“My children, Eric, Tiffany, Barron, Don Jr., and Ivanka were lucky to have Trump as their father.”— a narcissists Father’s Day message

- June 19, 2022 -

Statement by Donald J. Trump, 45th President of the United States of America

Today is Fathers day, where we celebrate fatherhood and the influence we have on society. I have been a father to many things in this great country, Trump Resorts, Trump Airlines, Trump Hotels, Trump Steaks, Trump Real Estate, and of course, the great MAGA movement.

My children Eric, Tiffany, Barron, Don Jr., and Ivanka have been lucky to have Trump as their father. I've taught them many great lessons over the years, and because of me, they are very smart. Ivanka, who many people say I would be dating if I weren't her father, played an important role while in The White House, but in the end, she checked out and wasn't looking at the rigged election results. With her brains and her fantastic figure, she will be doing many more great things in a 2024 Trump White House after this witch hunt that is going on, thanks to the radical Democrats, is long forgotten.

So Melania and I wish the fathers of this great nation a happy Father's Day, except for Dick Cheney, the father of Liz Cheney, who is not very smart, and RINO DeSantis, who will never be President.
