"He estimates that by the second quarter of 2022, Brexit had left GDP 5.5% smaller and dragged down investment by 11%...60% of Britons now think leaving the eu was an error...70% of Britons favour a closer relationship with the EU" https://t.co/brPYhh00Hs

Brutal. “For us, success means no longer talking about Brexit,” says an EU diplomat. https://t.co/brPYhh00Hs
