This has settled under the radar but WHAT prompted thus odd behavior from an [@msnbc](#) pundit? Looking for original video.

Respect you, Mr. K., but I keep MSNBC at arms length. I was upset when Ms. Ruhle used her huge platform to, in my opinion, attempt to soothe the masses, by calling around to some old Deutsche friends about Jstc. Kennedy's son BEFORE hard investigation had been completed.

ORIGINAL Ruhl video after she "called around" on Son of Kennedy.

I worked on US GAO audit teams for 12 years. This methodology is shady AF!

Especially now that the "informal" calls and commentary by Ruehl ate being USED by The Daily Caller to argue to Trump base that she has "debunked" any claims of link between Deutsche Bank and Justice Kennedy's resignation.
