand what I mean. This is not a medium of advertising, it is pure truth,

when you read then you'll know. You can't just start the book and not get on bended knees in prayers/intercession.

Thank you so much sir for being sensitive to the Holy Spirit. #EMERGE is for such a time as this!!!

translation to Portuguese and Spanish o. My Brazilian folks here need this book.
You should join in this celebration of newness too. Order your copy.

Her 3rd feedback after 48hrs.

She wrote after reading my new book with a bucket of popcorn...

I asked jovially, have you finished your popcorn?

And she gave me all these...

-Which popcorn? I ignored popcorn when I got ignited by the fire from Emerge.

-Mi o ti recover

My hubby wants to read too. He's been disturbing. So I told him to go and buy.

-I can't share for now. I'll rather be selfish

-He said he noticed that my prayer this morning during the family devotion has taken a new turn

-And please do Portuguese version o. God will help you

This book should go worldwide..
Hello sir. Hmnnnnn!!!

Don't know what to say. All I know is that you didn't just write another book: You must have definitely heard from God. The book is blessing me each day:

Its not another book to add up to one's library:

Its a book one needs for daily lifestyle.

As a believer.. I don't know if you understand.

There are some books you buy, read and just drop after getting blessed, But there are some that you must read and reread throughout your lifetime if not missing or stolen:

Books like Emerge by you, purpose driven life by Rick Warren, God's chasers (forgotten the name of the writer) and can you stand the chance to be blessed (by TD Jakes):

To ba sonu , I'll re-buy:

I'm just stealing away time, can't help but tell you.

You can order yours now and we will deliver.

Merry Christmas
