1) Buy a Gainer when bounce from VWAP

Condition apply to chart ink -

- Stock days' gain > 1%
- Candle Low < VWAP and Close > VWAP
- Now check chart manually

You will get list of stocks that are gainers and consolidated to bounce from VWAP

Stock **passes all** of the below filters in **futures** segment: 📄

[-1] 5 minute **Low** **Less than equal to** [0] 5 minute **VWAP** 📄 📄 📄 📄 📄 📄

[-1] 5 minute **Close** **Greater than equal to** [-1] 5 minute **VWAP** 📄 📄 📄 📄 📄 📄

Latest **% Change** **Greater than equal to** Number **1** 📄 📄 📄 📄 📄 📄

2) Near Day High

- Top gainers make 3-4 times new High in a day
- Best to enter when it break High of one wave
- Check charts manually after you get list

This screener gives you stocks that are near day High

Apply this with Time frame 3 or 15 min -
