When is the investigation into Boris Johnson's partying with a now sanctioned "former" KGB agent?

Surprised @RhonddaBryant didn't mention it on #BBCR4Today

Be a shame if people retweeted this clip of @YvetteCooperMP from July

#Boris4PM #BorisAndBust

"As far as I'm aware…" ■

"…no government business was discussed" ■

@mrjamesob reacted in July to Boris Johnson's answer to the liaison committee about partying with ex-KGB spy Alexander

Lebedev, whilst he was our foreign secretary

“This is about what appears to be a fundamental breach of our national security.

A breach that potentially endangered not just our country but the entire Nato alliance.

And we still know almost nothing about it.”
