AND while I was writing that Thread about Path 6, this news item broke. Back in May of 2021, immediately after Trump was asked to return government documents, he flew DOZENS of boxes of contents from Florida to New Jersey. Does this sound suspicious to you? <https://t.co/63gsvkqi8A>

holy fucking shit, on May 6, 2021, NARA asked Donald Trump to return missing documents. on May 9, 2021, Donald Trump was filmed leaving Florida with dozens of boxes, bound for Bedminster. let me repeat this: HOLY. FUCKING. SHIT. why isn't Bedminster being searched right now pic.twitter.com/FKgtPL9OHl
