@chartians

**Are you are tired of scanning 1000+ stocks every day manually?**

**STOP ■**

**Here is a list of 9 candlestick scanners that are available absolutely for FREE:**

**A thread ■**

1/ Bullish Engulfing:

A bullish engulfing pattern is a candlestick pattern that forms when a red candle is followed the next day by a large green candle, the body of which completely overlaps or engulfs the body of the previous day's candlestick.

<https://t.co/NQhXQskg8H>

2/ Bearish Engulfing:

A bearish engulfing pattern is a candlestick pattern that forms when a green candle is followed the next day by a large red candle, the body of which completely overlaps or engulfs the body of the previous day's candlestick.

<https://t.co/rqhpM5NhsB>

3/ Bullish Harami:

Bullish Harami is generally indicated by a small green candle that can be contained within the previous day's red candle.

<https://t.co/h1h7ZMLci3>

4/ Bearish Harami:

Bearish Harami is generally indicated by a small red candle that can be contained within the previous day's green candle.

<https://t.co/uvS4A2K5dk>

#### 5/ Bullish Hammer:

Hammer candlesticks typically occur after a price decline. They have a small real body and a long lower shadow.

<https://t.co/GpPcgCfpBN>

#### 6/ Bearish Shooting Star:

A shooting star is a bearish candlestick with a long upper shadow, little or no lower shadow, and a small real body near the low of the day. It appears after an uptrend.

<https://t.co/po2VS7TGkD>

#### 7/ Morning Star:

A morning star is a three-candle pattern with the low point on the second candle. However, the low point is only apparent after the close of the third candle.

<https://t.co/wR30C6UhWx>

#### 8/ Evening Star:

An evening star is a candlestick pattern used by technical analysts to predict future price reversals to the downside.

<https://t.co/xjtGP8iGeU>

#### 9/ Doji:

A Doji basically means open and close is the same. It is a neutral indicator that provides little information. They are rare, so not reliable for spotting things like price reversals

Note: These are just the screeners that we also use. Before using this have a clear understanding by reading about how to use these candlesticks in your trading.

These screeners can be customized according to your need and they are readily available on Chartink.

These 9 screeners we are using these to shortlist stock for trading. We are sharing it so that it will benefit others.
