Our new immigration levels plan for 2021–2023 sets out a path for responsible increases to the number of immigrants to help the Canadian economy recover from #COVID19 and lay the foundation for future growth. Highlights of the plan include: THREAD

A focus on how immigration can help our economy, with approximately 60 per cent of immigrants to be chosen under economic immigration programs.

A renewed commitment to improve the processing of immigration applications, including spousal applications, by maximizing digital solutions.

An increase in admissions over the three years of the plan to make up the shortfall in 2020.

Additional points for French-speaking candidates under Express Entry, to promote the growth of Francophone communities outside of Quebec.
